ADA Notice

For individuals with sensory disabilities, this document is available in alternate formats. For information call (916) 654-8410 or TDD (916) 654-3880 or write Records and Forms Management, 1120 N Street, MS-89, Sacramento, CA 95814.

2. List the names of certified DBEs and the dates on which they were solicited to bid on this project. Include the items of work offered and the dates and methods used for following up initial solicitations to determine with certainty whether the DBEs were interested. Attach copies of solicitations, telephone records, fax confirmations, etc.

Name of DBEs Solicited	Date of Initial Solicitation	Item(s) of Work	Follow Up Methods and Dates
PLEASE SEE INFORMATION IN ATTACHMENT C			

3. For each item of work made available, list the selected firm and its status as a DBE, the DBEs that provided quotes, the price quote for each firm, and the price difference for each DBE if the selected firm is not a DBE.

Item(s) of Work	Name of Selected Firm	DBE or non-DBE	Name of Rejected Firm	Quote (\$)	Price Difference (\$)
PLEASE SEE INFORMATION IN ATTACHMENT D					

If the firm selected for the item is not a DBE, provide the reasons for the selection on a separate sheet and attach names, addresses, and phone numbers for the firms listed above.

GOOD FAITH EFFORTS DOCUMENTATION - DBE

DES-OE-0102.11A (NEW 06/2012)

4. List the names and dates of each publication in which a request for DBE participation for this project was placed by the bidder. Attach copies of published advertisements or proofs of publication:

Publications	Dates of Advertisement
Caltrans Website Prime Contractors Looking for Help -	Starting date 10/08/2013
Daily Construction Service/Reed Construction Data	10/14, 21, 28/2013
McGraw Hill Construction	10/14/2013
Construction Up-Date	10/10 & 17/2013
Minority Bidders Bulletin	10/14 & 21/2013
W/M/S/DVBE Contract & Construction News	10/11-22/2013
The Thomas Bid Register	10/11-22/2013

5. List the names of agencies and the dates on which they were contacted to provide assistance in contacting, recruiting and using DBE firms. If the agencies were contacted in writing, provide copies of supporting documents.

Name of Agency	Date of Contact	Method of Contact	Results
Caltrans-Office of Business & Economic Opportunity, Caltrans Mandatory Pre-bid Meeting	10/07&08/2013	Website	DBE Search - Identify DBE Subs and Supplies
National Assoc. of Minority Contractors	10/09/2013	Email	No return email
American Indian Chamber	10/09/2013	Email	No return email
Asian Business Association of OC	10/09/2013	Email	No return email
OC Small Business Development Center	10/09/2013	Email	No return email
Riverside Community College Dist.	10/09/2013	Email	No return email

6. List efforts made to provide interested DBEs with adequate information about the plans, specifications, and requirements of the contract to assist them in responding to a solicitation. Identify the DBE assisted, the information provided, and the date of contact. Provide copies of supporting documents.

Information on how to obtain contract documents and specifications was provided in our advertisements and Invitation to Bid (ITB), contact name and phone numbers were also provided for additional questions. Our electrical ITB program also provided a link to review and download the contract documents, specifications and addendum.

7. List efforts made to assist interested DBEs in obtaining bonding, lines of credit, insurance, necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate. Identify the DBE assisted, the assistance offered, and the date. Provide copies of supporting documents.

Information on how to obtain assistance was provided in our advertisements and Invitation to to Bid (ITB), a contact name and phone number was also provided.

8. Include additional data to support a demonstration of good faith efforts.

INFORMATIONAL NOTICE

CONSTRUCTION PRIME CONTRACTORS AND SMALL BUSINESS OWNERS

ARE INVITED TO A

RESCHEDULED DATE Mandatory Pre-Bid Meeting

for Contract No. 12-0F96E4

A High Occupancy Vehicle (HOV) lane widening project on Interstate 5 in the cities of San Juan Capistrano, Dana Point and San Clemente, in Orange County, from 0.4 miles north of Camino de Estrella overcrossing, to 0.2 miles south of San Juan Creek Road undercrossing. Please click on the link for further information: http://www.dot.ca.gov/hq/esc/oe/weekly_ads/all_adv_projects.php

Attendance is **MANDATORY** for those interested in bidding.

