Notwithstanding the foregoing sentence, once Buyer re-sells, transfers or uses the goods, Buyer shall be deemed to have accepted the goods and irrevocably waived its right to refund or replacement for non-conforming goods set forth in Section 10 hereof. Further, Buyer shall be solely and exclusively responsible for, and hereby assumes, all risk for all sales, re-sales, other transfer, uses or misuses of the goods by Buyer, or by any third person or entity by, under, through or for Buyer and, further, for determining that the goods are suitable for the eventual end-use thereof by Buyer or any third person or entity by, under, through or for Buyer, including but not limited to any governmental agency or unit.

Quantities affected by such cause(s) shall be dropped from this purchase order, but this purchase order shall otherwise continue in force and effect. In periods of shortage of goods due to such cause(s), Seller shall be entitled to allocate available supply among itself and its affiliates, subsidiary and parent companies and customers, Buyer included.

Buyer agrees without limitation to promptly and properly provide to its employees, customer and community representatives, as appropriate, any information provided by Seller relating to hazards, human health, or human or environmental safety on the goods sold hereunder. 12. **Law and Jurisdiction:** This purchase order shall be governed by the laws of the State of Arizona, including any statute of limitation laws but excluding rules of conflict of law. Exclusive jurisdiction and venue is agreed to by the state or federal courts within the State of Arizona.

13. **Waiver:** Waiver by either party of any breach of the terms and conditions contained herein shall not be construed as a waiver of any other or continuing breach.

14. **Assignment:** The rights and duties under the purchase order are not assignable or transferable by Buyer, in whole or in part, by operation of law or otherwise, without the express written consent of Seller. Any assignment or attempted assignment in contravention of the foregoing shall be null and void, shall be considered a breach of the purchase order and shall permit Seller, in addition to any other rights which it may have, to terminate the purchase order. Notwithstanding any other provision herein, the rights and duties under this purchase order may be assigned or transferred by Seller, in whole or in part, at Seller's sole discretion.

15. **Claims:** If claims or legal proceedings are asserted or instituted by Seller to enforce its rights or remedies hereunder or related hereto, Seller shall in addition be entitled to recover from Buyer all court costs, reasonable attorney's fees and expenses incurred by Seller incident to such.

16. **Loading and Transporting Conditions:** (a) *Right to Reject Transport Vehicles and Refuse to Load/Transfer Under Unsafe Conditions:*
 (i) Seller reserves the sole right to reject any rail cars, trucks, transports, barges, vessels or containers presented for loading which Seller reasonably believes would present an unsafe or potentially unsafe situation or condition; and

 (b) *Compliance with Seller designated policies and procedures:* Buyer agrees that it, including its contractors, agents and employees will comply with all of Seller's safety regulations and rules when such contractor's agents or employees are on Seller's premises in connection with the performance of this purchase order.
 (c) *Compliance with Hazardous Laws:* If and to the extent, Buyer loads, unloads or ships hazardous materials (as listed in the Tables of 49 C.F.R. 172.101 and 172.102 as amended from time to time) pursuant to this purchase order, Buyer hereby warrants that all hazardous materials shall be prepared for shipment, loaded, shipped and unloaded in compliance with all applicable federal, state, and local laws, rules and regulations regarding the handling and transportation of hazardous materials; and Buyer shall indemnify and defend Seller from all liability, of whatever nature, to which Seller may become subject as a result of Buyer's failure to comply therewith.

(d) *Accident reporting and emergency response:* If a release occurs after the goods have left Seller's facility and as between Seller and Buyer, Buyer shall make all release notifications and reporting that are legally required and shall provide Seller with written notices of such release notifications and reporting with three business days of making such notifications and reporting. Further, as between Seller and Buyer, Buyer shall be responsible for and shall clean up all releases that occur after the goods have left the Seller's facility pursuant to applicable governmental standards and agency directives.

17. **Miscellaneous:** This purchase order constitutes the entire purchase order and contract of the parties and shall control over any other terms except that, to the limited extent that any separate writing of the parties - (i) relates expressly and directly hereto; (ii) is mutually executed by respective officers of Seller and Buyer; and (iii) is intended by the parties to replace or supersede rather than to supplement a specific portion of these sales terms, then such specific, replacing or superseding term shall control over the term hereof in question but not otherwise. Without limitation on Seller's rights, no terms in any other of Buyer's purchase orders or any other document, correspondence, or communication from Buyer which conflicts with the terms of this purchase order is, or shall be, accepted by Seller except in a separate written purchase order executed by an officer of Seller. Thank you for your response. We are in the process of having numerous categories deleted from the capability list. As we explained, our firm does not know where these categories came from. Apparently, we need to check the list although we do not use the list for our own purposes. Gordon H Kubota.

Good Afternoon Mr. Kubota,

I apologize for any inconvenience this solicitation may have caused you. We are committed to providing as many opportunities to minority firms so that we can meet and exceed the owner's minority goals. The reason your firms in on my solicitation list for this project is because your first work code listed on the DOT DBE database is C0612 Safety Supplier. If this is not accurate information please contact the DOT to have that fixed. Again, I apologize for any inconvenience this solicitation has caused you. As you can imagine, it is in our best interest to meet our Minority goals so I can assure you we are not just going thru the motions.

Have a great afternoon Mr. Kubota.
