Re: Small Business Enterprise Certification

Dear Francisco B. Olivas:

We are pleased to advise you that after careful review of your application and supporting documentation, the Los Angeles County Metropolitan Transportation Authority (Metro) has determined that your firm meets the eligibility standards to be certified as a Small Business Enterprise (SBE) as required under Metro's SBE Program. Your firm will be listed in Metro's SBE database of certified SBEs under the following specific areas of expertise:

NAICS (2007)	Description
237310	Highway, Street, and Bridge Construction
237990	Other Heavy and Civil Engineering Construction
238110	Poured Concrete Foundation & Structure Contractor (Retaining Walls)
541330	Engineering Services
541618	General Management Consultant Service

Your SBE certification is good for five years from the date of this letter and applies only for the above NAICS 2007 codes. Any additions and revisions must be submitted to Metro for review and approval

After the five-year certification period, your entire file will be reviewed in order to ascertain continued SBE certification status. You will be notified of the pending SBE status review and any documentation updates necessary prior to the expiration date.

Also, should any changes occur that could affect your certification status prior to receipt of the renewal application, such as changes in your firm's name, business/mailling address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify Metro immediately.

Metro reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. Your SBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records, and documents by Metro.

Congratulations, and thank you for your interest in Metro's SBE Program. Should you have any questions, please contact us at 213-922-2600. For information on Metro contracting opportunities, please visit our website at www.metro.net.

Cal Trans: 07-2W4704

Subject: **DVBE Good Faith Efforts for 07-2W4704**

To begin the good faith effort, CPO Enterprises Inc. first determined what was needed for the 07-2W4704 project. As a result, CPO Enterprises was going to need the following subcontractors and/or suppliers:

- Construction area signs
- K-rail
- SWPPP
- Crash Cushions
- Alternative Crash Cushions
- Quad Guard Crash Cushions
- Smart Crash Cushions
- Electrical for lighting and sign illumination

Searching the Department of General Services website in regards to DVBE companies that would be able to help CPO meet the goal and also be located in the Los Angeles service area. CPO Enterprises did the following searches:

From obtaining the searches, CPO deleted some companies due to their location out of the service area or through previous correspondence, the DVBE company did not

provide the service. For example, Mr. Fix It Plumbing came up as a company that provides construction signs. However, CPO contacted Mr. Fix It Plumbing on the 07-2W4303 project and they told CPO that they do not do construction signs; therefore, CPO did not contact them.

Next, we sent out **Invitation to Bids** via email. Please see attached emails that were sent out on Thursday, February 20, 2014. We contacted the companies that we sent out emails to see if they were interested in bidding on the project. These calls were made on Monday, February 20, 2014. Refer to Telephone Log.

CPO Enterprises Inc. also contacted local agencies in the area to participate in the bid.
