REVISED
SUBCONTRACT PROPOSAL

To: Estimator
Project: Caltrans Contract 08-0Q3004 Bid Date: 3/3/2016
Route 138 – San Bernardino County near Hesperia

Prepared By: Anthony Will

Item	Description	Unit	Quantity	Unit Price	Price
71	Furnish Piling (Class 140 Alt. W Mod.)	LF	1,817	$ 22.00	$ 39,974.00
72	Drive Pile (Class 140 Alt. W Mod.)	EA	72	$ 2,775.00	$ 199,800.00
Base Price					***$ 239,774.00***

Our price is based on the following conditions and our general conditions, which are attached.
Terms and Conditions

Included in our proposal are:

1. **Bondable (1.25%) Union Contractor signatory to Pile Drivers and Operating Engineers.**
2. Proposal includes One (1) single crane mobilizations to complete all piling work identified.
3. Driving System Submittal.
4. Pile cut offs and debris disposal, dowel holes cut – Dowels furnished and placed by others.
5. Pile Pre-drilling as may required.

Specifically excluded from our proposal

6. All engineering, excavation, shoring unless otherwise noted, spoil removal, backfill, Dowels, QCP/Third Party Inspection (assume 5 days), drawings, or pile driving records. Truck crane and pile handling equipment access to/between each location. WQCP, Traffic Control, Lighting, K-rail Removal, Noise Monitoring, Vibration or movement monitoring of adjacent structures, Spoil Removal. Etc.
7. Any hazardous waste management, disposal, or liability.

Unless otherwise noted, all terms and conditions in this proposal shall become an attachment (Exhibit "A") to any contract, which references the work in this proposal. In the event of any conflict between any one or more of the provisions in this proposal and the provisions of the Contract, the provisions of this proposal shall supersede and prevail.

GENERAL LIABILITY INSURANCE IS INCLUDED WITH LIMITS OF $1,000,000 PER OCCURRENCE/$2,000,000 GENERAL AGGREGATE/ $2,000,000 COMPLETED OPERATIONS AGGREGATE AND BLANKET ADDITIONAL INSURED ENDORSEMENT WITH WORDING EQUIVALENT TO GC2010 11-85 WHEN REQUIRED BY WRITTEN CONTRACT. TYPE 3 INDEMITY AGREEMENT APPLIES. EXCLUDES ANY WAIVER SUBROGATIONS ON WORKERS COMP. SEE NEXT PAGE OF THIS PROPOSAL FOR SPECIMEN INSURANCE CERT.

CLARIFICATIONS:

1. Contractor to provide monthly progress payments for all completed work in accordance with the bid pricing schedule. Monthly progress payments must be received in full by Super Seal & Stripe no later than 10 calendar days after the Contractor receives payment from Owner for our completed work. Delinquent payments will be subject to the highest interest rate allowed by law.
2. Retainage percentage on monthly progress payments to be no greater than the percentage retained by the Owner on its payment to the Contractor. If Owner reduces the retainage percentages on payments to the Contractor, the Contractor shall likewise reduce the retainage percentage on payment to Super Seal & Stripe. Full retention to be released no later than thirty, (30) days after completion of Super Seal & Stripe's work. Excessive or deliquent retainage will be subject to the highest interest rate allowed by law.
3. Any required Testing, Engineering, Design, Permits, Licenses or Applications, and the like, to be provided by others.
4. Prices are based on Plans & Specifications available at bid time, including all addenda. Any request for work (post bid) under conditions differing from those represented by the Prime Contract Documents, including but not limited to; altered phasing or staging, design changes, modified layout, resulting from plan errors or inaccurate designs, will require payment for additional work to be made to Super Seal & Stripe at an amount agreed upon prior to performing this work. If an amount cannot be agreed upon prior to performing the additional work the amount will be determined using Caltrans Force Account Rates or unit prices established in the bid pricing schedule, or a combination thereof; established in the bid pricing schedule, or a combination thereof; whichever method results in a higher overall payment.
5. Super Seal & Stripe is not responsible for delays caused by and or resulting from activities or non activities of others, including but not limited to, Owner, Contractor, Vendors, Suppliers, other subcontractors and other factors not in direct control of Super Seal & Stripe. For the delays caused by the aforementioned, Super Seal & Stripe will be reimbursed for all direct and indirect costs plus a mark up of forty percent, (40%) or as specified and allowed by the Prime Contract if the delays are caused by the Owner. Super Seal & Stripe will be granted an extension of time to perform its work tantamount to the delays.
6. Super Seal & Stripe requires (15) days notice prior to commencement of any production activity. If any of Super Seal & Stripe's work will be a controlling operation on the critical path of this project, Super Seal & Stripe must be notified in writing prior to execution of the Subcontract Agreement and provided with a CPM schedule which details this work. Failure to provide this information will waive the Contractor's right to recover liquidated damages from Super Seal & Stripe for this work.
7. All changes to the original scope of work proposed extra work must be directed by the Contractor in writing prior to Super Seal & Stripe performing this work.
8. For the purpose of this Subcontract Quotation one (1) move-in is considered to be: a period of consecutive eight (8) hour days of continuous work, not including weekends and holidays. Any discontinuities in this period, other than weekends and holidays, or for our own convenience, will be charged as an additional move-in at the Additional Move-in Charge as quoted herein.
9. Super Seal & Stripe must receive a letter of intent to award us the subcontract no later than (20) calendar days after bid date or this Subcontract Quotation becomes null and void.
10. Super Seal & Stripe is an Equal Opportunity and Affirmative Action employer, that adheres to laws & regulations of Executive order 11246 Sec. 503 as amended of Rehabilitation action 1973 as amended and 4211 (USC) Vietnam Veterans readjustment as amended.
11. If General Contractor or any of its sub-contractors work within Super Seal & Stripes traffic control, the expense will be shared accordinly at Super Seal & Stripe discretion. No advance posting, signing, or Portable CMS is included for Super Seal & Stripe Traffic Control.
12. Pre-Striping pavement preparation, including sweeping & curing compound removals, to be provided by others.
13. Any additional work in excess of the quantities price will be billed at the units. No discounts given for under-runs without prior approval of Super Seal & Stripe.
14. Upon acceptance of this proposal, all terms, conditions and exclusions on all pages of this proposal shall be incorporated into the contract as an addendum.

THIS PROPOSAL EXCLUDES BOND COSTS. CALL FOR BOND RATE.

TERMS AND CONDITIONS OF CONTRACT:

In this agreement Sublet means LMS Transport (LMS) & LMN Incorporated (LMN). Owner means owner and/or any general contractor (customer) and/or agent or owner. This is a proposal per owner's request, not a complete property evaluation.

1. Standard Exclusions: Engineering, Soils Test, Permits, Compaction Test and/or Inspection Fees unless noted.

2. Prices are firm for thirty (30) days from the date of the proposal unless otherwise stated.

3. Owner agrees to indemnify Sublet from any claim or suit for bodily injury or property damage arising from the design construction or installation of speed bumps or wheel stops.

4. Any changes required by owner shall be authorized in writing and paid by owner at Sublet prevailing rates unless quoted and agreed upon in writing.

5. Owner agrees to furnish to jobsite necessary and adequate water supply at owner's expense.

6. Sublet assumes no liability for damage to underground pipes, septic tanks, cesspools or other underground structures; and any extra expense caused by the Sublet by the existence or location thereof shall be charged to buyer.

7. Owner agrees to pay attorney's and court costs in event suit is instituted to collect amounts due Sublet.

8. If work is performed according to owner's specifications of labor and materials, Sublet does not assume responsibility for the defects.

9. If work is to be performed by Sublet to provide labor and material in a workmanlike manner to accomplish the owner's purposes, Sublet agrees to repair or replace any defects of which owner gives notice to Sublet within 5 days after completion of work.

10. Delays or damage caused by building trades other than Sublet not employed by Sublet, shall be owner's responsibility.

