BID NO. 2014-08
9th STREET SAFETY IMPROVEMENT PROJECT
FEDERAL PROJECT NO. HSIP5449 (025), PROJECT NO. STR11002

This project involves pavement widening and slurry seal along 9th Street between Del Rosa Drive and Palm Avenue, including loop detector replacement, in-roadway warning lights, flashing beacon, signing and striping. Project is located within the City of Highland, in the County of San Bernardino, California.

A pre-bid conference will be held on **Thursday, October 9, 2014** at 10:00 am at the City of Highland, City Hall, 27215 Base Line, Highland, California 92346. This meeting is to inform bidders of project requirements and subcontractors of subcontracting and material supply opportunities. Bidder attendance is recommended.

Pursuant to Federal law, the City of Highland is implementing new Disadvantaged Business Enterprise (DBE) requirements to include all DBEs. The DBE requirements are covered in the Specifications in Section 2, "Proposal Requirements and Conditions": subsection 2-1.02, "Disadvantaged Business Enterprises (DBE)"; and in Section 5, "General": subsection 5-1.5, "Performance of DBEs".

The DBE contract goal for this project is 9%.

This project is subject to state contract nondiscrimination and compliance requirements pursuant to Government Code Section 12990. The City of Highland affirms that in any contract entered into pursuant to this advertisement, DBEs will be afforded full opportunity to submit bids in response to this invitation.

All proposals or bids shall be accompanied by cash or a check payable to the City of Highland, certified by a responsible bank, for an amount which shall not be less than ten percent (10%) of the grand total bid or by a bond for the amount over and above all statutory exemptions, or by a bond of an accredited surety company. The check or bond will be declared forfeited if the successful bidder refuses to enter into a contract within ten calendar days following receipt of the contract from the City.

Bidders are advised that this project is funded with Federal Highway Administration funds. The requirements of the Davis-Bacon Act will apply to this project and those requirements will be enforced. The prime contractor and all subcontractors are required to pay their laborers and mechanics employed under this contract, a wage not less then the minimum wage for the work classification as specified in both the Federal and State wage decisions when the prime contract amount exceeds $2,000. The higher of the two applicable wage classifications, either State prevailing wage or Davis-Bacon Federal prevailing wage, will be enforced for all work under this contract. The prime contractor is responsible for ensuring subcontractor compliance with Davis-Bacon and Related Acts Requirements. The Federal Labor Standards Provisions (HUD 4010) apply to this project. Bidders are required to complete and submit federal forms with their proposal.

In accordance with the provisions of Sections 1770 and 1773 of the California Labor Code, the Director of the Department of Industrial Relations has ascertained the general prevailing rates of per diem wages in the locality in which the work is to be performed. A schedule of prevailing wage rates as published by the California Department of Industrial relations for the types of work to be done is provided with these specifications, is available at City Hall, and is also available at the Department of Industrial Relations web site (www.dir.ca.gov). Federal Prevailing wages are available at www.frwebgate.access.gpo.gov/cg. The Contractor and all subcontractors shall pay not less than these rates. The Contractor shall weekly submit certified payroll records of all workers employed on this project.

Bidders are advised that, as required by federal law, the State has established a statewide overall DBE goal. This city federal-aid contract is considered to be part of the statewide overall DBE goal. The City is required to report to Caltrans on DBE participation for all Federal-aid contracts each year so that attainment efforts may be evaluated. To provide assistance in meeting the statewide goal, the City has established a DBE goal of Nine (9) percent for this project. Bidders need to achieve the goal or demonstrate an adequate good faith effort.

PREVAILING WAGE REQUIREMENTS: Pursuant to California Labor Code Sections 1770, 1773, 1773.1, 1773.6 and 1773.7, as amended, the applicable prevailing wages for this project have been determined. The applicable Federal prevailing wage rates are those that are in effect ten (10) calendar days prior to bid opening; they are set forth on the U.S. Department of Labor website: http://www.wdol.gov/wdol.scaflies/davisbacon/ca33.dvb but are not printed in the Specifications. Hello Julie,

Thank you for the contact.
Please advise if there is anyway I can help you with.
At this time FORE is active in all respects, licenses and registrations, including DBE's etc..
Nevertheless for the time being we have made certain goal evaluations and are not bidding subcontractor construction projects.
Should it be of interest to you we can offer Project Management on all aspects, provided by Carl Javurek, founder and present President of FORE Engineering Construction, Inc. since 1987.

Capabilities can be seen on the company's web page www.foreeng.com and additional later year projects can be emailed to you in case of interest.

Please advise, sincerely,
