ASSUMPTIONS

1. Job Site Management assumes a project duration of 150 days (field work), or 30 weeks of on-site field work. If the actual construction duration is less (or more), the Prime may multiply the number of field weeks by \$395.00.

$$30 \text{ weeks} \times \$395.00/\text{week} = \$11,850.00$$

This is a weekly rate for Veridico to conduct a half-day per week site visit to document required WPCP compliance; Caltrans forms 2030 and 2034 completed by or under the direction of a QSD/P, and physical site inspection. Pre-, during and post-rain event site inspections are not included but will be billed at the Job Site Management rate if required. No other plans, reports, monitoring or permits are included.

2. Field monitoring may be required for the Lead Compliance Plan. A CIH can be provided to oversee the monitoring for **\$1,650 per day** including all labor, travel, per diem, materials, supplies, and lab costs. For bidding purposes, assume **ONE (1) day** for the lead monitoring; or a total of **\$1,650.00** for the on-site monitoring.
3. The WPCP and the LCP are **guaranteed** acceptance for the quoted bid.
4. Contractor to provide completed questionnaire (supplied by Veridico upon notice of award) prior to start of work.
5. Print-ready electronic draft and final copies of plans and/or reports will be provided so hard copies can be produced; no hard copies will be provided by Veridico.
