Dear Friends:

I am pleased to welcome you to the 10th Annual California Construction Expo.

Los Angeles World Airports continues the exciting work of re-building Los Angeles International Airport (LAX). Over the next decade billions of dollars in construction funds will be expended to improve airfield safety, modernize landside access, upgrade our terminals and concessions offerings and enhance the guest experience. We intend to continue to create and support thousands of jobs for our region as we increase our competitive strength in global aviation.

The California Construction Expo offers participants the unique opportunity to meet with public agencies, design professionals and construction industry leaders to build business relationships and exchange information on the extraordinary challenges we face as our region continues its unprecedented economic growth. Los Angeles World Airports has met those challenges head-on by constructing gates which accommodate larger aircraft, propelling LAX to become the fifth busiest airport in the world with an annual passenger count of over 70 million. Many of the companies participating in this year's Expo played an important role in this achievement.

Los Angeles World Airports is honored to host CalCon Expo 2015.

Sincerely,

Deborah Flint
Executive Director