11. Sublet shall be responsible for clean-up and removal of Sublet work and materials only.

12. If asphalt compaction tests are required by customer or agency, these must be performed while asphalt is being laid. Tests performed at a later date are not an acceptable method, and we assume no responsibility for those results.

13. Sublet is not responsible for proper drainage.

14. Grades are to be furnished plus and minus one tenth (.10) of a foot with dirt to balance.

15. Jobsite must be accessible to heavy equipment.

16. Workers compensation will be covered by the Owner for the Sublet employees for this project only.

17. Owner agrees to pay sublet, in full, based on the net terms under Inclusions on page 1. If an invoice is not paid within the term, a 3% fee will be assessed to the total, compound monthly. After 30 days, a 5% fee will be assessed to the total, compounded monthly. Signing this contract is the Owners recognition and approval to pay all invoices, in full, within the term.

18. LMS & LMN or Sublet has not notified any underground alert service. All work performed by Sublet for Owner is done with the express understanding that Owner has complied with and accepts all responsibilities and liabilities in and for the requirements of the regional notification center law pursuant to Article 2 (commencing with Section 4216) of Chapter 3.1 of Division 5 of Title 1 of the Government code.

19. ADDITIONAL SHIFTS TO BE CHARGED AT OUR STANDARD RATES ON PAGE 2. The number of shift approved for this quote will be identified under "Inclusions".

NOTICE IS HEREBY GIVEN THAT WORK AND MATERIAL FURNISHED BY Sublet MAY SUBJECT THE PROPERTY ON WHICH SAID WORK IS PERFORMED TO THE LIEN LAWS OF THE STATE OF CALIFORNIA PURSUANT TO SECTION 1193 OF THE CODE OF CIVIL

PROCEDURE OF SAID STATE. CUSTOMER ACKNOWLEDGES THAT HE HAS RECEIVED A LEGIBLE COPY OF THIS PAGE PROPOSAL.

We hereby confirm our acceptance to the terms within this agreement.

ENTERED

Mr. Al Arteaga
Skanska USA Civil West.
1995 Agua Mansa Road
Riverside, CA 92509

Subject: Construction on State Route Highway 138 in San Bernardino County near Hesperia from 1.9 miles east of Route 15 to 0.1 mile west of Summit Post Office Road, Caltrans Contract No. 08-0Q3004.

Dear Mr. Arteaga,

Natural Resources Assessment, Inc. (NRAI) is pleased to provide this proposal for biological services for the Highway 138 Construction Project (project). We propose the following tasks per the Request for Bid (RFB) and accompanying documents:

1. Provide the qualifications of the Contractor-Supplied Biologists (CSB) for review and approval by Caltrans.

2. Prepare a draft Natural Resource Protection Plan for submittal and review to Caltrans. Revise and produce a final Plan for re-submittal to Caltrans for approval prior to the start of construction.

3. Prepare a draft Biological Resource Information Program (Program) for the construction crew on the sensitive biological resources of the project. The Program will identify the need for protective measures required by state and federal law for the project. It will be given prior to the start of construction and as required thereafter for new personnel on the project.

4. Work with your company and Caltrans personnel to identify areas for any construction staging, storage, and batch plant areas that are located outside of the approved right-of-way. Provide monitoring oversight during the installation of protective temporary fencing in these areas.

5. Conduct a Pre-construction biological assessment for sensitive biological resources along the proposed project route.

6. Prepare a Pre-Construction Report on the findings of the Pre-Construction survey for submittal to Caltrans that includes the information identified in the RFB.

7. Provide an Initial Monitoring Report for the project that identifies at a minimum the monitoring requirements for monitoring report submittals. For example, what protected and sensitive resources are present that are within project limits and may need protection.

8. Provide monitors to inspect the temporary protective fencing and ensure the integrity of the fence throughout the project. The monitoring will be conducted on a daily basis.

9. If necessary, prepare an Incident Report within 24 hours of the incident, describing what happened and any corrective measures taken.

10. Prepare a Final Monitoring Report and Annual Monitoring Report on the results of the monitoring activity for submittal to Caltrans and designated state and federal agencies.

11. Act as the qualified biological firm to contact in event of any biology-related issues and make contact as needed to as the California Department of Fish and Wildlife (CDFW) and U.S. Fish and Wildlife Service (USFWS) per the project requirements.

Project Schedule

We have provided an approximate schedule based on the RTB requirements.

1. Within 7 days after Contract approval, submit each biologist's name, resume, and statement of qualifications. Allow 30 days for review. If the submittal is incomplete, the Engineer will provide comments. Within 7 days after receiving the Engineer's comments, update and resubmit qualifications data. Do not start construction activities until the Contractor-supplied biologist is authorized.

2. The Biological Resource Information Plan (Plan) must be submitted within 7 days after Contract approval. Allow 15 days for review. If the submittal is incomplete, the Engineer will provide comments. Within 7 days after receiving the Engineer's comments, update and resubmit the Plan.

3. Notification must be given to the Engineer 7 days prior to the first biological resources protection training classes.

4. The Natural Resource Protection Plan (Plan) must be submitted within 7 days after Contract approval. Allow 15 days for review. If the submittal is incomplete, the Engineer will provide comments. Within 7 days after receiving the Engineer's comments, update and resubmit the Plan.

5. The Pre-construction biological assessment must be conducted after contract award but within 14 days prior to the start of construction.

Proposal Limitations

NRAI's proposal is based on the following:

- The monitoring work period is expected to be Ten Hours (10 hours) per day, Five (5) days per week except for holidays. Any additional hours will be paid on an hourly basis, standard rate.

- Work is to be conducted during daylight hours.

- The Biological Resources Information Program training will take place at the construction site. If held in conjunction with a biological field monitoring day, there will be no additional cost.

- Per the RFB, three full reports are required: One for the pre-construction survey, one initial monitoring report and one at the end of monitoring. There are also monitoring reports to be submitted on a schedule to be determined, but these are part of the monitoring activity.

- All work will be completed within fiscal year 2016 (January through December).

Cost Estimate

Per your request, we estimate the following unit costs:

- **Monitoring Fence Installation:** One Thousand One Hundred Dollars ($1,100) per day.
- **Natural Resources Protection Plan:** Two Thousand Dollars ($2,000).
- **Pre-Construction Biological Survey**: Five Thousand Five Hundred Dollars ($5,500).
- **Pre-Construction Survey Report:** Two Thousand Five Hundred Dollars ($2,500).
- **Biological Resource Information Program Materials**: One Thousand Five Hundred Dollars ($1,500).
- **Biological Resource Information Program Training (in field)**: One Thousand One Hundred Dollars ($1,100) per program training session.
- **Initial Monitoring Report**: One Thousand One Hundred Dollars ($1,100).
- **Regular Monitoring Reports**: Cost is part of the field monitoring.
- **Incident Reports (if needed)**: Five Hundred Fifty Dollars ($550) per report.
- **Regular End-of-Day Fence Check** (part of field monitoring)
- **Project Monitoring:** One Thousand One Hundred Dollars ($1,100) per Ten (10) hour day **for 300 days.**
- **Annual Monitoring Report:** Two Thousand Five Hundred Dollars ($2,500).
- **Final Monitoring Report**: Two Thousand Five Hundred Dollars ($2,500).

The costs provided are based on a time and material basis and will not be exceeded unless the scope of work is amended or without prior authorization, either verbal or written, from you or Caltrans. This estimate is valid for Sixty (60) days from today's date.

If you have any questions, please feel free to contact me at 951 686 4483 or at nrainc@earthlink.net.

