Attention: Contract Awards

Reference: Caltrans 08-1E1004 – Response to Spectrum Bid Protest

Gentlemen,

In response to the Bid Protest by Spectrum Construction Group, Inc. dated July 28, 2016 we hereby submit the following:

Spectrum states that Vance Corporation has not made a "contractually binding commitment to meet the DBE Goal." All of the Subcontractors listed in our DBE submittal were also listed in our electronic bid submission therefore making the commitment to use them contractually binding.

We hereby request that if the contract is not awarded to Beador, that Vance Corporation be selected as the lowest responsive bidder. We appreciate your prompt response to this request.

Please do not hesitate to call me at (909) 355-4333 if you have any questions or need further information.

Sincerely,

VANCE CORPORATION

Bruce Barrie
Project Manager