Monday, October 7, 2013
1:30 pm to 3:30 pm

Prudential Building
3333 Michelson Dr.
Ground Floor Auditorium
Irvine, CA 92612
(near Caltrans District 12 Headquarters)

This meeting is an important opportunity for Certified Small Businesses, Disabled Veteran Business Enterprises, and Disadvantaged Business Enterprises to network with prime contractors who plan to bid on this project. The meeting will present partnering opportunities for prime contractors and subcontractors and allow them to meet and develop relationships that enable successful bidding on this project and future projects.

If you plan to attend, please RSVP:
Elizabeth Philippon, Caltrans District 12 Small Business Liaison
(949) 724-2021

Parking is available in Parking Garage #1, located to the north, behind the Prudential Building.
Cost for parking is \$5 per hour, with a maximum of \$20 per day.

Caltrans, Your Partner For Success

KRC SAFETY CO., INC.

BARRICADE RENTAL ~ TRAFFIC CONTROL

P.O. Box 6356 Visalia, California 93290-6356

Phone (559) 732-0393 • Fax (559) 732-2684

Estimating Fax (559) 802-1749

WWW.KRCSAFETY.COM

Traffic Control System - Day or Night - Job # 12-0F96E4

- 1 impact attenuator vehicle (IAV) with driver \$915.00 per 8 hour shift
- 1 man lane closures \$890.00 per 8 hour shift
- 2 man lane/ramp closures \$1,390.00 per 8 hour shift
- 3 man lane/ramp closures \$2,295.00 per 8 hour shift - *IAV included*

All KRC SAFETY traffic control trucks come with the following:

- Up to 300 cones, (2) arrow boards, applicable equipment to close 2 lanes in same direction and or 1 lane in opposite directions, applicable on/off ramp closure equipment for up to 2 ramps within the closure, (6) beacons with batteries, & (24) flag stands. All traffic control trucks are also equipped with (1) T13 setup.

Please add the following amount to any shift price above:

- \$50.00 per additional arrow board per shift plus applicable delivery and pick up fees
- \$200.00 for full freeway closure, 1 direction only.
- \$585.00 per additional labor per 8 hour shift, vehicle/equipment not included
- \$700.00 per additional labor per 8 hour shift, pick up included, no equipment

Traffic Control Notes:

- Cancellations made less than 6 hours notice of requested show up time will be charged at 40% of quoted rates, all cancellations **MUST** be received in written form, via fax or e-mail.
- impact attenuator vehicle (IAV) & TC crews **subject to availability**
- KRC's 2 or 3 man crew must be used for ramp and or full freeway closures
- If contractor elects to use (1) man lane closure option contractor must supply KRC with a qualified, knowledgeable traffic control tech to help set out and pick up equipment.
- Time starts when first piece of equip. is placed and ends when last piece of equip. is picked up.
- Please allow 30-90 minutes on each side of shift for placing and removing equipment.
- All overtime (8-12 hours) will be charged at \$95.00 per hour per man
- All double time (over 12 hours) will be charged at \$105.00 per hour per man
- All Saturday traffic control rates multiply by 1.45
- All Sunday traffic control rates multiply by 1.85
- **KRC does not charge additional fees for additional closures within the shift. We will set up and take down as needed within the work shift for the price you see quoted with the equipment mentioned above.**

Impact Attenuator Vehicle (IAV) - Rental Only - Subject to Availability

- \$350.00/day : \$1,200.00/week : \$3,100.00/month (month rate based on 30 calendar days)
- \$100.00 delivery fee per pcms : \$100.00 pick up fee per pcms
- proper insurance certificate must be on file with KRC prior to delivery

KRC SAFETY CO., INC.

REV 03-27-13

BARRICADE RENTAL ~ TRAFFIC CONTROL**P.O. Box 6356 Visalia, California 93290-6356****Phone (559) 732-0393 • Fax (559) 732-2684****ATTACHMENT A**Job # 12-0F96E4Bid Date: 10-31-2013