Sincerely,

K. Kirtland

Karen Kirtland
President

Description	Qty	Unit	Unit Price	Total
Laminated bearings material is AASHTO neoprene, 55 durometer. Shims are A1011. Standard manufacturers testing and material certification per CalTrans specs will be supplied. PTFE Spherical Bearing Provisions: MATERIAL: ~ Sole Plate - ASTM A240 Type 304 Stainless Steel sheet with #8 mirror finish full perimeter welded to substrate ASTMA709 Grade 36 Carbon Steel plate. ~ Concave Spherical Bearing Plate - LUBRON TF woven PTFE fabric liner permanently epoxy bonded and mechanically locked to ASTM A709 Grade 36 Carbon Steel plate. ~ Convex Spherical Mating Plate - ASTM A240 Type 304 solid Stainless Steel plate with a maximum 16 microinch surface finish. ~ Masonry Plate - ASTM A709 Grade 36 Carbon Steel plate. Anchorage - ASTM A108 Nelson Studs. ORIGIN: All materials will comply with Buy America requirements unless otherwise specified. TESTING: Proof testing for compression and coefficient of friction will be performed within strict accordance of the standard Caltrans Special Provisions. WELDING: Welding shall be performed in accordance with a submitted and approved WQCP. Quality Control oversight and costs of welding operations shall be the responsibility of the contractor, NOT THE MANUFACTURER OR ITS SUPPLIER. PAINTING: All exposed carbon steel surfaces shall be cleaned, dry grit blasted and painted with an approved inorganic zinc coating. A Paint Quality Work Plan (PQWP) shall be prepared in accordance with the Special Provisions "Clean and Paint PTFE Bearings" and submitted for review and approval prior to painting. RESTRAINT: Temporary steel retaining plates will be bolted to the bearing assemblies for shipping and handling as one unit. INSTALLATION: A qualified representative shall be available for witnessing installation of the first bearing and shall be available for advice during any remaining installations. Cost of witnessing installation of first bearing is included in our bid. Every additional visit will incur a $1,100 mobilization charge. ******* JOINT SEAL:			0.00	0.00

GERDAU

General Contractor

March 3, 2016
Estimate #: E16L-014-Rev2

Attn: Estimating

Project: CalTrans 08-0Q3004 Realign Section of State Route 138
Hesperia, CA

Gerdau Reinforcing Steel, hereinafter called Subcontractor, proposes subject to the terms and conditions herein to furnish and/or place concrete reinforcing materials in accordance with the CRSI Manual of Standard Practice and based on the following documents: Drawing Sheets 1 through 212 (Dated 09/11/2015), Special Provisions (12/21/15), Cal Trans 2010 Standard Plans and Specifications, and Addendums 1 through 6 noted.

INCLUSIONS:

1. Furnish, fabricate, and install deformed reinforcing bars for cast-in-place concrete.
2. **Furnish, fabricate and install epoxy coated deformed reinforcing bars for cast-in-place concrete.**
3. Furnish, fabricate, cage and stockpile caisson cages at mutually agreed locations for placing by others (dobies supplied FOB)
4. Ultimate Butt Welded rebar hoops shown in CIDH and Columns.
5. **Supply epoxy coated pile anchor rebar for Bid Item 71, F.O.B. truck jobsite for placing by others.**

EXCLUSIONS:

1. Testing or inspection other than the furnishing of certified mill test reports.
2. Cost of bonds.
3. Hoisting and/or lowering of materials.
4. Smooth dowels, galvanized, form savers, terminators, anchors, bolts, studs, sheathing, sleeves, stud rails, or inserts.
5. Furnish and install of materials for post tension cables.
6. Wrapping, coating, painting, or greasing of dowels.
7. Cutting, drilling, grouting, or dry-packing, and/or placing of grouted dowels.
8. Welding of rebar to rebar; furnishing and/or welding of dowels to structural and/or miscellaneous iron except as noted for Inclusion #3 (Ultimate Butt Welded Hoops).
9. Cost of pour watchman other than during normal 40 hour straight-time work week while Subcontractor is performing scheduled work; standby time for pour watch.
10. Reinforcing for metal stair pans and landings.
11. The setting of pile and caisson cages as well as spacer material and/or placing accessories (reinforcing bars will be assembled in cages and delivered FOB trucks jobsite).
12. Any/all requirements for BIM modeling.
13. Any costs for preparing and/or stamping of shop drawings by an engineer.
14. Splices in reinforcing bars, field bending and/or construction joint dowels for Contractor's convenience.
15. Barrier cable; miscellaneous metals, turnbuckles, etc. for cables.
16. Reinforcing materials in precast items.
17. Performance of change order work when unresolved change order requests exceed five percent (5%) of the contract value.
18. Participation in "Joint Clean-up Crews".
19. Cost of remedial work and/or replacement of materials made necessary by water or flood damage to reinforcing steel following delivery or installation as directed by Contractor.
20. Removal of spoils from footings and small wire clippings caused by normal reinforcing installation

21. Special insurance provisions including Owners/Contractors Protective Liability and Contractors' Pollution Liability. Liability Insurance for the construction of any single family dwelling, townhouse, condominium or multi-tract housing development.
22. Any liability and defense or indemnification obligations associated with the completed work of apartments converted to condominiums, townhouse or housing.
23. Costs, impacts or liquidated damages as a result of material shortages caused by factors or market conditions beyond Subcontractor's reasonable control.

CONDITIONS:

1. Performance shall be based on conventional construction; timely receipt of construction documents and information; and a written schedule, based on a normal 5-day, 40 hour straight-time work week, to which Subcontractor is a party. A minimum of ten (10) working days for detailing and five (5) days for fabrication and delivery of materials is required.
2. Re-detailing and/or estimating resulting from design changes shall be billed at the rate of $75.00 per hour.
3. Subcontractor shall not be required to continue the performance of work considered by the Subcontractor to be outside the scope of the work hereunder unless resolution of Subcontractor's submitted notices and valuation of such previous work is timely (i.e. within 30 days of Contractor's receipt of such notice). No change order work shall be performed when unresolved change order requests exceed five percent (5%) of the contract value.
4. Buyer to provide the following at no cost:
    a. Lines, grades, supporting templates, layout, ramps, sanitary facilities, trash bins, and scaffolding.
    b. Safe access to points of work, including tractor-trailer access to installation locations or to within 25 feet of where materials are to be used or hoisted.
    c. Protection of vertical reinforcing steel where required by safety regulations.
    d. Verification of existing conditions and all field measurements of same for the purpose of shop drawing preparation prior to fabrication of reinforcing steel.
    e. Adequate areas for staging, storage, and pre-assembly of materials.
    f. Traffic control, barricades, lane closures and all related permits.
    g. Electronic drawings.
    h. **Operated crane service** during straight time working hours for unloading of trucks, hoisting and/or lowering of materials to the working levels, adjacent to points of installation, and for setting pre-assembled elements (the use of excavating equipment or other equipment not specifically designed for these purposes shall be strictly prohibited).
    i. Parking for subcontractor's employees
5. In the event either Contractor or Subcontractor institutes a suit against the other in connection with any matter arising from this agreement, the prevailing party shall be entitled to recover from the other its reasonable attorney's fees and costs.
6. In the event the Contractor considers the performance of the Subcontractor to be delaying the progress of the work, Contractor shall provide timely written notification to the Subcontractor.
7. If Subcontractor is directed to proceed with any work in conjunction with this proposal, said direction shall constitute an acceptance of the terms, conditions and exclusions set forth herein and this document shall constitute a formal contract between the Subcontractor and Contractor for the performance of such work. Any contract created hereunder may only be superseded or supplemented by an acceptable written agreement executed by both the Subcontractor and Contractor.
8. Prices are based on commencing work approximately May 1, 2016, with completion of work hereunder by July 31, 2018.

DBE GOOD FAITH EFFORTS DOCUMENTATION

DES-OE-0102.11A (REV 12/2014)

1. List items of work the bidder made available to DBE firms. Identify items of work the Bidder might otherwise perform with its own forces, items that have been broken down into economically feasible units to facilitate DBE participation, and items for which the Bidder has established flexible time frames for performance and delivery schedules in a manner that encourage sand facilitates DBE participation. For each item listed, show the dollar value and percentage of the total contract. The Bidder must demonstrate that sufficient work to meet the goal was made available to DBE firms.

