California Access Scaffold, LLC submits the following bid subject t review of the scope of work with the customer. Any additions or deletions of items in the proposed scope may require a change of the price quoted herein.

Date of Bid: 08/31/15 Our Bid Number: 083115-206

Job Name: Dolores Yard Overhead 07-4Y700
Address: South Alameda and 405 Freeway
Carson, CA 90745

SCOPE

CAS will suspend a 45 psf work platform from overpass girder to blast and paint all steel components. Scaffold will be suspended such that the minimum clearance above rails will be 21'6" per the approved plans. Access to the scaffold platform will be by access stairs or ladder. Customer may have to walk to the access point to access or roll under the girder as necessary.

A walkway 3' to 4' wide will be provided for inspection and for hose placement and containment barrier (by others). Access can be set from the ground up or from the freeway down at the customers request.

CAS will require an estimated 30 days of lane closures of 405 Freeway to allow the scaffold to be handed down to the working areas due to the railroad tracks spanning across most of the bridge length. CAS will work in conjunction with the train flag men during construction. Without the lane closures, CAS cannot get the material to the initial working areas. Thereafter, the equipment will be moved along the walkway until dismantle occurs.
Included in the base proposal are the following:

1. Erection/dismantling of scaffold in 6 phases.
2. A complete Scaffold Plan
3. A complete Safety Plan
4. Double Stamped engineered drawings and calculations
5. Railroad Right of Way Work Plan
6. A Job Hazard Analysis

Bid 083115-206 continued on second page Initialed:_____

All scaffold will be CalOSHA compliant and will be set in accordance with CalOSHA and Union Pacific regulations.

If awarded this project, CAS will negotiate the payment terms prior to the setting of any scaffold including Mobilization and Progress Payments for each Phase (see the SOV). CAS is a non-union company and will not sign any PLA or one time labor agreement with the union.

California Access Scaffold, LLC (CAS) and the Cutomer listed above agrees to the following:

ACCEPTANCE:
This proposal shall be accepted by a person authorized to order sub-contract work to begin including CAS's receipt of this signed proposal or copy of the customer's contract acceptable to CAS which incorporates this proposal as an addendum to the customer's contract.

Acceptance by Customer shall be acceptance of all terms and conditions recited herein which shall supersede any conflicting term in any other contract document.
This proposal is based on rates in effect on the date quoted and is valid for 30 days. Rental rates are specified herein and will be prorated daily thereafter.
This proposal is priced without holdbacks. Temporary services provided by CAS are exempt from retention, and invoices shall be payable in full.
PAYMENT for equipment and work is due within 30 days after date of invoice and is payable in full, without offset, claim or counterclaim, at the CAS address set forth on the invoice. Late payments shall be subject to a finance charge from the date thereof, at the rate of 1-1/2% per month and a bookkeeping and related expense charge of 6% of the balance on the due date of the invoice.
Customer acknowledges CAS may incur additional and related expenses in servicing delinquent payments. Customer shall also reimburse CAS for attorney's fees, court costs and other out-of-pocket costs incurred in collecting any delinquent payments.

CAS will not bond any project, nor will CAS agree to perform, this scope under a Project Labor, or Project Stabilization Agreement that requires signatory status with any Union.

EXTRA CHARGES:
Any Extra Work Authorization or Dry Run Charge will be charged to customer at$102/man-hour on Prevailing Wage projects with a mimimum of 4 hours per man dispatched,
plus a trucking fee of $150. Partial erection or dismantle to accommodate the customer's schedule or preferences

will be billed at a minimum of 4 hours per man dispatched. Material charges shall be added to any extra material required. Any additional job-specifc costs, of which CAS has not been notified prior to award are not included in this proposal and will be an additional charge. These may include owner specific drug testing, safety orientations, security orientations and background investigations, and/or additional safety training over and above the requirements detailed in the CAS Safety Program.
Change order requests will be honored with a work authorization signed by the Customer's representative. It is understood that CAS's claim for payment is not stayed pending resolution of any Customer/General Contractor/Owner dispute.

