RE: Proposal for WPCP for Caltrans 10-0G3504, bidding 10/23/13

Dear Prime Contractor,

Thank you for the opportunity to provide a proposal for this project. We provide civil engineering and stormwater management services.

Scope of Work:

A. Prepare Water Pollution Control Program (WPCP)

Prepare a Water Pollution Control Program (WPCP). The document will be prepared in accordance with State and local requirements. Water Pollution Control Drawings will be included. Exclusions: Required BMP's, monitoring, site inspection and testing will be the contractor's responsibility.

B. Provide Water Pollution Control Manager (QSD/QSP), 1 day per week

- I. Provide Water Pollution Control Manager (WPCM) with appropriate QSD and QSP certification.
II. Provide inspection 1 day per week of stormwater BMP's and oversee BMP implementation.
III. Provide quarterly non-stormwater monitoring inspection.
IV. Check NOAA weather forecast daily.
V. Provide stormwater inspection reports once a week, such as CEM2030, CEM2034, CEM2035 and CEM2040 forms.
VI. Prepare WPCP Amendments as needed.
VII. Provide initial SWPPP training to contractor's staff and subcontractors at beginning of job.
VIII. Exclusions; Does not include any onsite sampling or lab testing if there is an event that triggers non-stormwater, non-visible pollutant or other testing. Assumes contractor's staff can provide the daily, pre-storm, during storm and post-storm visual BMP rain event inspection to reduce costs unless otherwise contracted for.

C. Provide QSD/QSP for Pre-Storm, During Storm or Post Storm Inspection

- I. As part of a turn-key service, we can also provide all the pre-storm, during storm or post storm inspections. These inspections would be done or overseen by a QSD or QSP. A Pre-storm inspection is required when there is a 50% or more chance of rain. During storm inspections are required daily during extended rain events. Post storm inspections are required after a qualifying rain event with 0.5" or more of rain. This proposal item would be for inspections that would be required above and beyond the weekly inspection in proposal Item B above.

Fee:

The WPCP will be prepared for a Fixed Fee of the following, with fees billed monthly based upon percent completion:

A. Prepare WPCP \$ 650

The following services will be provided on a Time and Materials/Not to Exceed basis as needed:

B. Provide Water Pollution Control Manager (QSD/QSP) \$ 500 per week

ROBIN@TULLYGROUP.COM

Civil Engineering and Stormwater Solutions

\$125/hr x 4 hours = \$500/week x 74 weeks = \$37,000 Not to Exceed

This based on the project lasting 74 weeks.

C. Provide QSD/QSP for Pre-Storm, During Storm or Post Storm Inspection \$ 375 EA

\$125/hr x 3 hours = \$375 per visit

For quantity purposes, we estimate no more than 20 events

\$375 per visit x 20 visits = \$7,500

This based on the project lasting 74 weeks.

Fees will be due within 30 days of client's receipt of invoice.

Timing and deliverables:

The WPCP will be provided within 1 week of receipt of signed contract. The document will be provided in hard copy (4 copies) and electronic PDF format.

We appreciate the opportunity to present this proposal and if you have any questions please feel free to contact me at (707) 628-4219. If this proposal is acceptable, please sign below authorizing us to begin work and return via fax to (707) 471-0318.

Sincerely,

GRINDING JOB AGREEMENT

The prices set forth above are based on the following assumptions and are subject to change under conditions set forth below.

- 1) All areas to be ground shall be clearly marked by the General Contractor or Inspector before grinding operation starts.
- 2) A minimum daily rate is any part of an 8 hour day and overtime will be charged for work done other than a regular weekday shift.
- 3) A minimum of two weeks notice is requested to schedule move in. Machines are on a first come first served basis subject to availability. A 72 hours notice of change in schedule is requested.
- 4) Modification to the work may require a change in the quote.
- 5) Unless otherwise indicated the unit prices are based on ABSL performing all the work included on the proposal. If ABSL does not receive a contract for all the work, the unit prices are subject to adjustment.
- 6) The unit prices are based on the estimated quantities in the bid proposal. If the quantity of the item changes by 25% or more the unit price is subject to equitable adjustment.
- 7) Prices are good for 30 days of the date of this proposal, after that date the prices are subject to adjustment.
- 8) Downtime for equipment becoming stuck in wet or muddy sub-grade conditions will be charged at a stand-by time rate until removed. Additional equipment required for removal will be charged at a time and materials basis.
- 9) This proposal to be attached and made part of any and all resulting contracts.
- 10) The above price does not include permits, fees, bonding, state or local taxes.
- 11) This is a proposal only for the purpose of establishing a price for work as outlined. In the event ABSL is the low bidder a formal contract or PO suitable to both parties shall be prepared and fully executed.
- 12) Repairs of damage to ABSL equipment due to unmarked or buried obstructions; i.e. valve boxes, manholes covers, concrete, steel fence posts, steel pipe or excessive depth asphalt will be billed at time and material for repairs
- 13) Backcharges to ABSL must be communicated by contractor in a written notice within 72 hours from the time of occurrence for backcharges.
- 14) Items not specifically included are considered to be excluded. If you have any questions please call.

