5. List the names of agencies and the dates on which they were contacted to provide assistance in contacting, recruiting and using DBE firms. If the agencies were contacted in writing, provide copies of supporting documents.

Name of Agency	Date of Contact	Method of Contact	Results
Office Engineer - Caltrans	08/07/14	Internet	placed ad requesting quotes
Unified Certification Program	08/11/14	Internet	faxed to DBE firms - reod quotes
Office Engineer - Opt in Records	08/07/14	Internet	faxed to listed firms
See attached fax confirmation for list of Agencies	08/07/14	Agency Outreach List	faxed and emailed request for assistance

6. Efforts made to provide interested DBEs with adequate information about the plans, specifications, and requirements of the contract to assist them in responding to a solicitation. Identify the DBE assisted, the information provided, and the date of contact. Provide copies of supporting documents.

Plans are available for review in our office. Copies of requested pages are provided upon request. CD is provided upon request.

No requests for plans & specs made for this project. (See Exhibit A for Invitation to Bid)

7. Efforts made to assist interested DBEs in obtaining bonding, lines of credit, insurance, necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate. Identify the DBE assisted, the assistance offered, and the date. Provide copies of supporting documents.

Hazard Construction's Invitation to Bid offers assistance with all of the above, but no requests for these items were made for this project.

(See Exhibit A for Invitation to Bid)

6. Include any additional data to support a demonstration of good faith efforts:

If a company is having trouble with the Caltrans website, I walk them through the process until they are familiar with how to find, copy and/or download plans and specs and how to use the Opt-in area and the General seeking help area. If internet access or printing are limited we offer viewing in our office or a CD with plans and specs sent at no charge. No requests were made.

Hazard Construction has earned awards by Caltrans in 2005, 2009 and 2011 for Utilization of Small Business and DVBE companies.

Hazard encourages all potential Subcontractor and Vendors to offer lower tier companies to assist in meeting goals on all projects.

NOTE: USE ADDITIONAL SHEETS OF PAPER IF NECESSARY.

Yes Jason, it is still 650.00 for the Plan and 1800.00 for air monitoring Travel additional if the job is more than 120.00 miles from San Diego, or if up north LA or santa cruz. We are accumulating data on these and I hope to have a "Industry Wide Study" for the Cold Planing work. We just cold plane and go on with life. Control dust with adequate water.

Dan Let me know if you need more info.

TERMS AND CONDITIONS:

1. This quote and attached terms and conditions must become a binding part of any sub-contract.
2. A contract and 10 working days notice must be given prior to start of work. This quote shall remain valid for 30 days from date of actual bid opening, unless otherwise agreed upon.
3. TERMS: Due and payable within 30 days from date of installation and/or as per Business and Professional code 7108.5 and Public contract code 10262.5 (for progress payments) and/or as per Public contract Code 7107 (for retention due).
4. All change orders must be approved by agency/owner prior to work being performed by Veridico.
5. Excludes any insurance requirements in excess of Caltrans Standard Specifications.
6. Offered bid item quotes **CAN BE SPLIT.**

ASSUMPTIONS

1. Job Site Management assumes a project duration of 100 days (field work), or 20 weeks of on-site field work. If the actual construction duration is less (or more), the Prime may multiply the number of field weeks by \$695.00.

$$20 \text{ weeks} \times \$695.00/\text{week} = \$13,900.00$$

This is a weekly rate for Veridico to conduct a half-day per week site visit to document required WPCP compliance; Caltrans forms 2030 and 2034 completed by or under the direction of a QSD/P, and physical site inspection. Pre-, during and post-rain event site inspections are not included but will be billed at the Job Site Management rate if required. No other plans, reports, monitoring or permits are included.

2. Field monitoring may be required for the Lead Compliance Plan (GRINDING/COLD PLANING). A CIH can be provided to oversee the monitoring for **\$2,650 per day** including all labor, travel, per diem, materials, supplies, and lab costs. For bidding purposes, assume **ONE (1) day** for the lead monitoring; or a **total of \$2,650.00** for the on-site monitoring.
3. The WPCP and the LCPs are **guaranteed** acceptance for the quoted bid.
4. Contractor to provide completed questionnaire (supplied by Veridico upon notice of award) prior to start of work.
5. Print-ready electronic draft and final copies of plans and/or reports will be provided so hard copies can be produced; no hard copies will be provided by Veridico.

Veridico is a certified DBE contractor (No. 39572) with a number of associates that have supported Caltrans projects for many years. We have the necessary certified personnel to support your efforts on this project and we look forward to providing you our highest level of project support. Please don't hesitate to contact me directly at (707) 317-0002 or at tim.anenson@veridicogroup.com if we can provide anything further.