EXPOSURE TO HAZARDOUS MATERIALS: If equipment provided by CAS has been exposed to any hazardous material, including asbestos, lead or mold, customer must certify equipment is free of hazardous materials before scheduling dismantling. áRent will continue until certification is obtained and dismantling is scheduled. Customer is responsible for dismantling and removing the containment, all tape and cordage.
DELAYS & DISRUPTIONS: Customer (or General Contractor) is to prepare all work areas so as to be acceptable and prepared for work under this agreement. CAS shall not be called upon to start work until sufficient areas are ready to insure continued work and CAS is allowed to have controlled access to the work zone.

SCAFFOLDING ENCLOSURES: Customer assumes all responsibility for any tarping, screening or shrinkwrap installed on CAS products and to insure that all enclosure products are rolled up or removed during high wind conditions exceeding 15 mph.
Tarping or screening may require additional engineering and the installation of additional scaffold ties to the structure.
Written athorization must be obtained from CAS prior to the installation of enclosure products by Customer or others.

SITE REQUIREMENTS: (1) It is the Customer's responsibility to permit only trained scaffold users to work on the scaffolding. (2) Customer shall not allow any user to move or alter the scaffolding in any way. (3) Partially erected scaffold is not to be used until released for use by CAS. (4) Prior to any person using the scaffold, it is the users's responsibility to ensure that the scaffold is safe. Inspections should ensure all bracing is properly connected, all planking is properly placed and secure and all ties are secure. Please refer to the Code of Safe Practices for a complete list.
Customer to provide a firm and level grade appropriate for scaffold installation and will provide suitable crane

and forklift support as needed by CAS at no additional cost to CAS.
The patching of tie and/or anchor holes will be the responsibility of others.
Toeboards will be installed at areas of ingress and egress as per State or Federal Regulations. Full toe-boarding is available at an additional cost.
EMPLOYEE FACILITIES: Toilet and wash facilities will be provided by the Customer.
ELECTRICAL REQUIREMENTS: Unless specified herein, Customer will arrange with the utility authority for all necessary safeguards by shielding or disconnection of powerlines. Times of power cut-off are to be provided to CAS in writing prior to the commencement of work.

PERMITS: All permits, including Street Use Permits, Side-Walk Use Permits, Noise Permits, Night work Permit, and all other permits required are to be obtained by the Customer unless otherwise specified herein.
ROLLING TOWERS: Customer is responsible for ensuring that its personnel engaged in moving rolling towers have read and abide by the Code of Safe Practices for Rolling Towers, that no personnel are on the tower when it is being moved, that all casters are locked before access to the tower is granted and that all equipment is properly in place prior to use. (This includes all toe-boards, proper access, planking and plan braces, diagonal braces and handrails.) The rolling tower base must be a minimun of 1/3 of the standing height.

PERSONAL PROTECTIVE EQUIPMENT: CAS Fall Protection Program including Fall Protection Plan, systems and methods meet all state and federal requirements. The feasibility and proper use of these systems will be at the discretion and direction of CAS's jobsite Competent Person.

SCAFFOLDING USAGE and ALTERATIONS: Customer as Indemnitor does hereby agree, without reservation or qualification, with California Access Scaffold, LLC, herein called Indemnitee as follows for the specific project described herein:
(A) The undersigned Customer shall protect, hold free and harmless, defend and indemnify Indemnitee, CAS, its directors, officers, agents and employees from and against any and all claims, debts, demands, damages (including direct, liquidated, consequential, incidental or other damages), judgements, awards, losses, liabilities, interest, expenses whatsoever kind and nature.

(B) Without limiting the generality of the foregoing, the indemnity and Hold Harmless given above shall encompass injury or death to any person or persons (including agents and employees of Owner, Indemnitee, the undersigned Customer and any other party), damage to the property regardless of location, including the property of the Owner, Indemnitee, any other party and the undersigned Customer

and shall extend to any similar obligations of the Indemnitee undertaken under any contract with respect to the work called for which the Indemnity and Hold Harmless shall apply

(C) The Indemnity and Hold Harmless given above shall include the obligation to reimburse Indemnitee for all defense costs and expenses incurred in any legal actions or proceedings.