Thank You,

Todd Wheeler

REQUESTING SUB-BIDS ON ALL TRADES
From Qualified Subcontractors & Suppliers Especially if DBE Certified
DBE GOAL: 18.8%, for the following Project:

**UPRR GRADE CROSSING AT RIVERSIDE AVENUE
CITY OF RIVERSIDE, PROJECT #7185
BID DATE: OCTOBER 30, 2013
Please respond by October 29, 2013**

A two-span grade separation structure (Riverside Avenue Underpass) will be constructed by depressing the existing Riverside Avenue roadway surface by about 25 feet below the UPRR tracks. The bridge will carry the UPRR tracks over Riverside Avenue and will be about 90 feet long measured along the centerline and about 60 feet wide. Multiple retaining structures will be constructed along the length of the depressed roadway to support the excavation side walls. Nine different retaining walls will be used throughout the project including 24 inch diameter Cast-in-Drilled-Hole (CIDH) secant pile walls, 48 inch diameter CIDH secant pile walls, Cast-in-Place (CIP) and masonry block cantilever retaining walls, soldier pile walls and gravity walls for temporary shoring. Figure 2 shows the location and wall type for the different retaining walls proposed on the project. A drainage system will be constructed below Riverside Avenue to prevent ponding of surface runoff on the depressed roadway. The drainage system consists of a double Reinforced Concrete Box (RCB) structure beneath the southbound lanes of Riverside Avenue. The double RCB structure will drain to a pump station in the southwest corner of the intersection of Riverside Avenue and the UPRR tracks via a RCB transition structure. New pavement will be constructed for the proposed depressed Riverside Avenue and portions of Tipperary Way, Elizabeth Street and the new private property entrances.

TRANSPORTATION

Office of Business & Economic Opportunity

The California Department of Transportation (Caltrans), Office of Business & Economic Opportunity (OBEO) is dedicated to increasing the participation of small business (SB), disadvantaged business enterprise (DBE), and disabled veteran business enterprises (DVBE) firms in both Federal and State contracting and procurement.

The OBEO ensures non-discrimination in the execution of contracts and promotes positive external customer relations.

In addition, the OBEO ensures Caltrans employees' work environment is free of discrimination and reflects the diversity of California's workforce.

DBE Supportive Services Contracts

The DBE/Supportive Services (DBE/SS) contracts for Northern and Southern California were recently awarded to GCAP Services, Inc. (GCAP), and we are working with GCAP to finalize the training curriculum and schedules. GCAP has drafted a needs assessment survey form that will be available soon. Issues identified through the needs assessment survey form will help us fine tune the curriculum so that the courses we offer address current barriers to DBE business growth and DBE utilization in Caltrans contracts.

Contract 88A0087 covers Northern California, Districts 1-4, and contract 88A0088 covers Southern California, Districts 7, 8, 11, and 12. The DBE/SS contracts will offer technical assistance and training to certified or potential DBEs at no cost; however, each potential participant must complete the needs assessment survey form in order to participate in the DBE/SS program.

Caltrans District Small Business Liaisons should receive training schedules for both contracts before the end of this month and will email these schedules to their distribution lists. These schedules will also be posted on the OBEO website. At this time, we plan to deliver some courses both in the classroom and online.

GCAP is working diligently to implement these DBE/SS contracts as quickly as possible, and we shall provide updates regarding website development, outreach schedules, etc., as soon as details become available. Updated 8/6/2013

Find A Certified DBE Firm

The Disadvantaged Business Enterprise (DBE) Database contains information on certified DBE firms and is updated daily. To ensure that the database has the most current DBE's contact information regard your firm, please email the Office of Business and Economic Opportunity, Certification Office at DBE_Certification@dot.ca.gov.

Use the following database query form to find certified DBE firms for solicitation to meet DBE goal and contracting requirements. The entire Unified Certification Program (UCP) Database can be download by selecting the "Start Search – Export Options" button on the query form. The export feature allows you to download data in Excel, XML, PDF and CSV formats.

