Proposal No.: CA14-506-01LA

Rapid Response Electric

Rapid Response Electric shall install per the following:

Rapid Response Electric will furnish subcontract labor and materials to provide the electrical for your DOT Caltrans project located in Commerce, CA. This proposal is based upon plans and specifications described as Project Plans ID# 0712000272 signed and approved April 29, 2013 and Project Specifications referred to as Bid Book April 7, 2014.

Project Terms and Conditions:

1. We will saw cut asphalt, remove debris, trench, install conduit, and backfill with compaction as needed to install underground conduits at four, (4) locations.
2. Install cable in the existing conduit that runs from the point of service to the PB5 located at the N/W corner of the Bridge and Paving Building.
3. Furnish and install three, (3) vault sensors per the project plans and specifications.

Project Exclusions:

1. No demo of existing electrical. All work performed will be to expand existing electrical or add new electrical only.
2. No power vacuum system. We will install the vacuum system electrical per the plans and specifications.
3. No resurfacing of existing asphalt or concrete. We will saw cut, remove asphalt debris, install underground conduit, and backfill with compaction only.

Underground Obstruction:

If any underground obstacles or obstructions are encountered during excavation, Rapid Response Electric reserves the right to request a change order as required to cover the additional cost needed to remedy any and all possible situations. Obstacles and Obstructions may include, yet not be limited to, large rocks, concrete or wood debris, high ground water, old pipes, conduits or utility lines not called out or detected by "CALL BEFORE YOU DIG" services.