- 1 KRC SAFETY CO., INC. is signatory to the Laborers of Northern California, Construction Laborers of Southern California and the Operating Engineers.
- 2 Unless otherwise noted on quote, all subsistence and travel pay is included in all prices.
- 3 KRC SAFETY CO., INC. is recognized by the Department of Transportation as a Certified Disadvantaged Business Enterprise (DBE) ~ (Certificate # 000447) Expires 11/23/2014, SBE (Certificate # 0006897), MBE (Certificate # 91S00114)
- 4 Concrete or asphalt coring / patching is **NOT** included in any quoted items.
- 5 Unless noted on bid, traffic control is **NOT** included in the installation, removal, or repair of any items.
- 6 KRC SAFETY CO., INC. requires a, **12 WORKING DAY WRITTEN NOTICE IN ADVANCE**, prior to commencement of work, including installation and removal of signs. Additionally, an Executed subcontract or purchase order must be on file with this office prior to the start of work.
- 7 This quote shall remain valid for a period of 45 days from actual bid opening unless otherwise agreed upon in writing.
- 8 Contractor agrees to provide personnel for up to 5 to 10 minutes per KRC employee for relief break periods as needed due to weather and heat conditions to meet CAL OSHA heat illness prevention requirements.
- 9 Lump Sum price for Construction Area Signs includes: **USA Notification**, installation, removal and **INITIAL** dating of any ramp signs. Contractor will be responsible for maintenance and changing dates on signs as required. All construction area signs are considered rental and shall remain property of KRC SAFETY CO., INC. at the conclusion of project. Per KRC standard rental agreement prime contractor will be charged replacement cost for any signs, lumber or barricades missing and or damaged at conclusion of project. This amount must be paid in full within 30 days by the contractor, retention shall not be held on this amount.
- 10 Prior to KRC SAFETY CO., INC. installing any signs contractor must have proper agency (i.e. Caltrans, County, City, etc.) mark out all sign locations. Proper agency must also mark out their underground utilities and or pipes that are not located by USA. Agency will be responsible for lines hit that are not marked out by their forces. Therefore KRC SAFETY CO., INC. will not be responsible for any damage done to agencies utilities and this will become the responsibilities of the contractor and or the representing agency.
- 11 Bid item 4 includes (2) mobilizations. Additional mobilizations will be charged at \$1,200.00 each.
- 12 KRC SAFETY CO., INC. will not provide performance or payment bonds to the contractor.
- 13 Retention will not be held on traffic control work.
- 14 Compliance with Section 7108.5 of the Business & Professions code and any other statutes pertaining to prompt payment must be complied with and are **MANDATORY**.
- 15 KRC SAFETY CO., INC. requests an invitation to all pre-job conferences.
- 16 Notification must be given to KRC SAFETY CO., INC. prior to any work performed as EXTRA-WORK or Force Account. If notification is not received, KRC will bill at usual rates and full payment will be the responsibility of the contractor.
- 17 Contractors State License #507950 Expires 03/31/2015 (Class A & C31)
- 18 Portable Changeable Message Signs are strictly **RENTAL**, retention will not be held on rental equipment.
- 19 KRC SAFETY CO., INC. maintains Commercial General Liability Insurance with limits of \$1,000,000 each occurrence \$2,000,000 aggregate. Additional Insured and Hold Harmless are given only in respects to KRC SAFETY CO., INC. work. KRC SAFETY CO., INC. carries \$5,000,000 excess liability. Any additional liability limits or additional endorsement, including Waiver of Subrogation (add \$50.00 per policy period) requested by Prime Contractor and not provided by KRC SAFETY CO., INC. will be charged to and will be the responsibility of the Prime Contractor. Railroad insurance requirements excluded from this quote.
- 20 Sign panels for permanent items supplied by KRC SAFETY must be given 45 days advanced notice prior to being needed.
- 21 Force account rates will be charged to the contractor for any onsite training or meetings required.
- 22 **Should this quote be accepted by the contractor, Attachment A in its entirety shall become part of any and all subcontract agreements and/or Purchase Orders relating to this project. This quote shall be deemed accepted if a contractor lists KRC in its bid or if this quote is used by a subcontractor in its bid to a prime contractor.**

BID/OFFER FORM

BID DATE: 10/31/13

BID TIME: 2 PM

TO:

ATTN: ESTIMATING

PROJECT NAME: CAMINO DE ESTRELLA 12-0F96E4
 PROJECT LOCATION: ORANGE COUNTY, CA

Ken R. Negrete, DBA Integrity Rebar Placers is pleased to submit the following offer/agreement for the above referenced project, subject to the terms and conditions specified herein. Performance of this Bid/Offer shall be governed by and in compliance with the **Concrete Reinforcing Steel Institute Manual of Standard Practices**. This offer represents the full scope and intent on the part of Integrity Rebar Placers to provide services and materials to Contractor.

This bid is submitted subject to and expressly conditioned upon all of the terms and conditions set forth below.