My Very Best Regards,

Proposal No.: 14-078

Mr. Chad Opper
Hazard Construction Company
6465 Marindustry Drive
San Diego, CA. 92121

Re: Caltrans Contract 11-298204 in San Diego County in and near San Diego from 0.2 Mile West of Caliente Avenue to Route 125

Dear Mr. Opper,

It has been a pleasure discussing the details of the subject project with you and I look forward to any questions that you may have regarding the cost proposal. G3 Quality, Inc. (G3) a **California Certified Small Business**, is pleased to respond to your request for a proposal to provide the required quality control services. G3's principals have over 15 years of experience managing and successfully implementing Quality Control programs on Caltrans projects throughout the state of California. Your Quality Control Manager will be Chris Gerber, an industry expert with HMA pavements and has managed over 100 QC/QA projects consisting of HMA, Rapid strength concrete, jointed plane concrete pavement and all elements of a complex Caltrans infrastructure project. We maintain a Caltrans certified laboratory and employ Caltrans certified and experienced inspectors and testers. G3 Quality, Inc. is AMRL Certified and is qualified by Caltrans to design Superpave mixes and perform Superpave testing. G3 is also signatory to the Operating Engineers Local 12.

Project Understanding:

It is our understanding that the project consists of the rehabilitation of Route 905 in San Diego. The specifications require the utilization of Superpave HMA which requires quality control on the grade and at the plant. The project typical section includes a 0.15' mill and in lay of HMA. Due to this lift thickness, compaction testing and coring for compaction is required in the field. The specifications also require the inertial pavement profiling for final smoothness evaluation. We have only included Field Inspection and Testing as required by the Specifications, but have included Mix Testing and Plant inspection if not provided by the materials supplier as an option.

Scope of Services:

G3 Quality is proposing to provide quality control services for the following bid items:

1. Bid Item 13 – HMA Type A Superpave
2. Bid Item 33 – Pre-Pave Inertial Profiling

Quality Control Program Fee:

The estimated fee to implement and conduct quality control sampling and testing services for the subject project will be performed for a total estimated fee of:

Total Project Estimated Budget: \$47,720.00

The attached proposal detail itemizes each task item and is presented as either a lump sum per shift, unit rate, or hourly rate. Invoices will reference the invoice code that identifies each task and will be billed as stated on the proposal detail. This proposal does not include Plant Inspection, Mix Testing and Aggregate Testing which is assumed to be

provided by the materials supplier. Any services requested not specifically outlined in this proposal will be billed on a time and materials basis in accordance with our standard schedule of fees. The following presents our detailed scope of services included in each proposed per shift rate:

Item 1, 2 and 3 – Hot Mix Asphalt Type A Superpave

G3 will prepare the required quality control programs in accordance with the specifications which will outline the level of inspection required. During Construction, G3 will provide one Caltrans certified technician to perform field HMA placement monitoring and field compaction testing with a gauge and pavement coring for production of 1,500 tons per shift or less. If production exceeds this tonnage, an additional technician may be required on the grade. Due to the thickness of the mat (0.15 or greater), compaction testing and coring is required. Plant inspection and testing of aggregates and hot mix asphalt is not included in this proposal, but provided as an option. We have included the following mix testing for the HMA Type A to monitor, report and test for field compaction:

- 1) Maximum Theoretical Specific Gravity (AASHTO T-209A)
- 2) Gyratory Compacted Laboratory Maximum Density (AASHTO T-312 and AASHTO T-275)
- 3) Air void calculation (AASHTO T-269)
- 4) Core Laboratory Density for Compaction (AASHTO T-275)
- 3) Hamburg Wheel Track Testing (AASHTO T-324)
- 5) Moisture Susceptibility with Freeze Thaw (AASHTO T-283)

If plant inspection, aggregate and mix testing is not provided by the Supplier, Item 3.5 or 3.6 provides an all-inclusive cost to provide the required plant inspection and mix Quality control services. Testing that is included if plant inspection is required includes the following in addition to the testing performed above:

- 1) Binder content (AASHTO T-308A)

Production Aggregate Tests:

- 1) Aggregate Gradation of Cold Feeds (AASHTO T-27)
- 2) Sand Equivalent of Combined Cold Feed (AASHTO T-176)

Periodic Aggregate Tests:

- 1) Durability Index of Coarse and Fine Aggregates (AASHTO T-210) 1 – Per 3,000 tons
- 2) Crushed Particles (AASHTO T-335) 2 tests per project
- 3) LA Rattler (AASHTO T-96) 2 Tests per project
- 4) Flat and Elongated Particles (ASTM D4791) 2 Tests per project
- 5) Fine Aggregate Angularity (AASHTO T-304A) 2 Tests per project

Item 4 – Inertial Pavement Profiling

G3 Quality, Inc. utilizes SSI to perform the Inertial Pavement Profiling Data Collection. SSI is a leader in smoothness technology and we have a long term working relationship to ensure that profiling is performed accurately to minimize corrective grinding. As an option, we have provided pricing for the inertial profiling work as well as must grind location marking for final smoothness grinding to be performed by others.