(D) The obligations of this section shall apply to the fullest extent permitted by law, regardless of any passively negligent act or omission of the Indemnitee. Customer, however, shall not be obligated to indemnify the indemnitees for liabilities arising from the active negligence, sole negligence, or willful misconduct of the Indemnitees.

(E) At Indemnitee's election, the undersigned Customer shall itself defend Indemnitee in any and all such actions proceedings.

(F) The undersigned Customer binds itself, its partners, successors, executors, administration and assigns to Indemnitee to this Agreement.

(G) In the event that litigations be instituted under the terms and conditions of this agreement, the same is to be brought and tried in the judicial district of the County in which Indemnitee's principal place of business is located. The undersigned Customer waives the right to have suit brought or tried or removed to any other County or judicial jurisdiction.

(H) In the event any provisions of this agreement shall be held to be invalid or unenforceable, the other provisions of this agreement shall be vaild and binding on the parties hereto.

(I) There are no understandings, or agreements except to as herein expressly stated.

AGREEMENT OF RESPONSIBILITY: Customer agrees to ensure that his representatives, subcontractors and all other scaffold users abide by all laws and regulations related to the proper use of scaffolding and will be responsible for its maintenance and control until the scaffold is released for dismantle and removal. Use of the erected scaffolding by Customer expresses a formal acceptance of the installation.

EQUIPMENT LOST OR DAMAGED: Any cost of repair or replacement of Equipment lost or damaged while in the possession of the Customer will be charged the replacement piece-price or hourly for repairs.

 Initialed:_____

BID AND JOBS START NOTIFICATION: Written notice-to-proceed must be given at least 48 hours prior to work performance. CAS will endeavor to accommodate tighter schedules if possible.

ADMINISTRATIVE CHARGES: This proposal is based on non-prevailing wage rates unless otherwise noted below. Contrary information provided subsequent to this proposal will void this proposal and require that it be modified to reflect the added costs.
Customers agrees to indemnify and reimburse CAS against additional labor costs and/or penalties assessed by Project Owner or public agency if CAS begins work on the site prior to being notified of any prevailing wage and/or Project Labor Agreement requirements.

Sorry about the tardy response. Got ambushed on another job.

Here's our proposal to provide a P6 Pro baseline schedule (Level 3) and monthly updates (with narratives) per the Caltrans specifications:

Develop a baseline schedule	$ 1,890
18 monthly updates @ $225 each	4,050
Total	$ 5,940

Not DBE but good price.

Clarifications:
1. Certified provides:
   a. Original estimate for reference.

→ LS.

b. The Schedule of Values for reference.
2. Certified's PM/Superintendent provides detailed construction methodology.
3. All work product is provided electronically.
4. No retention to be withheld from payments.
5. Deduct $4,050 if monthly updates not needed.

Good luck with the bid,

Kim Lloyd

Here's our proposal to provide a Level 3 CPM baseline schedule and monthly updates per the Caltrans specs:

Develop a baseline schedule $ 1,945

225 monthly updates @ $225	7,200
Total	$ 9,145

Clarifications:

1. Certified provides:
   a. Original estimate for reference.
   b. The Schedule of Values.
2. Certified's PM/Superintendent provides detailed construction methodology.
3. All work product is provided electronically.
4. No retention to be withheld from payments.
5. Deduct $7,200 if monthly updates self-performed or not needed.

If you have any questions, please call (916) 425-7680 and speak to Kim Lloyd.

Good luck with the bid,

September 4, 2015

RE: Proposal for WPCP for Caltrans 07-4Y7004, bidding 9/9/15

Dear Prime Contractor,

Thank you for the opportunity to provide a proposal for this project. We provide civil engineering and stormwater management services.

Scope of Work:

A. Prepare Water Pollution Control Program (WPCP)

Prepare a Water Pollution Control Program (WPCP). The document will be prepared in accordance with Caltrans requirements. Water Pollution Control Drawings will be included.