DBE GOOD FAITH EFFORTS DOCUMENTATION

DES-OE-0102.11A (REV 12/2014)

Bidder's Name: Skanska USA Civil West

Contract No.: 08-0Q3004

2. List the names of certified DBEs and all the dates on which they were solicited to bid on this project. Include the items of work offered and the dates and methods used for following up initial and follow-up solicitations to determine with certainty whether the DBEs were interested. Attach copies of solicitations, e-mail messages, telephone records, fax confirmations, etc.

Name of DBE Solicited	Date of Initial Solicitation	Items of Work Offered	Follow Up Methods and Dates

Please see TAB 4 for a list of certified DBE's that were solicited, items of work offered, and the dates and methods used for following up solicitations; and, copies of invitations to bid, e-mail, telephone, and fax confirmations and records.

3. For each item of work made available, indicate whether the Bidder provided plans and specifications specific to the items of work being offered, list the selected firm and its status as a DBE, the DBEs that provided quotes, the price quote for each firm, and the price difference for each DBE if the selected firm is not a DBE. Provide copies of each DBE and Non-DBE quote submitted to the Bidder whenever a Non-DBE firm was selected over a DBE for work on the Contract.

Items of Work	Provided Plans/ Specifications for Work Offered Yes/No	Name of Selected Firm	DBE or Non-DBE	Name of Rejected Firm	Quote ($)	Price Difference ($)

Please see TAB 5 for the enclosed DBE/Non-DBE listing and supporting documentation.

	☐ YES ☐ NO					
	☐ YES ☐ NO					
	☐ YES ☐ NO					
	☐ YES ☐ NO					
	☐ YES ☐ NO					
	☐ YES ☐ NO					

If the firm selected for the item is not a DBE, provide the reasons for the selection on a separate sheet and attach names, addresses, and phone numbers for the firms listed above. Provide evidence as to why additional agreements could not be reached for DBEs to perform work.

STATE OF CALIFORNIA • DEPARTMENT OF TRANSPORTATION
DBE GOOD FAITH EFFORTS DOCUMENTATION
DES-OE-0102.11A (REV 12/2014)

Bidder's Name: Skanska USA Civil West
Contract No.: 08-0Q3004

4. Describe the Bidder's outreach efforts to identify and solicit the interest of all certified DBEs that have the capability to perform the work of the Contract. Provide copies of supporting documents.

Description of Outreach	Dates	Location (if applicable)	Results
Please see TAB 6 for Skanska's outreach efforts and supporting documentation.			

5. Describe the Bidder's efforts made to provide interested DBEs with adequate information about the plans, specifications, and requirements of the Contract to assist them in responding to a solicitation. Identify the DBEs assisted, the type of information provided, and the date of the contracts. Provide copies of supporting documents.

Information regarding access to the plans and specifications was provided in our solicitations. Plans were made available for viewing and copying at our Riverside office from 7:30AM – 5:00 PM daily. We also stated that the plans were available on the Caltrans website and provided the link. Skanska had no specific requests for assistance in regards to the plans or specifications.

6. Describe the Bidder's efforts made to assist interested DBEs in obtaining bonding, lines of credit, or insurance. Identify the DBEs assisted, the type of assistance offered, and the dates. Provide copies of supporting documents.

Skanska's Estimating, Risk Management and DBE Compliance team staff is available during regular business hours to provide requested assistance on bonding, credit and/or insurance questions upon request. Technical assistance is also available upon request. During this outreach and bid process we were not solicited for assistance.

7. Describe the Bidder's efforts made to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE purchases or leases from the prime contractor or its affiliate. Identify the DBEs assisted, the type of assistance offered, and the dates. Provide copies of supporting documents. List efforts made to assist interested DBEs in obtaining bonding, lines of credit, insurance, necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate. Identify the DBE assisted, the assistance offered, and the date. Provide copies of supporting documents.

Should a subcontractor need assistance, the estimating staff is willing to discuss options for services, equipment, materials and will break down scope packages so that DBE's can participate within their means and capabilities. For this bid, no such requests for assistance were made.

8. List the names of agencies and the dates on which they were contacted to provide assistance in contacting, recruiting, and using DBE firms. If the agencies were contacted in writing, provide copies of supporting documents.

On January 11, 2016, Skanska contacted more than 30 Small and Minority Business Development Centers, Chambers of Commerce, Procurement Technical Assistance Centers and Minority Trade Associations notifying them of the bid opportunity and requesting assistance in identifying interested DBE's.
Please see Tab 8 for a complete list of Agencies contacted, and supporting documentation.

9. Include additional data to support a demonstration of good faith efforts.

Skanska USA Civil is committed to the growth and use of small and diverse businesses. We go above and beyond to educate & include SBE, DBE, WBE, MBE, DVBE companies in our outreach efforts. Skanska does this by holding Small Business Academies, which we use to educate small business on how to bid with large primes, how to present themselves with their SOQs, what questions to ask to avoid surprises while bidding & contracting with large primes & introduce them to the requirements that will be expected of them to meet performance standards. We also conduct outreaches to introduce potential small subcontractors to our estimators & advise them of what bidding opportunities are out coming up. We have implemented the use of the internet to start job/bid specific sites that allow small businesses as well as other contractors more direct access to our estimating team and provide scope specific information in a manageable and convenient way. Skanska also assists subcontractors in finding valid contacts and organizations to help them grow their businesses and educate themselves on topics like certified payroll, taxes, insurance, bonding, etc.

NOTE USE ADDITIONAL SHEETS OF PAPER IF NECESSARY.

EMAIL PROOF

Skanska USA is seeking qualified DBE and invites you to bid on the following contract.

PROJECT NAME: State Route 138, Hesperia, CA
BID #: 08-0Q3004
BID DUE DATE: 2016-02-17 at 02:00
AWARDING AGENCY/OWNER: Caltrans
PROJECT LOCATION: Hesperia, San Bernardino County , CA

Skanska is interested in soliciting in Good Faith all subcontractors as well as certified DBE companies for this project. All interested subcontractors, please indicate all lower tier DBE participation offered on your quotation as it will be evaluated with your price. Please call if we can assist you in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies. Skanska will also review breaking out scope packages and adjusting schedules to help permit maximum participation. Plans and Specifications are available for view at our main office in Riverside or on the Caltrans website: http://www.dot.ca.gov/hq/esc/oe/weekly_ads/index.php Quotes requested for contractors, suppliers and service providers include, but are not limited to: Lead Compliance Plan, Construction Area Signs, Traffic Control System, Temporary Traffic Control, SWPPP, Temporary Erosion Control, Temporary Traffic Stripe, Channelizer, PCMS, Temporary Railing, Temporary Crash Cushion, Temporary Hydraulic Mulch, Temporary Soil Binder, Temporary Cover, Temporary Check Dam, Temporary Drainage Inlet, Temporary Fiber Roll, Temporary Gravel Bag Berm, Temporary Silt Fence, Environmental Mitigation-Biological Monitor, Temporary Fence, HMA ,, Cold Plane AC Pavement, Clear & Grub, Develop Water Supply, Dust Palliative, Roadway Excavation, Structure Excavation (Bridge & Retaining Wall), Ditch Excavation, Erosion Control, Plant & Plant Establishment, Hydromulch, Fiber Rolls, Compost, Class 2 AB, , Prime Coat, HMA & HMA Dike, Shoulder Rumble Strip, Tack Coat, CIDH Concrete Piling, Pre-stressing, Structural Concrete, Minor Concrete, PTFE Spherical Bearings, Joint Seal & Joint Seal Assembly, Bar Reinforcing Steel, Aluminum Sign, Roadside Signs, Prep & Stain Concrete, Alternative Pipe Culvert, Temporary Culvert, Corrugated Steel Pipe, Structural Steel Plate Pipe Arch, Entrance Tapers, Welded Steel Pipe Casing (Bridge), Steel Flared End Sections, Rock Slope Protection & Protection Fabric, Misc. Iron & Steel, Metal Fence, Wire Mesh Gates, Forest Service Gates, Milepost Marker, Object Marker, Steel Post Guardrail System, Cable Railing, Transition Railing, Alternative In-Line & Flared Terminal Systems, Concrete Barriers, Sprayable Thermoplastic Striping, Pavement Marker (Retroreflective & Retroreflective-Recessed), Fence Bonding & Grounding, etc.

