Caltrans Contract 08-1F5304
Route 15, San Bernardino County, CA

Gentlemen,

RMA Group is the premier California pavement consulting firm with over 15 years of experience with Caltrans QC/QA projects. Our understanding of the specific approach required to maximize the quality of the materials and workmanship permeates throughout our operations from the field staff to the Quality Control Manager.

We are pleased to present herein a cost estimate for performing Quality Control Testing of the Rubberized Hot Mix Asphalt (RHMA) and Replace Asphalt Concrete Surfacing (RACS) production for the subject project in accordance with the requirements of the special provisions dated March 30, 2015.

The estimated costs presented on the following page are based on:

- 11 regular consecutive weekday 8-hour production shifts of RHMA-G (16,200 tons) – Bid Item 12
- 1 regular consecutive weekday 8-hour production shifts of RACS (500 cy) – Bid Item 11
- Assumed quantity of production shifts is based on approximately 1,500 tons per shift
- Job Mix Formula & Verification testing are assumed to have been completed
- A Technician will be utilized to obtain the required samples per the project special provisions
- If a plant laboratory is required, power will be provided by the production facility
- Data Cores will be obtained in 1 shifts, assuming traffic control is provided – Bid Item 13
- Core holes will be patched by the contractor
- Quality Control Plan
- High Speed Inertial Profiler Testing (optional cost)

Every Project Matters | www.rmacompanies.com

Our costs are based strictly on the construction schedule assumptions presented herein. Any additional testing requested, changes in the construction schedule, or changes to the presented assumptions will affect our costs, which will require that the above estimated costs be revised accordingly. Overtime costs for Saturday and Sunday shifts will be multiplied by 1.4 and 1.7, respectively. If lime treatment occurs on a non scheduled paving day, the required quality control testing for lime treated aggregate will be billed at \$1,250 per shift. If paving exceeds 8 hours per shift, each additional hour will be billed at \$150 thereafter. If a plant laboratory facility is required, the mobilization charge will be \$3,500 and monthly rental will be \$750.

RMA Group does not guarantee the performance of the contractor(s) by performing these services. RMA Group's performance of these services shall not relieve the contractor(s) of his obligation to perform the work in conformity with the drawings and specifications and in a workmanlike manner; shall not make RMA Group an insurer of the contractor's performance; and shall not impose on RMA Group any obligation to see that the work is performed in a safe manner.

Dear Estimator,

Attached is our bid to provide you with Materials Testing, Inspection, and related Quality Control Services for the subject project.

We are currently providing similar services to Caltrans projects all over California. Our facilities and testing staff are accredited by Caltrans. We have the capabilities and equipment to provide all services for this project in-house.

We are a Caltrans and State Certified SBE / DBE (#35308) and are Signatory to Operating Engineers.

We have delineated the entire QC Testing and Inspection Scope into individual services. Services should be evaluated and selected based on your in-house capabilities and the capabilities of materials suppliers.

Should you have any questions, or need a more accurate bid based on your estimated construction schedule or anticipated placement quantities, I hope you will not hesitate to contact me.