Limitations:

G3 has reviewed the requirements for the proposed services and is proposing to only provide quality control inspection, sampling and testing services for the bid items referenced. Our proposal has been prepared based on our project understanding and conversations with you. It is a total project estimate and is subject to the construction schedule. This proposal does not infer that full time inspection will be performed for all of the work. We have based our services on an 8 hour quality control shift and if work extends beyond 8 hours and additional charge for labor only will

apply. The overtime labor rate is \$122.36 for work beyond 8 hours and Saturdays. The double-time labor rate is \$165.6 for work beyond 12 hours and Sundays.

This proposal is based on the 2014 and 2015 DIR labor rate increase. Should this project extend into the 2016 DIR labor rate determination the hourly labor rate will be increased only by the base wage rate and each year thereafter on June 1st 2015. All other rates and terms will remain for the duration of the project.

Closure:

I sincerely appreciate your invitation to propose our services to you on this important project. Should you have any questions or schedule changes that will affect this proposal, please do not hesitate to contact me at 562.321.9840 or on my cell at 562.522.0078.

Best Regards,
G3 QUALITY, INC.

RE: Disadvantaged Business Enterprise Certification

Dear Ms. Sierra:

We are pleased to advise you that after careful review of your application and supporting documentation, the Los Angeles County Metropolitan Transportation Authority (Metro) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation (U.S. DOT) Regulation 49 CFR Part 26, as amended. This certification will be recognized by all of the U.S. DOT recipients in California. Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under the following specific areas of expertise that you have identified on the NAICS codes form of the application package:

<u>NAICS (2007)</u>	<u>Description</u>	<u>Size Standard</u>
541380	Testing Laboratories	\$14 million
541620	Environmental Consulting Services	\$14 million

Your DBE certification applies only for the above codes. You may review your firm's information in the CUCP DBE database which can be accessed at the CUCP website at www.californiaucp.org. Any additions and revisions must be submitted to Metro for review and approval.

In order to assure continuing DBE status, you must submit annually a No Change Declaration form (which will be sent to you) with supporting documentation. Based on your annual submission that no change in ownership and control has occurred, or if changes have occurred, they do not affect your firm's DBE standing, the DBE certification of your firm will continue until or unless it is removed by our agency.

Also, should any changes occur that could affect your certification status prior to receipt of the DBE Declaration, such as changes in your firm's name, business/mailling address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify Metro immediately.

Metro reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. Your DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records and documents by Metro.

Congratulations, and thank you for your interest in the DBE program. I wish you every business success and should you have any questions, please contact us at [213-922-2600](tel:213-922-2600). For information on Metro contracting opportunities, please visit our website at www.metro.net.

Re: Small Business Enterprise Certification

Dear Ms. Sierra:

We are pleased to advise you that after careful review of your application and supporting documentation, the Los Angeles County Metropolitan Transportation Authority (Metro) has determined that your firm meets the eligibility standards to be certified as a Small Business Enterprise (SBE) as required under the Metro SBE Program. Your firm will be listed in the Metro SBE database of certified SBEs under the following specific areas of expertise:

<u>NAICS (2007)</u>	<u>Description</u>	<u>Size Standard</u>
541380	Testing Laboratories	\$14 million
541620	Environmental Consulting Services	\$14 million

Your SBE certification is good for five years from the date of this letter and applies only for the above NAICS 2007 codes. Requests for additional or revised NAICS 2007 codes must be made in writing to Metro. After the five-year certification period, your entire file will be reviewed in order to ascertain continued SBE certification status. You will be notified of the pending SBE status review and any documentation updates necessary prior to the expiration date.

Should any changes occur that could affect your certification status, such as changes in your firm's name, business/ mailing address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify Metro immediately. SBE certification is subject to review at any time.

Metro reserves the right to withdraw this certification if at any time it is determined that certification was knowingly obtained by false, misleading, or incorrect information. Metro also reserves the right to request additional information and/or conduct on-site visits at any time during the certification period. The firm thereby consents to the examination of its books, records, and documents by the Metro.

Congratulations, and thank you for your interest in Metro's SBE Program. I wish you every business success and should you have any questions, please contact us at 213-922-2600. For information on Metro contracting opportunities, please visit our website at www.metro.net.