Please submit scope sheets 3 days prior to bid to allow for proper evaluation. Subcontracting Requirements: Skanska's insurance requirements are Commercial General Liability (GL): $1M ea. occ., $1M personal injury, $2M products & completed operations agg. & general agg.; $1M Auto Liability; $5M Excess/Umbrella and $1M Workers Comp. Endorsements and waivers required are the Additional Insured End., Primary Wording End., & a Waiver of Subrogation (GL & WC). Other insurance requirements may be necessary per scope. Subcontractors may be required to furnish performance & payment bonds in the full amount of their subcontract by an admitted surety & subject to approval by Skanska. Skanska will pay bond premium up to 1%. Quotations must be valid for the same duration as specified by the Owner for contract award. Conditions or exceptions in Subcontractor's quote are expressly rejected unless accepted in writing. Skanska is signatory to the Operating Engineers, Laborers, Cement Masons, & Carpenters Unions. Subcontractors must provide weekly, one original and one copy of all certified payrolls, including non-performance and fringe benefit statements if required by law or by the Prime Contract. Skanska is an Equal Opportunity/Affirmative Action Employer This contractor and subcontractor(s) shall abide by the requirements of 41 CFR 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals on the basis of protected veteran

status or disability, and require affirmative action by covered prime contractors and subcontractors to employ and advance in employment qualified protected veterans and individuals with disabilities. Re: Proposal for SWPPP Report for 08-0Q3004 Realign section of State Route 138, Bidding 02/17/16

Dear Prime Contractor;

SELF PERFORM

I am pleased to submit a bid proposal to provide stormwater pollution services as a **Qualified SWPPP Developer (QSD)/Qualified SWPPP Practitioner (QSP)** for the above mentioned project.

Jahn Engineering is a Disadvantaged Business Enterprise (**DBE**) and State Women Business Enterprise (**SWBE**) (**DBE/SWBE** # 43169). Our **DIR** registration number is 1000034705. My **QSD/QSP** certificate number is 21986 and my California Civil Engineer License is C 60940. We provide professional services only and therefore do not possess a contractor license number.

Please see quotes below for the above referenced project. The SWPPP and Annual Reports will be prepared by a QSD and comply with the project specifications and Caltrans standards.

Bid Item	Item Code	Item Description	Unit	Quantity	Unit Price	Bid Price
13	130300	Prepare Storm Water Pollution Prevention Plan	LS	1	$2,000	$2,000
16	130330	Storm Water Annual Report	EA	3	$450	$1,350
Total						**$3,350**

Fees will be due within 30 days of client's receipt of invoice. Fees will be billed monthly. Late payments beyond 30 days past due can be subject to a 1.5% per month interest charge.

Timing and deliverables:

The SWPPP will be provided within 15 days of authorization to proceed. The document will be provided in hard copy (4 copies) and electronic PDF format.

Thank you for the opportunity to bid on this project.

Sincerely,

AUTHORIZATION TO PROCEED

ALICE AMES JAHN, PE, QSD/QSP

EDUCATION: BS in Civil Engineering, *University of California, Davis*
Certificate in Web Design, *UC Extension, Santa Cruz*

REGISTRATION: Professional Engineering License # 60940, State of California
QSD/QSP Certificate # 21986

QUALIFICATIONS:

- 20 years background in the erosion control field.
- Preparation of over 100 Storm Water Pollution Prevention Plans (SWPPP's)
- Water Quality Control Manager for several Caltrans Highway Construction Projects
- QSP and QSD Inspection for numerous private and public construction sites.
- Excellent communication skills with clients, coworkers, consultants, contractors and City, County and Caltrans staff.

EXPERIENCE:

President, Jahn Engineering, Woodland CA (2015-Present)

- *Owner and Manager* providing professional QSD SWPPP Preparation and QSD/QSP Inspection services.

Senior Project Engineer, Tully Consulting Group, Dixon CA (2011- 2015)

- *Water Pollution Control Manager for Caltrans Vertical Clearance Project on H80 in Auburn*: Prepared the SWPPP and acted as the Water Pollution Control Manager, QSP Inspector and Testing Agent for a Caltrans project which raised the elevations of 8 bridges over H80 in the Auburn area.

- *Water Pollution Control Manager for Caltrans H80 Berkeley Ramps/HOV Lanes project, Berkeley, CA*: Water Pollution Control Manager, QSP Inspector and Testing Agent for a Caltrans project which widened H80 onramps for the creation of HOV lanes.

- Preparation of 100's of other Storm Water Pollution Prevention Plans (SWPPP's) and Water Pollution Control Plans (WPCP's) for private and public projects.

Associate Civil Engineer, Laugenour and Meikle, Woodland CA (2004-2011)

- *Project engineer* for numerous public and private infrastructure projects.

ENGINEERING AWARDS

"Above and Beyond" appreciation award for excellent client service, PSOMAS.

RE: Proposal for SWPPP for Caltrans 08-0Q3004, Bids 2/17/16

Dear Prime Contractor;

Thank you for the opportunity to provide a bid for this work. We provide civil and stormwater engineering services.

Scope of Work:

A. Prepare Stormwater Pollution Prevention Plan (SWPPP).
   - I. Prepare SWPPP per State and contract requirements. Include Rain Event Action Plan (REAP) template, Construction Site Monitoring Plan and Sampling and Analysis Plan where required.
   - II. Prepare Water Pollution Control Drawings as part of the SWPPP.
   - III. Exclusions: Installation and implementation of water pollution practices, providing a WPC Manager, conducting training, and monitoring, inspection and correcting water pollution control practices are excluded. A WPC Manager, training, monitoring and inspection are available as an additional service upon request.

B. Storm Water Annual Report
   - I. Prepare Stormwater Annual Report in accordance with SWRCB and Caltrans requirements.
   - II. Report will be prepared by a Qualified SWPPP Developer (QSD).

Fee:

The SWPPP will be prepared for a Fixed Fee of the following, with fees billed monthly based upon percent completion:

A.	Prepare SWPPP (Part of Bid Item No. 13)	$2,600
B.	Storm Water Annual Report ($500 EA x 3, Bid Item No. 16)	$1,500

Fees will be due within 30 days of client's receipt of invoice. Late payments beyond 30 days past due can be subject to a 1.5% per month interest charge. Payment arrangements can be made to coincide with any owner to contractor payment installments.

Timing and deliverables:

The SWPPP will be provided within 2 weeks of authorization to proceed. The document will be provided in hard copy (4 copies) and electronic PDF format.

Sincerely,

Robin Tully

COUNTY OF SAN BERNARDINO

TERMS AND CONDITIONS OF CONTRACT:

In his agreement Contractor means Hardy & Harper, Inc. and owner means owner and/or any general contractor and/or agent or owner. This is a proposal per owner's request, not a complete property evaluation.

