Attn: John C. McMillan, Deputy Division Chief, Office Engineer

Re: Contract #06-432604, Bid Protest

Mr. McMillan:

Please consider this letter to be a formal protest of the bids submitted by Myers & Sons Construction, LP and Viking Construction Company, the first and second low bidders, respectively, in connection with Contract #06-432604.

Myers & Sons expanded the scope of a listed subcontractor after the bid:

Myers & Sons identified subcontractor item numbers after the bid which expanded the subcontractor's scope of work, given the descriptions of work submitted with their bid, as follows:

Papich Construction Company was listed for "LCP, Street Sweeping, Underground, Cold Plane, HMA, AC Dike, Tack Coat, RSP" on the day of the bid. The next day Myers & Sons identified Item 11 Temporary Crash Cushion Module, Item 34, Clearing & Grubbing, Item 35, Roadway Excavation, and Item 43 Class 2 Aggregate Base, as items to be performed by Papich Construction. Items 11, 34, 35 and 43 are clearly not related to the description "LCP, Street Sweeping, Underground, Cold Plane, HMA, AC Dike, Tack Coat, RSP" and, therefore, Myers & Sons expanded the scope of Papich Construction's work after the bid. The value of the expanded work items amount to $206,345.00. Additionally, the day after the bid Myers & Sons took the listed LCP work away from Papich Construction since they failed to identify Item 1, Lead Compliance Plan.

Viking Construction's DBE Commitment Form is not consistent with their subcontractor listing:

Viking Construction identified KRC Safety on the subcontractor listing for Items 2,6,10,11,66 and 67. KRC Safety's price for these items total approximately $77,800. Viking Construction's DBE Commitment form commits Viking Construction to use KRC Safety for only Item #2,66,67 valued at only $3,420. The inconsistency between Viking Construction's subcontractor listing of KRC Safety and their DBE commitment to KRC Safety makes Viking Construction's bid non-responsive, as Caltrans has consistently determined on numerous past bids. Caltrans non-responsive bid notice letters in these cases always quote the instructions on the DBE Commitment form which state in part "...DBE Subcontractors and their respective item(s) of work listed above must be consistent, where applicable, with the names and items of work in the " Subcontractor List" submitted with your bid."

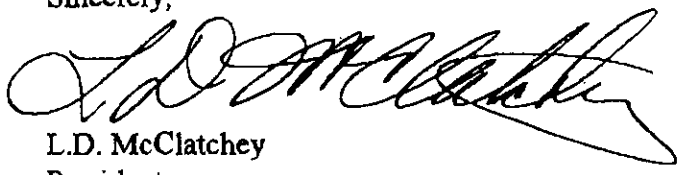
Summary:

Caltrans has consistently found bidders non-responsive on contracts too numerous to list for expanding the scope of listed subcontractors by identifying bid numbers after the bid for items not consistent with the listed description of work as well as for submitting DBE Commitment forms that are not consistent with the Subcontractor Listing.

Given all the above, Caltrans should find the bids of Myers & Sons Construction, LP and Viking Construction Company non-responsive and award this contract to Lee's Paving, Inc.

Please contact the undersigned, should you have any questions or comments.

Sincerely,



L.D. McClatchey
President