Important note regarding Commercially Useful Function (CUF): Per DBE regulation 49 CFR 26.73 et seq, consideration of whether a firm performs CUF is NOT reviewed when making decision to certify firms as DBEs. Certification is based primarily on the disadvantaged owner proving that he/she can own and control a firm engaged in the primary activity it is being certified for. It is therefore imperative that prime contractors complete their own due diligence regarding CUF before committing and hiring firms listed on this directory. For details, review the regulation here: <http://bit.ly/Myih1u>

NOTE: Please note that the California UCP (including Caltrans) will stop issuing DBE Certificates as evidence of certification from August 1, 2013. A copy of a printout from the DBE Database should be sufficient proof of a firm's certification. Prime contractors should not impose on DBE firms to include a certificate in their bid packages – it is not required. If you have any questions or need further verification regarding a DBE firm, please call our office (916) 324-1700, or the DBE's certifying agency.

You may need to upgrade your Browser to view/download this

The Work Codes supplement NAICS Codes that are used by the UCP during DBE certification process. It is classification scheme of equivalent detail and specificity, describing work a DBE firm states it can perform, whether on initial certification or when a new type of work is added to an existing certification.

These codes provide a general overview of the process used to determine code assignment, which in part includes taking into consideration the description of work and the licenses which may be necessary to prove control of the business.

The template is not an all encompassing list of work DBE firms perform and should be used as a guide only. Certified DBE firms can always request their certifying agency (any time) to review their business activities and add or remove codes as and when necessary.

Should you have suggestions or concerns regarding the work code template, please send those to us at DBE_Certification@dot.ca.gov.

What is the CUCP?

The California Unified Certification Program (CUCP) provides "one-stop shopping" certification services to small, minority and women businesses seeking to participate in the United States Department of Transportation (USDOT) Disadvantaged Business Enterprise (DBE) Program. Certification services are offered to businesses seeking to obtain either DBE or airport concessionaire disadvantaged business enterprise (ACDBE) status.

As mandated by USDOT in the DBE Program, Final Rule 49 Code of Federal Regulations (CFR), Parts 23 and 26, all public agencies that receive USDOT federal financial assistance must participate in a statewide unified certification program. These public agencies, commonly referred to as "recipients" of USDOT funds, include municipalities, counties, special districts, airports, transit agencies, and the State Department of Transportation (Caltrans).

The California Unified Certification Program (CUCP) went into effect on January 1, 2002. It is a "One-Stop Shopping" certification program that eliminates the need for a DBE or ACDBE firm to obtain certifications from multiple agencies within the State. A business certified as a DBE or ACDBE through the CUCP is automatically accepted by all USDOT recipients in California.

The CUCP is charged with the responsibility of overseeing the certification activities performed by various certifying agencies, and compiling and maintaining a single Statewide database of certified DBEs. The Database is intended to expand the use of DBE and ACDBE firms by maintaining complete and current information on those businesses and the products and services they can provide to all USDOT recipients in California. Select the "Database" link on the top to access the Statewide database.

The CUCP certifying agencies are responsible for certifying DBE firms. You only need to apply for DBE certification at one agency. If your firm meets the General Criteria for DBE certification as provided on the Application Package, submit your completed application, along with the requested documentation, to one of the Certifying Agencies serving the geographical area where your firm has its principal place of business.

IMPORTANT NOTE ABOUT DISCONTINUANCE OF DBE CERTIFICATES

Please note that effective **August 1, 2013**, the California UCP (including Caltrans) is no longer issuing DBE Certificates as evidence of certification. A copy of a printout from the DBE Database should be sufficient proof of a firm's certification. Prime contractors and awarding agencies should not impose on DBE firms the burden of providing a DBE certificate in their bid packages - it is not required.

Disadvantaged Business Enterprise Firm Search

Wed Oct 23 15:02:30 PDT

Enter one or more search criteria. (You do not have to enter data for every search option listed.)
 Hold down the CTRL key to select more than one item for a single criteria. Click Start Search to begin.

NOTE: To export all certified firms, click on the Start Search - Export Options button. Do not select or enter any search criteria.
WARNING: If you select or enter a large number of search criteria, the Export function will fail. To export desired data, you will need to run multiple queries.

Please Note: DBE Certificates do not expire - firms that do not continue to meet DBE criteria are decertified and removed from the database.
 For Bidders: It is recommended that when making a query to locate certified DBEs for subcontracting opportunities, your search include, at minimum, "Work Categories" and "NAICS Categories."
 NEW Work Code C8715 - Consultant, Engineering, has been added (only disadvantaged owners holding an engineering license qualify for this code); Work Code C8700 - Consultants, has been re-classified as Consultants, Non-Engineering.
