DBE Commitment and Good Faith Effort Documentation

Ladies and Gentlemen:

Enclosed are Granite Construction Company's (Granite) DBE Commitment Form and Good Faith Effort Documentation for the above referenced project as required by the Project Special Provisions. Directly behind this letter you will find the DBE information showing Granite's DBE participation for the above referenced project.

Granite has achieved 11.9% of DBE participation for this project as outlined in the attached DBE Commitment Form, which exceeds the DBE goal for this project. The attached Good Faith Effort (GFE) documents our efforts to achieve this participation. Some highlights of our efforts on this project include:

1. We made over 82% of all work on the project available to DBEs as shown in Tab 1 of our GFE.
2. We selected Dragon Material Transport to supply the asphalt oil for this project even though they were not the low bidder. Granite added $14,580 to our bid for this portion of the work for the sole purpose of achieving the DBE goal for this project as shown in Tab 3 of our GFE.

Should Granite be awarded this project, we will continue our efforts to achieve DBE participation over the course of the project. We have a proven track record of consistently meeting or exceeding our DBE commitments during the construction of our projects.
