**GRINDING JOB AGREEMENT**

The prices set forth above are based on the following assumptions and are subject to change under conditions set forth below.

- 1) A minimum daily rate is any part of an 8 hour day and overtime will be charged for work done other than a regular weekday shift.
- 2) Modification to the work may require a change in the quote.
- 3) Unless otherwise indicated the unit prices are based on ABSL performing all the work included on the proposal. If ABSL does not receive a contract for all the work, the unit prices are subject to adjustment.
- 4) The unit prices are based on the estimated quantities in the bid proposal. If the quantity of the item changes by 25% or more the unit price is subject to equitable adjustment.
- 5) All teeth over one complete set will be charge to the contractor.
- 6) Prices are good for 30 days from the date of this proposal, after that date the prices are subject to adjustment.
- 7) In the event there is an increase in the cost of fuel of more than \$0.50 per gallon during the performance of this contract, ABSL will be entitled to a \$75.00 per day fuel surcharge. The base cost of fuel shall be established on the bid date of the contract by reference to the Weekly Retail On-Highway Diesel Prices for California, as published by the U.S. Department of Energy on its web site at [www.tonto.eia.doe.gov/oog/info/wohdp/diesel.asp](http://www.tonto.eia.doe.gov/oog/info/wohdp/diesel.asp).

- 9) Downtime for equipment becoming stuck in wet or muddy sub-grade conditions will be charged at a stand-by time rate until removed. Additional equipment required for removal will be charged at a time and materials basis.
- 10) This proposal to be attached and made part of any and all resulting contracts.
- 11) The above price does not include permits, fees, bonding, state or local taxes.
- 12) This is a proposal only for the purpose of establishing a price for work as outlined. In the event ABSL is the low bidder a formal contract or PO suitable to both parties shall be prepared and fully executed.
- 13) Repairs of damage to ABSL equipment due to unmarked or buried obstructions; i.e. valve boxes, manholes covers, concrete, steel fence posts, steel pipe or excessive depth asphalt will be billed at time and material for repairs.
- 14) Backcharges to ABSL must be communicated by contractor in a written notice within 72 hours from the time of occurrence for backcharges.
- 15) Unless otherwise agreed to in writing prior to start of work, payment is due and payable within 30 days of billing, and no retention to be withheld on payments.
- 16) All utilities within mill grade are to be located and marked by customer. It is the sole responsibility of the lessee or renter (customer) to follow the requirements of the regional notification center law pursuant to Article 2 (Commencing with Section 4216) of Chapter 3.1 of Division 5 of Title 1 of the California Government Code. Customer assumes sole responsibility for, and all subsequent liabilities coincident with following the requirements of the regional notification center law. Furthermore, customer agrees to be responsible for all damage to both utilities themselves and to our company's equipment by reason of ABSL equipment encountering unmarked utilities.

## Prices are subject to the following terms and conditions:

Haul only pricing is based on the customer's direct purchase and scheduling with the material supplier or dump site.

Delivered pricing includes scheduling, costs of materials, applicable tax and cost of trucking (tonnage rate conditions will apply).

Tonnage/Per Load rates will include the following conditions:

- Transfers are allotted 15 min. to load/20 min. to dump, end dumps and bottom dumps are allotted 15 min. to load/15 min. to dump; time exceeding the allotted time for each truck will be billed at a rate of \$1.50 per minute. If the standby time exceeds 30 minutes that truck will be billed at the applicable hourly rate.
- Flatbeds are allotted 1 hour to load and 1 hour to unload; if loading/unloading exceeds allotted time the truck will be billed at the applicable hourly rate.
- If the supplier or material changes during a shift the shift will be billed hourly.
- If the delivery site changes the shift will be billed hourly.
- Partial shifts will also be billed hourly.
- For work performed under this tonnage rate agreement on weekends or holidays, an additional 5% will be charged per ton.
- For work performed under this tonnage rate agreement after December 31, 2015 the rates are subject to a 5% cost of living increase.

General Hauling Terms: For flatbed hauling, where the starting location is more than 1 hour from our hub in Rancho Cordova, CA, travel time will be billed for the time in excess of 1 hour it takes to travel to the starting location and billed at the applicable hourly rate. All trucks charge back to their original starting location empty. We reserve the right to refuse to haul material that we deem either unsuitable for the truck requested or material such as open grade/rubberized asphalt.

All prices quoted are subject to fuel increases. A copy of our Fuel Surcharge Assessment is attached. There is a four (4) hour minimum charge per truck. For night work there is an eight (8) hour minimum charge per truck. There is a two (2) hour show-up time charge per truck if the job is cancelled and the truck(s) have already shown up on the job site. Payments for invoices are due within thirty (30) days of the invoice date. All prices are for work performed through December 31<sup>st</sup> 2015. For work performed after December 31<sup>st</sup> 2015 the rates are subject to a 5% cost of living increase. Prices quoted are good for a period of thirty (30) days from the bid date.

## Fuel Surcharge Assessment:

A fuel surcharge is assessed when fuel prices reach \$3.50 per gallon as reported by the U.S. Energy Information Administration. The fuel surcharge is 1% for every \$0.10 increase in fuel prices, or portion thereof. The breakdown is as follows:

Diesel price \$/gallon	% increase to hourly/tonnage rate
\$3.50 - \$3.599	1%
\$3.60 - \$3.699	2%
\$3.70 - \$3.799	3%
\$3.80 - \$3.899	4%
\$3.90 - \$3.999	5%
\$4.00 - \$4.099	6%
\$4.10 - \$4.199	7%
\$4.20 - \$4.299	8%
\$4.30 - \$4.399	9%
\$4.40 - \$4.499	10%
\$4.50 - \$4.599	11%
\$4.60 - \$4.699	12%
\$4.70 - \$4.799	13%
\$4.80 - \$4.899	14%
\$4.90 - \$4.999	15%

\*\$5.00 and above add an additional 1% for each \$0.10 increase in price per gallon.

Fuel prices are checked weekly and any increase is based on the weekly retail on-highway diesel prices found at: [www.eia.doe.gov/oog/info/wohdp/diesel.asp](http://www.eia.doe.gov/oog/info/wohdp/diesel.asp).

All fuel surcharges will be billed separately. After the assessment of the fuel prices at the end of the week, if a surcharge is applicable, a bill for the surcharge would be generated based on the hours worked within that week.

A signed work/purchase order constitutes acceptance of these terms.

Thank you,  
Jennifer Gemignani