1. Standard Exclusions: Engineering, Soils Test, Permits, Compaction Test and/or Inspection Fees unless noted.
2. Prices are firm for thirty(30) days from the date of the proposal unless otherwise stated.
3. Owner agrees to indemnify contractor from any claim or suit for bodily injury or property damage arising from the design construction or installation of speed bumps or wheel stops.
4. Any changes required by owner shall be authorized in writing and paid by owner at contractor's prevailing rates unless quoted and agreed upon in writing.
5. Owner agrees to furnish to jobsite necessary and adequate water supply at owner's expense.
6. Contractor assumes no liability for damage to underground pipes, septic tanks, cesspools or other underground structures; and any extra expense caused by the contractor by the existance or location thereof shall be charged to buyer.
7. Owner agrees to pay attorney's and court costs in event suit is instituted to collect amounts due contractor.
8. If work is performed according to owner's specifications of labor and materials, contractor does not assume responsibility for the defects.
9. If work is to be performed by contractor to provide labor and material in a workmanlike manner to accomplish the owner's purposes, contractor agrees to repair or replace any defects of which owner gives notice to contractor within 5 days after completion of work.
10. Delays or damage caused by building trades other than contractor not employed by contractor, shall be owner's responsibility.
11. Contractor shall be responsible for clean-up and removal of contractor's work and materials only.
12. If asphalt compaction tests are required by customer or agency, these must be performed while asphalt is being laid. Tests performed at a later date are not an acceptable method, and we assume no responsibility for those results.
13. Contractor is not responsible for proper drainage if grade is less than 2%.
14. Grades are to be furnished plus and minus four hundredths(.04') - No Fine Grade.
15. Jobsite must be acessable to heavy equipment.

NOTICE IS HEREBY GIVEN THAT WORK AND MATERIAL FURNISHED BY CONTRACTOR MAY SUBJECT THE PROPERTY ON WHICH SAID WORK IS PERFORMED TO THE LIEN LAWS OF THE STATE OF CALIFORNIA PURSUANT TO SECTION 1193 OF THE CODE OF CIVIL PROCEDURE OF SAID STATE. CUSTOMER ACKNOWLEDGES THAT HE HAS RECEIVED A LEGIBLE COPY OF THIS TWO PAGE PROPOSAL.

Payment in full upon completion or it is agreed that 1% per month will be charged when account becomes overdue.

ATTN: ESTIMATING DEPT.

We propose to furnish required labor, material and equipment to perform the following described work in a good and workman-like manner.

30. PRIME COAT ..... 43 TN @ $1,000.00 TN

31. HOT MIX ASPHALT (TYPE A) ..... 17,000 TN @ $69.00 TN

64. AC DIKE (TYPE C) ..... 1,000 LF @ $1.90 LF

65. AC DIKE (TYPE E) ..... 1,660 LF @ $1.90 LF

66. AC DIKE (TYPE F) ..... 1,850 LF @ $1.90 LF

67. PLACE HOT MIX ASPHALT (MISC AREAS) ..... 3,890 SY @ $17.50 SY

68. TACK COAT ..... 5 TN @ $800.00 TN

INCLUSIONS:
1. QCQA FIELD & PLANT TESTING
2. LABOR, EQUIPMENT & MATERIAL
3. PRICE BASED ON (3) MOVE-IN
4. $7,500.00 FOR EACH ADDITIONAL PAVING MOVE/SHIFT – 8 HR WORK SHIFT
5. PRICE BASED ON INDEX - H & H TAKES INDEX
6. GRADES TO BE RECEIVED AT +/-.04' - NO FINE GRADE
7. 3 WEEKS NOTICE FOR ALL SCHEDULING
8. DBE PARTICIPATION $180,000.00

EXCLUSIONS:
1. ENGINEERING, PERMITS, BONDS, FEES, INSPECTION FEES, SWPPP, LAYOUT, SURVEY, SWEEPER
2. TEMP AC, SLOT PATCH, MEDIAN PAVING, SAWCUTTING, CRACKFILL, PAVEMENT FABRIC, REDWOOD HEADER
3. TRAFFIC CONTROL, TRAFFIC CONTROL PLANS, SIGNS & CMS BOARD, STRIPING AND SIGNAGE, PCC BACKFILL
4. IMPORT & EXPORT, SUBGRADE REMOVAL & COMPACTION, SUBGRADE PREP, GRADING, FINE GRADING, DEWATERING
5. PROTECTION OF EXST. / LOCATING UTILITIES, UTILITY ADJUSTMENTS, SEAL COAT, SLURRY, WEEDKILL
6. DRAINAGE REQUIREMENTS WITH LESS THAN 2% FALL, PAVEMENT FABRIC REMOVAL, FABRIC & PLACEMENT, TEMP STRIPING
7. TEMP TABS, PROTECTION OF WORK AFTER SHIFT, WATER & SOURCE, WEEKENDS, LIGHT TOWERS, MUST GRINDS, PROFILIOGRAPH
8. HAZARDOUS WASTE, WEATHER DELAYS, PRE-PAVE INERTIAL PROFILING, WATER & SOURCE, WATER TRUCK / BUGGY

TOTAL PROPOSAL AMOUNT: $ 1,296,644.00

This proposal is a two page agreement and is subject to all Terms and Conditions on Page 2.

Riverside, CA 92509

Subject: Construction on State Route Highway 138 in San Bernardino County near Hesperia from 1.9 miles east of Route 15 to 0.1 mile west of Summit Post Office Road, Caltrans Contract No. 08-0Q3004.

Dear Mr. Arteaga,

Natural Resources Assessment, Inc. (NRAI) is pleased to provide this proposal for biological services for the Highway 138 Construction Project (project). We propose the following tasks per the Request for Bid (RFB) and accompanying documents:

1. Provide the qualifications of the Contractor-Supplied Biologists (CSB) for review and approval by Caltrans.

2. Prepare a draft Natural Resource Protection Plan for submittal and review to Caltrans. Revise and produce a final Plan for re-submittal to Caltrans for approval prior to the start of construction.

3. Prepare a draft Biological Resource Information Program (Program) for the construction crew on the sensitive biological resources of the project. The Program will identify the need for protective measures required by state and federal law for the project. It will be given prior to the start of construction and as required thereafter for new personnel on the project.

4. Work with your company and Caltrans personnel to identify areas for any construction staging, storage, and batch plant areas that are located outside of the approved right-of-way. Provide monitoring oversight during the installation of protective temporary fencing in these areas.

5. Conduct a Pre-construction biological assessment for sensitive biological resources along the proposed project route.

6. Prepare a Pre-Construction Report on the findings of the Pre-Construction survey for submittal to Caltrans that includes the information identified in the RFB.

7. Provide an Initial Monitoring Report for the project that identifies at a minimum the monitoring requirements for monitoring report submittals. For example, what protected and sensitive resources are present that are within project limits and may need protection.

8. Provide monitors to inspect the temporary protective fencing and ensure the integrity of the fence throughout the project. The monitoring will be conducted on a daily basis.

9. If necessary, prepare an Incident Report within 24 hours of the incident, describing what happened and any corrective measures taken.

10. Prepare a Final Monitoring Report and Annual Monitoring Report on the results of the monitoring activity for submittal to Caltrans and designated state and federal agencies.

11. Act as the qualified biological firm to contact in event of any biology-related issues and make contact as needed to as the California Department of Fish and Wildlife (CDFW) and U.S. Fish and Wildlife Service (USFWS) per the project requirements.

Project Schedule

We have provided an approximate schedule based on the RTB requirements.

1. Within 7 days after Contract approval, submit each biologist's name, resume, and statement of qualifications. Allow 30 days for review. If the submittal is incomplete, the Engineer will provide comments. Within 7 days after receiving the Engineer's comments, update and resubmit qualifications data. Do not start construction activities until the Contractor-supplied biologist is authorized.

2. The Biological Resource Information Plan (Plan) must be submitted within 7 days after Contract approval. Allow 15 days for review. If the submittal is incomplete, the Engineer will provide comments. Within 7 days after receiving the Engineer's comments, update and resubmit the Plan.

3. Notification must be given to the Engineer 7 days prior to the first biological resources protection training classes.

4. The Natural Resource Protection Plan (Plan) must be submitted within 7 days after Contract approval. Allow 15 days for review. If the submittal is incomplete, the Engineer will provide comments. Within 7 days after receiving the Engineer's comments, update and resubmit the Plan.