Exclusions: Installation and implementation of water pollution practices, providing a WPC Manager, conducting training, and monitoring, inspection and correcting water pollution control practices are excluded. A WPC Manager, training, monitoring and inspection are available as an additional service upon request.

Fee:

The WPCP will be prepared for a Fixed Fee of the following, with fees billed monthly based upon percent completion:

A. Prepare WPCP (Part of Bid Item No. 7) $ 625

Fees will be due within 30 days of client's receipt of invoice. Late payments beyond 30 days past due can be subject to a 1.5% per month interest charge. Payment arrangements can be made to coincide with any owner to contractor payment installments.

Timing and deliverables:

The WPCP will be provided within 1 week of receipt of authorization to proceed. The document will be provided in hard copy (4 copies) and electronic PDF format.

We appreciate the opportunity to present this proposal. Please feel free to contact me if you have any questions via cell at (707) 628-4219 or at our office number below.

Sincerely,

Robin Tully

Terradyne Proposal No.: **LP153019-J**

Terradyne LAX, Inc. (Terradyne), **a DBE company**, is pleased to present this proposal to Certified Coatings Company (Certified Coatings) to provide Storm Water Pollution Prevention Services for Caltrans Contract No. **07-4Y7004** as required by the Caltrans general permit issued by the State Water Resources Control Board for Order No. 2012-0011-DWQ, NPDES No. CAS000003, National Pollutant Discharge Elimination System (NPDES) Permit, Statewide Storm Water Permit and Waste Discharge Requirements (WDRs) for the State of California, Department of Transportation (Caltrans).

1. Job Site Management:	
1.1. Weekly Inspections	
72 Inspections @ $250.00 each	**$ 18,000.00**
2. Prepare Water Pollution Control Program Plan:	
2.1. WPCP Plan	**$ 950.00**
3. Prepare Water Pollution Annual Report:	
3.1. Annual Report	
1 Report @ $750.00 each	**$ 750.00**

Exclusions

Consulting services relating to any of the following tasks may be completed by Consultant if negotiated under a separate contract for an additional fee; but are presently specifically excluded from this Agreement:

- **BMP procurement, BMP installation and BMP maintenance is not included in Job Site Management**
- Hazardous wastes
- Construction Administration
- Environmental Studies
- All other services not specifically set forth in the above scope of work

COST ESTIMATE

It is proposed that the fee for the performance of the above outlined services not exceed the above stated amounts. If additional work beyond that outlined in this proposal is required, Terradyne can provide additional services on a unit price basis in accordance with our Schedule of Services and Fees. **The cost estimate does not include the procurement, installation or maintenance of Best Management Practices (BMPs) required to be implemented during the construction of this project.**

Receiving Water Monitoring Trigger Reports are listed in the Specs, but not on the bid sheet. It is assumed that if the SWPPP plan is followed, a Receiving Water Monitoring Trigger Report will not be required. If such a report is required, it shall be prepared on a unit price basis in accordance with our Schedule of Services and Fees.

OUR PREVIOUS EXPERIENCE

Our Qualified SWPPP Developer and Practitioner have many years of experience preparing Storm Water Pollution Prevention Plans and monitoring construction sites for Construction General Permit compliance, participated in the planning, development, and execution of numerous private and municipal projects throughout Los Angeles, Orange, Riverside, San Diego and San Bernardino Counties.

COMMENCEMENT OF WORK

Terradyne will proceed with the work upon written authorization.

TIME SCHEDULE

Our current schedule indicates that we could provide a first draft of the Storm Water Pollution Plan as required in the Project Specifications. If this schedule does not meet your needs, please contact us.

We appreciate and thank you for this opportunity to serve you, and look forward to working with you during the design phase.

Respectfully submitted,
Terradyne LAX, Inc.