Best Regards,

Anthony Scott

ADDENDA ACKNOWLEDGED: 1

1. Cal Stripe Inc.'s subcontract proposal is good for 60 days only. Prices are based on Plans & Specifications available at bid time including all addenda.
2. If this proposal is accepted, it is to be incorporated as an exhibit to the Contract or purchase order. A signed purchase order, or subcontract is required prior to commencement of any work associated with this proposal. A baseline schedule, complete set of plans and specs (including special provisions) will be provided with the subcontract agreement.
3. Contractor to provide monthly progress payments for all completed work in accordance with the bid pricing schedule. Monthly progress payments must be received in full by Cal Stripe no later than 10 calendar days after the Contractor receives payment from Owner. Retention percentage on monthly progress payments to be no greater than the percentage retained by the Owner on its payments to the Contractor. If Owner reduces the retention percentages on payments to the Contractor, the Contractor shall likewise reduce the retention percentage on payments to Cal Stripe. Full retention to be released no later than thirty (30) days after completion of Cal Stripe's stage, phase or permanent work.
4. All changes to the original scope of work or proposed extra work must be directed by the Contractor in writing prior to Cal Stripe performing this work. No extra work or additional work will be performed without written authorization.
5. Any required Testing, Engineering, Design, Permits, Licenses or Applications, and the like to be provided by the Prime, or Owner.
6. If the Prime Contractor requires a bond, the Prime Contractor shall pay for the cost of the bond. Cal Stripe's bond rate is 1.5 %. Calstripe carries \$5,000,000.00 of insurance coverage only. Additional coverage's required by the Prime to be paid by the Prime. Cal Stripe does not carry railroad insurance.
7. For the purpose of this Subcontract Quotation one (1) move-in is considered to be a period of consecutive eight (8) hour days of continuous work, not including weekends and holidays. Any discontinuities in this period, other than weekends and holidays, or for our own convenience, will be charged as an additional move-in at the Addition move-in charge stated below.
8. Traffic control plans are not included. All lane closure requests are to be submitted by the Prime contractor.
9. Cal Stripe requires the work area to be unobstructed by other operations while stripe removal and stripe installation is being performed.
10. A baseline schedule and written notification is required a minimum of 30 calendar days prior to the commencement of work and for each additional move-in.

Additional Terms

A. The following materials and services are included in this quote:	Thermoplastic [yes]	Pavement markers [yes]
Temporary striping [Option]	Thermo / paint removal [no]	Marker removal [no]
Cut temp tabs- 1 set every 24' O.C. only (removal of bases is not included) [x]	PCMS Boards [no]	Survey [no]

B. [1] Total move-ins included in this quote for Permanent striping. Additional move in charge \$ ~~3,500.00~~ea

C. Traffic control IS included in this quote. (# of shifts required to complete our work- approx. 5).

Traffic control when included is for Cal Stripe operations only. All advance posting, detour signage, special advance ramp, lane closure signing, and post & notify for no parking. CMS boards are to be furnished and placed by the Prime.

D. Prime Contractor to provide ETW, centerline and stationing on center every 100 LF prior to move in.

E. Cal Stripe includes the cutting off of the top portion of the temp. tabs. Cal Stripe is not responsible for the remaining portion of the tab, or its base as surface seams do not allow full removal. Cal Stripe is not responsible for tab bases from tabs that the Prime placed and may exist. Any additional tab removal will be paid at T&M

F. Prime Contractor to provide a clean surface swept free from all laitance, and other debris prior to stripe installation.

Dear Mr. Segura:

I am pleased to advise you that after careful review of your application and supporting documentation, the California Department of Transportation (Caltrans) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation's Code of Federal Regulation (CFR) 49, Part 26, as amended.

Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under these specific areas of your expertise and license identified following a comprehensive review of your firm:

NAICS Category Codes	Description
561990	All other Support Services, Flagging, Traffic Control

Work Category Codes	Description
C1200	Construction Area Signs
C1201	Traffic Control

Your DBE certification is recognized solely for the above codes. You may review your firm's information in the CUCP DBE Database, which can be accessed at Caltrans' Web site at <http://www.dot.ca.gov/hq/bep/>. Any additions and revisions must be submitted to Caltrans for review and approval.

In order to assure continuing DBE status, you must annually submit a No Change Declaration Form (which will be sent to you) along with supporting documentation. Based on your annual submission – that no change in ownership and control has occurred – or if changes have

Mr. Segura

Firm Number: 42283

occurred, they do not affect your firm's DBE standing. The DBE certification of your firm will continue until or unless it is removed by Caltrans.

Also, should any changes occur that could affect your certification status prior to receipt of the No Change Declaration Form, such as changes in your firm's name, business/ mailing address, ownership, management or control, or failure to meet the applicable business-size standards or personal net worth standard, please notify us immediately. Failure to submit forms and/or change of information will be deemed a failure to cooperate under Section 26.109 of the Regulations.