5. The Pre-construction biological assessment must be conducted after contract award but within 14 days prior to the start of construction.

Proposal Limitations

NRAI's proposal is based on the following:

- The monitoring work period is expected to be Ten Hours (10 hours) per day, Five (5) days per week except for holidays. Any additional hours will be paid on an hourly basis, standard rate.
- Work is to be conducted during daylight hours.
- The Biological Resources Information Program training will take place at the construction site. If held in conjunction with a biological field monitoring day, there will be no additional cost.
- Per the RFB, three full reports are required: One for the pre-construction survey, one initial monitoring report and one at the end of monitoring. There are also monitoring reports to be submitted on a schedule to be determined, but these are part of the monitoring activity.
- All work will be completed within fiscal year 2016 (January through December).

Cost Estimate

Per your request, we estimate the following unit costs:

- **Monitoring Fence Installation:** One Thousand One Hundred Dollars ($1,100) per day.
- **Natural Resources Protection Plan:** Two Thousand Dollars ($2,000).
- **Pre-Construction Biological Survey**: Five Thousand Five Hundred Dollars ($5,500).
- **Pre-Construction Survey Report:** Two Thousand Five Hundred Dollars ($2,500).
- **Biological Resource Information Program Materials**: One Thousand Five Hundred Dollars ($1,500).
- **Biological Resource Information Program Training (in field)**: One Thousand One Hundred Dollars ($1,100) per program training session.
- **Initial Monitoring Report**: One Thousand One Hundred Dollars ($1,100).
- **Regular Monitoring Reports**: Cost is part of the field monitoring.
- **Incident Reports (if needed)**: Five Hundred Fifty Dollars ($550) per report.
- **Regular End-of-Day Fence Check** (part of field monitoring)
- **Project Monitoring:** One Thousand One Hundred Dollars ($1,100) per Ten (10) hour day for 300 days.
- **Annual Monitoring Report:** Two Thousand Five Hundred Dollars ($2,500).
- **Final Monitoring Report**: Two Thousand Five Hundred Dollars ($2,500).

The costs provided are based on a time and material basis and will not be exceeded unless the scope of work is amended or without prior authorization, either verbal or written, from you or Caltrans. This estimate is valid for Sixty (60) days from today's date.

If you have any questions, please feel free to contact me at 951 686 4483 or at nrainc@earthlink.net.

Sincerely,

K. Kirtland

Karen Kirtland
President

RE: Proposal to Conduct Environmental Consulting Services (Preconstruction surveys, contractor education, and construction monitoring for SR 138, Near Hesperia from 1.9 miles east of Route 15 to 0.1 mile west of Summit Post Office Road [Contract Agency: Caltrans Project # 08-0Q3004], San Bernardino County)

Dear Mr. Mehas:

Gonzales Environmental Consulting, LLC (GEC) is pleased to provide this rate sheet for biological monitoring regarding the SR 138, Near Hesperia from 1.9 miles east of Route 15 to 0.1 mile west of Summit Post Office Road [Contract Agency: Caltrans Project # 08-0Q3004], San Bernardino County project. Service will be provided to the benefit of the following project:

SAN BERNARDINO COUNTY

- SR 138, Near Hesperia from 1.9 miles east of Route 15 to 0.1 mile west of Summit Post Office Road

The client will be responsible for advising GEC of their schedules for each project and, particularly, for any changes that may occur during the process. This proposal establishes a lump sum fee for services. These rates will be effective through February, 2017, unless superseded in writing as a result of future negotiation or changes in the scope of work.

GEC is an Underutilized Disadvantaged Business Enterprise (UDBE) as defined and certified by Caltrans (UCP Firm Number: 36280). GEC is a women-owned business.

ANALYSIS OF WORK EFFORT

Based on the information provided to date, the following efforts need to be undertaken:

Investigation of biological resources of the site by performing the tasks which are detailed below.

phone: 760.777.1621 | fax: 760.771.3698 | 51842 Avenida Diaz, La Quinta, CA, 92253 |
www.gonzalesenvironmental.com

TASK 1: PRE-CONSTRUCTION SURVEY FOR ARROYO TOAD, SOUTHWESTERN WILLOW FLYCATCHER, DESERT TORTOISE, THREE SPINE STICKLEBACK, YUMA MYOTIS, FREETAILED BAT, LEAST BELL'S VIREO, MOHAVE GROUND SQUIRREL & MIGRATORY BIRDS

The pre-construction sweep will be completed by GEC using the required state and federal protocol.

This survey type is recommended for all potential habitats. A Presence-or-Absence Survey equivalent to that described below would be completed for habitats thought to be inside and outside suitable habitat for the arroyo toad, southwestern willow flycatcher, desert tortoise, three spine stickleback, Yuma myotis, free tailed bat, least Bell's vireo, Mohave ground squirrel and migratory birds.

Preconstruction surveys (3 days x 5 biologists) =for the Biological Monitor the total is **$15,000.00.**

TASK 2: EMPLOYEE EDUCATION FOR CONTRACTORS

GEC will conduct an education program for all persons who will work on-site during Project implementation and construction. The program shall consist of a presentation from GEC that includes a discussion of the biology of the Covered Species, the habitat needs of the Covered Species, its status under CESA, and the management measures provided in the 2081 permit. A fact sheet containing this information shall also be prepared and distributed. The Orientation program shall consist of a brief presentation from a person knowledgeable about the biology of the arroyo toad, southwestern willow flycatcher, desert tortoise, three spine stickleback, Yuma myotis, free tailed bat, least Bell's vireo, Mohave ground squirrel, migratory bird and Burrowing Owl, the terms of the permits, the Federal Endangered Species Act (FESA), and the California Endangered Species Act (CESA). The education program shall include a discussion of the biology of the desert tortoise, and burrowing owl, the habitat needs of these species, their status under FESA and/or CESA, and the specific measures that are being implemented during construction to protect these species. In addition, they shall be advised as to the potential impact to tortoises and potential penalties (up to $25,000 in fines per violation and one year in prison) for taking a threatened species. Brochures, pamphlets, or information packets shall be produced which cover the potential sensitive species in the area. These publications will cover topics such as: arroyo toad, southwestern willow flycatcher, desert tortoise, three spine stickleback, Yuma myotis, free tailed bat, least Bell's vireo, Mohave ground squirrel, migratory bird and Burrowing Owl Environmentally sensitive areas (ESA) and Species Protection Areas (SPA), minimizing disturbance of natural areas, disposal, staging and borrow sites and other related issues. GEC will serve as environmental-construction liaison and assist the foreman in discussing the requirements at the contractor's preconstruction conference. Upon completion of the program, employees shall sign a form stating that they attended the program and understand all protection measures. Employee will also receive a sticker and handout.

Employee Education Program $500/training + PowerPoint presentation (assuming 1 presentation) = **$1,000.00**

TASK 3: CONSTRUCTION and COMPLIANCE MONITORING

GEC will serve as environmental-construction liaison in monitoring the construction of the project. A log of all site visits will be kept to document compliance with environmental commitments. GEC shall coordinate potential concerns with the Resident Engineer to ensure compliance with environmental commitments. GEC shall be on-site daily while grubbing and grading are taking place to minimize take of the covered species, to check for compliance with all mitigation and avoidance measures, and to check all exclusion zones to ensure that signs, stakes, and fencing are intact and that human activities are restricted in these protective zones.

Biological Construction and Compliance Monitoring
Task Cost (FULL DAY) $1,000.00/day*

*inclusive of Travel and Other Direct costs. Assumes a maximum of 10hrs/day including travel time. Additional time will result in overtime ($127.50/hr) charges in accordance with State and Federal laws. Total assumes 300 working days per line item 27, item code 030424. Costs are per monitor provided. Depending on how work is staged additional monitors may be required.