Attachment: Standard Terms & Conditions

STANDARD TERMS & CONDITIONS

Parties and Scope of Work Terradyne, LLC shall include said company or its particular subsidiary or affiliate performing the work and owners, employees, partners, members, officers, directors and agents. All work including additional work ordered by client shall also be subjected to these Standard Terms and Conditions. If client is ordering the work on behalf of another, Client represents and warrants that it is the duly authorized agent of said party for the purpose of ordering and directing said work. Client shall communicate these Standard Terms and Conditions to each and every third party to whom client transmits any part of Terradyne's work. Terradyne should have no duty or obligation to any third party greater than that set forth in Terradyne's proposal. The ordering of work from Terradyne, or the reliance on any of Terradyne's work shall constitute acceptance of the term of Terradyne's proposal and these Standard Terms and Conditions, regardless of the terms of any subsequently issued document.

Invoicing & Payment Invoices are due and payable upon receipt, unless specific arrangements have been made. Accounts become delinquent 30 days after the invoice date. Any balance remaining unpaid on the account 30 days after the invoice date shall be subject to a finance charge, at a periodic rate of 1.50% per month, which is an annual percentage rate of 18%. Terradyne computes the finance charge by applying the periodic rate to the adjusted balance of your account. Taking the balance owed by the client at the end of the previous billing cycle and subtracting all payments and credits received during the present billing cycle determines the balance. To avoid the finance charge, clients must pay the new balance shown on the billing statement within 30 days following the presentation of the billing. The client will be held responsible for any and all costs related to collections, including attorney's fees.

Confidentiality Inherent in our dealings with clients, as a third party independent consulting engineering company, is the confidentiality of all work performed for any client. All plans and/or reports are submitted for the exclusive use of the client to whom it is addressed.

Prevailing Wages This proposal specifically excludes compliance with any project labor agreement, labor agreement, or other union or apprenticeship requirements. In addition, unless explicitly agreed to in the body of this proposal, this proposal specifically excludes compliance with any state or federal prevailing wage law or associated requirements, including the Davis Bacon Act. Due to the professional nature of its services Terradyne is generally exempt from the Davis Bacon Act prevailing wage schemes. It is agreed that no applicable prevailing wage classification or wage rate has been provided to Terradyne, and that all wages and cost estimates contained herein are based solely upon standard, non-prevailing wage rates. Should it later be determined by the Owner or any applicable agency that in fact prevailing wage applies, then it is agreed that the contract value of this agreement shall be equitably adjusted to account for such changed circumstances. These exclusions shall survive the completion of the project and shall be merged into any subsequently executed documents between the parties, regardless of the terms of such agreement. Client will reimburse, defend, indemnify and hold harmless Terradyne from and against any liability resulting from a subsequent determination that prevailing wage regulations cover the Project, including all costs, fines and attorney's fees.

Reports The significance of the report is subject to the adequacy and representative character of the samples, and the comprehensiveness of the test, examination or surveys. No quotation from our reports or use of Terradyne name is permitted except as authorized by Terradyne in writing.

Samples Sampling and testing is performed in general accordance with applicable standard test methods except when otherwise noted. Samples will be discarded 30 days after completion of the test. Upon written request by the client, Samples will be returned and/ or stored at an agreeable charge.

Property Surveys The location of existing and proposed improvement; wells and/or drain fields are not the result of a property survey. Improvement locations are approximate. It is the property owner's responsibility to define property boundaries and ensure all onsite improvements are located within the platted site and out of inappropriate easements. All separation distances are to be verified prior to excavation.

Representations and Limitations of Professional Liability No representations, expressed or implied, are made or intended by the rendering of consulting services of by the furnishing of oral or written report of the findings and laboratory tests performed. Terradyne makes no implied warranty of fitness for a particular purpose of warranty of merchantability or any other express or implied warranties whatsoever. Terradyne (including its owners, agents and employees jointly) liability for damages, due to breach of contract, professional negligence, or any act or omission arising out of the performance of this Agreement will be limited to a sum not to exceed $10,000 or fee paid whichever is greater, and the amount of the limitation of liability shall include liability for attorney's fees, litigation expenses and costs.