Caltrans reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records, and documents by Caltrans.

For information on Caltrans' contracting opportunities, please visit our website at <http://www.dot.ca.gov/hq/esc/oe/>.

Congratulations, and thank you for your continued interest in participating in the DBE Program. I wish you every business success.

Sincerely,

RE: Disadvantaged Business Enterprise Certification

Dear Mr. Jones:

We are pleased to advise you that after careful review of your application and supporting documentation, the Los Angeles County Metropolitan Transportation Authority (Metro) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation (U.S. DOT) Regulation 49 CFR Part 26, as amended. This certification will be recognized by all of the U.S. DOT recipients in California. Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under the following specific areas of expertise that you have identified on the NAICS codes form of the application package:

NAICS (2007)	Description
541340	Drafting Services
541620	Environmental Consulting Services
561990	All Other Support Services (Flagging (i.e. traffic control) services
423990	Other Miscellaneous Durable Goods Merchant Wholesalers (Signs (except electrical) merchant wholesalers)(Reseller)

Your DBE certification applies only for the above codes. You may review your firm's information in the CUCP DBE database which can be accessed at the CUCP's website at www.californiaucp.org. Any additions and revisions must be submitted to Metro for review and approval.

In order to ensure your continued DBE status, you are required to submit an annual No Change Declaration Form (which will be sent to you) along with supporting documentation. If no changes are noted, then your DBE status remains current. If there are changes, Metro will review to determine continued DBE eligibility. Please note, your DBE status remains in effect unless Metro notifies you otherwise.

Should any changes occur that could affect your certification status prior to receipt of the No Change Declaration Form, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify Metro immediately. Failure to submit forms and/or change of information will be deemed a failure to cooperate under Section 26.109 of the Regulations.

Metro reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. Your DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records and documents by Metro.

Item 4 - Describe the Bidder's outreach efforts to identify and solicit the interest of all certified DBEs that have the capability to perform the work of the Contract. Provide copies of supporting documents.

On March 31, 2015 Skanska attended the 2nd Annual High Tech Fair in Long Beach California. Contract 08-1F5304 was listed on our upcoming opportunities hand out. On April 1, 2015, Skanska posted in Caltrans as a Prime Contractor Looking for Help. Skanska posted and published advertisements seeking DBE subcontractors and suppliers, contacted minority and business development agencies for assistance in identifying DBE's for this project. Utilizing the services of DBE Good Faith, Skanska solicited Certified DBE's through fax, e-mail, and telephone calls, and Twitter. In addition, Skanska regularly attends outreach events and conferences where we participate in one-on-one matchmaking sessions, roundtable events, and publish and promote upcoming bid opportunities.

Supporting documentation is attached.

Item 9 - Include additional data to support a demonstration of good faith efforts.

Skanska USA Civil is committed to the growth and use of small and diverse businesses. We go above and beyond to educate and include SBE, DBE, WBE, MBE, and DVBE's in our outreach efforts. Skanska's Small Business Academy program educates and trains small businesses on various aspects of bidding and contracting with LB primes including: SOQ and bid preparation, presentation, and submission; contract performance requirements and standards; what questions to ask to avoid surprises in the bidding and contracting with LB primes. Skanska conducts and attends outreach events in an effort to introduce potential small businesses to our estimating team, and advise them of upcoming bid opportunities. Skanska has implemented the use of the internet to start job/bid specific sites that allow subcontractors, vendors, and suppliers, direct access to our estimating team and provides project specific scope information in a manageable, convenient way. In addition, Skanska offers assistance to subcontractors, suppliers and vendors in the identification of valid local small business agencies, procurement technical assistance centers, and organizations to help businesses grow, receive training in areas such as certified payroll, taxes, insurance, bonding, safety, certification, etc.