TASK 4: NOTIFICATIONS AND REPORTS

- GEC will be the Designated Representative responsible for communications Resource Agencies in compliance with the permits for the project.
- Reports, including Pre-construction ($1,500.00), initial monitoring (S1,500.00), monitoring (Included in monitoring above), incident (if necessary) ($500.00/report), annual ($2,000.00) and final ($2,000.00) will be prepared and submitted to the required agencies.

Reports = $7,500.00

TASK 5: BIOLOGICAL RESOURCE INFORMATION PROGRAM

Biological Resource Information Program includes specifications for preparing and presenting a Biological Resource Information Program to familiarize construction staff with regulated species and related requirements.

Workers must receive Biological Resource Information training before performing on-site work. Workers include laborers, tradesmen, material suppliers, equipment maintenance personnel, supervisors, foremen, office personnel, food vendors, and other personnel.

.

The Biological Resource Information Program includes:

1. Description of regulated species that may be affected by construction
2. Requirements for the protection of regulated species
3. Definition and consequences of "take"
4. What to do when you see a regulated species or a species that looks like a regulated species
5. Permit requirements to touch or move a regulated species
6. Identification of work area and ESA
7. Species Protection Area (SPA) requirements
8. Description of avoidance and minimization measures

9. Natural Resources Protection Plan
10. Description and general ecology of the regulated species
11. Description of specific habitats used by the regulated species and their location
12. Handout to implement species protection measures that describe species, habitats, and actions

Biological Resource Information Program Report $3,500.00

Stickers	**$ 250.00**
Handouts	**$ 500.00 (for 200)**

Total: $4,250.00

TASK 6: NATURAL RESOURCE PROTECTION PLAN

Natural Resources Protection Plan will be prepared and signed by a biologist knowledgeable of the species or habitats discussed and address species protection measures, and closely follow the requirements of the subject project specifications (project specifications). This plan answers and annotates questions written in the specs.

The Natural Resource Protection Plan includes:

Introduction
1.1 List of species and habitats addressed in the plan
1.2 List of protocols for species protection surveys, with full protocols in an appendix
1.3 Protection measures for regulated species likely to occur in the project site
1.4 Protective radius for regulated species encounters
1.5 Implementation plan for protection measures, including monitoring schedule
1.6 Monitoring duties
1.7 Justification for each instance where protection measures and an implementation plan are not necessary for a regulated species
1.8 Schedule for inspecting protection measures
1.9 Schedule for maintaining protection measures
1.10 Schedule for submittal of monitoring reports
1.11 Response plan for instances where regulated species are encountered
1.12 Content and schedule for a Biological Resource Information Program
1.13 Location and schedule of fence installation and removal, with identification of species or habitats to be protected by each ESA and Species Protection Area (SPA)
1.14 Protection measures required within each SPA
1.15 Schedules for pre-construction surveys
1.16 Reference Documents

Natural Resource Protection Plan Report $3,500.00

Total for Line Item 27, Item Code 030424 =$331,250.00* DELETED

*Total assumes 300 working days. Costs are per monitor provided. Depending on how work is staged additional monitors may be required those costs are not included in the line item as we do not know how the project will be staged.

Bidding Assumptions

Cost and schedule estimates are based on our best judgment of the requirements known at the time of the proposal and can be influenced favorably or adversely by Client needs and other circumstances. GEC will endeavor to perform the services and accomplish the objectives within the estimated costs and schedule. However, if the scope of work or schedule changes, GEC, reserves the right to revise costs accordingly.

GEC assumes that, by receipt of notice to proceed, full access to the property will be provided by the Client, including keys to locked gates and advance notice to existing property tenants of our right of entry. GEC shall not be held responsible for work delays or cancellations caused by strikes, accidents, acts of God, delays imposed by the Client, or other delays beyond the control of GEC.

It is assumed that GEC can use and rely on the data and information contained in the project related documents provided by the Client. GEC, will not perform a technical review of these documents, and will not be responsible for the content or accuracy of these studies.

The Client will reimburse GEC for all costs, internal and external, including legal or other contractually related issue fees that are the result of any challenges to the work. These costs are not included in the cost proposal.

Change orders will be issued and signed by the Client and GEC, before starting additional work not provided for in the original proposal. If the Client's authorized representative is not available for a signature, the additional out-of-scope work will not commence until the change order is signed.

Thank you for the opportunity to collaborate with Skanska on this project. If you have any questions regarding this proposal, please call me at (760) 777-1621.

Sincerely,

Teresa Gonzales

"Covarrubias Bros Construction, Special Terms and Conditions are part of this quote"

Covarrubias Bros Construction
Special Terms and Conditions

1. This Covarrubias Quote and Special Terms and Conditions 2/25/2016 shall be included as part of this Contract Bid and shall prevail.
2. **Caltrans MBE No. CCA6266, DIR. No. 0000006662**
3. If bond required add 2.5 % for contract work and change orders.
4. Insurance-Our current General Liability limits are as follows: $1,000,000.00 Each Occurrence; $1,000,000.00 Products/Completed Operations Aggregate; $2,000,000.00 General Aggregate. Also, our current additional insured endorsement is equivalent to the ISO additional insured endorsement CG20 10 11/85. We do not issue waiver of subrogation for workman's compensation unless requested. If this waiver is required, an additional fee will be added to the contract. Indemnification and hold harmless clauses will be limited to that resulting from the negligent acts or omissions of our company, our agents or employees, and our subcontractors, arising out of our performance of work covered on this project. We will not accept a Type I indemnity agreement or provide primary insurance coverage for any additional insured. These terms are a material condition of our proposal and our pricing is predicated on them and they are not negotiable.
5. Any item or items of work may be deleted from Covarrubias Bros quote if requested by General Contractor (G.C.) and agreed to by Covarrubias Bros ***prior to bid time,*** or Covarrubias Bros bid is to be considered as a complete bid per their list of work items. Covarrubias Bros price is based only on items listed in our quote and Covarrubias Bros special terms and conditions.
6. No extra work or change in the work will begin until an agreement on price or time and material basis is given to Covarrubias Bros in the form of a written authorization from G.C.
7. If monthly payments are not made according to California State laws Covarrubias Bros will have the option and right to stop work on this project. G.C. will be responsible for liquidated damages.
8. Attorney's Fees. The G.C. shall pay reasonable attorney's fees and expenses which May be incurred in collection of this contract including the enforcement of any rights afforded Covarrubias Bros under title 15 of the civil code. G.C. and Covarrubias Bros agree to the exclusive venue and jurisdiction of any state court in the County of Orange regarding any matter arising under this agreement.
9. Retention to be five (5) percent after 50% of Covarrubias Bros work in place.
10. No hazardous waste work of any kind or description.
11. G.C.is to supply good construction access to Covarrubias Bros work and not hinder Covarrubias Bros.
12. No engineering, survey, inspection, permits, fees, soil testing, liquidated damages, or Storm water prevention plans or BMP'S No Catch Basin Filters
13. Construction water and sanitary facilities to be furnished by G. C.
14. All dust control, surface water, erosion control to be by G.C.
15. No restoration of any kind or description.
16. No clearing, saw-cutting, removals or haul away trench spoils, concrete washout provide by G.C

Covarrubias Bros Construction
Special Terms and Conditions

-Continued-

17. No traffic control, detours, striping, barricades or K-rail, flagging
18. 1 Move-ins include If more are required **add $2,500.00 each.**
19. All utility relocation work or replacement by G. C.
20. **All pipe work in fill areas to have no more than three (3) foot of cover at time of pipe excavation.**
21. Cold mix to be provided by the G. C. After cold mix is installed G.C. will maintain.
22. Rock Clause.
23. This quote is good for 30 days.
24. Quote Based on LF and Unit Price.
25. All MH'S or Valve Can Area Drains to be set 1 time at rough grade,
26. **GC to provide area for staging onsite and stockpile of excavation materials.**
27. No Trench Paving or Grinding
28. No Catch Basin Stencil or Emblem