Utilities Terradyne will contact the local one-call public utility locator service and take reasonable precautions to avoid damage or injury to identified underground structures or utilities. Client shall provide any documents necessary or helpful in locating all private underground structures and utilities. Client shall assume responsibility for the accuracy of any information provided. Client agrees to hold harmless, defend, and indemnify Terradyne for any damages to underground structures and utilities, and any damage, injury or death arising directly or indirectly there from, which were not identified on the documents furnished, or by local utility identification agencies.

Delay and Force Majeure Terradyne will be excused for delay in the performance of services under this Agreement if caused by acts of God; inclement weather; acts of utility companies, unions, organized labor, or inspectors; or other unforeseen contingencies; beyond Terradyne's reasonable control.

Indemnification To the fullest extent permitted by law, Client shall hold harmless, indemnify, and defend Terradyne and its owners, partners, members, employees, officers, directors, affiliates, and agents from and against all claims and causes of action for bodily injury, death, property damage, and economic losses that may arise from the performance of services under this Agreement, except where such bodily injury, death or property damage arises directly from the sole negligence, errors, or omissions of Terradyne. Client's agreement to indemnify as stated above in this section includes any indemnifying from, holding harmless for and defending from any liability for claims, damages, attorney's fees, expenses and costs incurred by any third party who asserts a claim against Terradyne in excess of the Limitation of Liability set forth in Limitations of Professional Liability section of the Agreement above.

Consequential Damages Client agrees to waive its rights, if any, to recover from Terradyne and its owners, partners, members, employees, officers, directors, affiliates, and agents any consequential damages incurred allegedly as a result of any acts, errors or omissions arising out of the performance of this Agreement, including the right to recover any lost profits, diminution in value, cost overruns, or delay damages.

Attorney's Fees In the event of any dispute arising out of this Agreement or the performance of this Agreement leads to litigation or arbitration, the successful or prevailing party to any such dispute will be entitled to recover from the other party the party's reasonable and necessary attorney's fees, expenses and costs incurred as a result of the dispute.

Dispute Resolution The parties will attempt to resolve any claim or dispute (whether in contract, tort or otherwise) against the Company, its' agents, employees, successors, assigns or affiliates arising out of or relating to this agreement or the services through mediation utilizing a mutually agreeable mediator, prior to any litigation. Cost of mediation shall be split equally between both parties.

Litigation Support If Terradyne is required by operation of law, subpoena, or other legal process to appear, participate, or give testimony as an expert or fact witness, in any legal discovery, administrative, or court proceeding, as a result of the performance of services under this Agreement, Client agrees to compensate Terradyne pursuant to Terradyne's current fee and rate schedule, and to reimburse Terradyne for all reasonable costs and expenses Terradyne may incur in connection with such activities, including the fees of any attorney Terradyne may retain on its own behalf.

Scope of Work:

1. Water Pollution Control Program
   WPCP will be developed by a qualified QSD, according to the project specifications, construction General Permit. Order No. 2012-0011-DWQ.

2. Weekly Storm Water Inspection and Management of WPCP
   On a weekly basis a Qualified QSP practitioner (CPSWQ, CISEC, CPESC, PE or CESSWI) will identify BMPs installed and BMPs that need maintenance or failed to operate as intended. The Storm Water Inspection Services will also include documentation of corrective actions taken, maintenance of BMPs, and photographs taken during the inspection. The weekly inspections will also include any requirements of the municipality. A copy of the weekly report will be emailed to the project manager.

3. Quarterly Inspections
   On a quarterly basis (March, June, September, December) a QSP practitioner (CPSWQ, CISEC, CPESC, PE or CESSWI) will document the presence or evidence of any non-storm water discharge (authorized or unauthorized), pollutant characteristics (floating and suspended material, sheen, discoloration, turbidity, odor, etc.), and source (If evident). The inspection will include documentation of each drainage area and the response taken to eliminate unauthorized non-storm water discharges and to reduce or prevent pollutants from contacting non-storm water discharges. A copy of the quarterly inspection reports will be emailed to project manager.

4. Annual Report
   An Annual Report will be conducted prior to September 1st for all listed projects. The Annual Report will be performed through SMARTS, assuming the Legally Responsible Person (LRP) links Twining as a data submitter. A copy of the annual report will be emailed to the project manager.

5. Pre- , During, and Post-Rain Event Inspections
   A QSP practitioner (CPSWQ, CISEC, CPESC, PE or CESSWI) will perform, Pre-, during and Post-rain event inspections, conducted prior to, during, and after a storm event forecasted to be 0.5 inches or greater. A copy of the report will be emailed to project manager.

Sorry about the tardy response. Got ambushed on another job.

Here's our proposal to provide a P6 Pro baseline schedule (Level 3) and monthly updates (with narratives) per the Caltrans specifications:

Develop a baseline schedule	$ 1,890
18 monthly updates @ $225 each	4,050
Total	$ 5,940

Clarifications:
1. Certified provides:
   a. Original estimate for reference.

b. The Schedule of Values for reference.
2. Certified's PM/Superintendent provides detailed construction methodology.
3. All work product is provided electronically.
4. No retention to be withheld from payments.
5. Deduct $4,050 if monthly updates not needed.

Good luck with the bid,

RE: Disadvantaged Business Enterprise Certification

Dear Mr. Karanja:

We are pleased to advise you that after careful review of your application and supporting documentation, the Los Angeles County Metropolitan Transportation Authority (Metro) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation (U.S. DOT) Regulation 49 CFR Part 26, as amended. This certification will be recognized by all of the U.S. DOT recipients in California. Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under the following specific areas of expertise that you have identified on the NAICS codes form of the application package:

NAICS (2007)	Description
561612	Security Guards and Patrol Services

Your DBE certification applies only for the above codes. You may review your firm's information in the CUCP DBE database which can be accessed at the CUCP's website at www.californiaucp.org. Any additions and revisions must be submitted to Metro for review and approval.

In order to ensure your continued DBE status, you are required to submit an annual No Change Declaration Form (which will be sent to you) along with supporting documentation. If no changes are noted, then your DBE status remains current. If there are changes, Metro will review to determine continued DBE eligibility. Please note, your DBE status remains in effect unless Metro notifies you otherwise.

Should any changes occur that could affect your certification status prior to receipt of the No Change Declaration Form, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify Metro immediately. Failure to submit forms and/or change of information will be deemed a failure to cooperate under Section 26.109 of the Regulations.

Metro reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. Your DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records and documents by Metro.

Congratulations, and thank you for your interest in the DBE program. Should you have any questions, please contact us at 213-922-2600. For information on Metro contracting opportunities, please visit our website at www.metro.net.

Subject: Caltrans - Dolores Yard Overhead Bridge
Attachments: 07-4Y7004-spec_plans-partial.pdf

Importance: High

Julie,

Reference our phone call this morning, please provide your prices for the following items of work:

1. Waste Water Transportation and Disposal.

   We are required to pressure wash the bridge steel. We will capture the water and pump the water to storage tanks and then thru a filter system.

   The site location(s) will be on either side of the bridge, so access might be tight with a large semi-truck. Water can be collected during day shift when the tanks are full. This would be something that we would have to contact you the day prior.

   Total estimated gallons are 400,000.

2. Spent Abrasive Waste Vacuuming Services.

   We are required to spot abrasive blast portions of the bridge steel. We would require you to furnish a vacuum truck and driver during evening hours when we have lane closures scheduled on the 405 Freeway.

   Your operator will operate the vacuum truck from the deck and our workmen will vacuum the abrasive waste from the temporary platform. The existing paint on this bridge is reported to be lead paint.

   Once the waste generated for that shift is vacuumed, the waste will need to be transported to the site yard location and pumped into vacuum storage bin boxes for final sampling and disposal by others.

   Total estimated tons of abrasive waste is 130 tons.

There is 360 working days figured for this contract. Assume this is 16 months total, of which we think your work will cover a period of 12 months, on and off.

We will require your DIR Number and any DBE Certification that you can provide. This project has a DBE participation goal of 5%.

Any questions, please contact me.

Thank you.

Regards,

Steven Edgar