- Prices include applicable State and Local Sales Tax.
- Prices, as quoted, will remain firm for thirty (30) calendar days, after which time Integrity Rebar Placers reserves the right to revise this quotation.
- Prices / Bid items quoted are not for separate acceptance without prior approval.
- Integrity Rebar Placers' price is based on detailing, fabricating and placing on a normal five (5) day, forty (40) hour work week (all Union contract and nationally recognized holidays are observed). Performance will be based on conventional construction, timely receipt of (2) complete printed sets of plans, specifications (in addition to CADD files) and adequate written schedules to which Integrity Rebar Placers has agreed. Contractor shall furnish design information, locations of pour joints, and construction schedules in sufficient time to allow for preparation and approval of submittals, plus seven (7) working days for fabrication and delivery. Additional lead-time will be required for special mill rolling, spirals, epoxy coating and/or special mesh. Contract delays of more than forty five (45) days may result in additional cost of materials.
- Seller reserves the right to renegotiate additional price increases, for any shipments and/or placing after _____.

HOISTING/LOWERING:

Contractor shall furnish, without charge, suitable equipment fully operated for hoisting/lowering reinforcing steel, wire mesh, etc, including unloading trucks, staging of reinforcing to points of installation (into foundations and onto elevated decks, etc...) setting of columns/cages and/or assemblies, and power placing of individual bars that Integrity Rebar Placers may require. Contractor to provide a minimum of 180 hours of actual hook time. (Hook time is the amount of time that the hoisting hook is actively supporting any reinforcing steel.) If Integrity Rebar Placers is to perform its own hoisting, add \$_____. (Hours and/or price provided do not include hoisting/lowering for F.O.B. trucks jobsite material and/or setting of tied and stockpiled cages or mats).

SPECIAL NOTES:

1. Payment and Performance Bonds may be provided at .7% if necessary.
2. Night work is excluded except by additive quote.
3. CIDH pile tied and stockpiled full length one piece, if built off site cages will be FOB truck job site only.
4. Optional add for installation 60 barriers add \$42,387.87
5. Contractor to provide all hoisting for 60 barriers at point of installation.

PLANS AND SPECIFICATIONS:

Specifications: Cal Tran's standard plans and specs. Dated 2006

Plans/Drawings: Bid Set

Addenda: # 1-2

Architect/Engineer: Caltrans

SCOPE OF WORK EXCLUSIONS

1. All testing and inspection and/or any related costs thereof other than mill test reports. (Rebar, mechanical couplers and/or welded hoop test bar samples to be provided F.O.B. trucks jobsite).
2. As-Built Drawings (Shop Drawings).
3. Plain (smooth) round bars, threaded bars, rods, sleeves, anchors, studs, bolts (anchor & misc.), and inserts.
4. Wrapping, coating, painting and/or greasing of reinforcing steel and/or wire mesh.
5. Supplying, installing, and /or maintaining any form of rebar cap or safety device on installed reinforcing steel or reinforcing steel on the ground/stored. (Per latest OSHA Standards)
6. Cost of pour watchman.
7. All permits and licenses, other than city/county business licenses and State Contractor's license, required for the work.
8. Cutting, burning, cleaning, straightening and/or bending of existing steel and/or improperly placed drill and grout/bond dowels.
9. Drilling, grouting, and dry packing / placing bars in drilled holes.
10. Payment and/or Performance Bonds. (Material Bond may be provided if available)
11. Cost of Bonds.
12. Furnishing and/or welding of dowels/anchors to miscellaneous steel and/or structural steel
13. Metal tags (Integrity Rebar Placers' standard tags will be used to identify steel).
14. Any or all reinforcing steel, and/or wire mesh not shown on drawings unless specifically included in Scope of Work/Price.
15. Placing or Shop Drawings prepared, reviewed, sealed or stamped by a licensed engineer.
16. Providing and/or laying out holes in structural steel for reinforcing bars to pass.
17. All electrical bonding, grounding material (i.e. welding for cathodic protection).
18. All welding.
19. Breakout dowels and/or installation of same.
20. Prestressing and/or prestressing materials. (Including but not limited to any additional reinforcing steel required by any prestressing/post tensioning system)
21. Masonry Steel, other than deformed rebar.
22. Reinforcing for precast concrete items.
23. Reworking of any reinforcing steel and/or post-tensioned cables extending from precast piles.
24. The setting of tied and stockpiled F.O.B. Truck Jobsite cages as well as all spacer material and/or placing accessories required to position same. Reinforcing steel cages will be unloaded by Contractor and stockpiled at the jobsite in locations designated by Contractor. Relocation of stockpiled cages shall be Contractor's responsibility.
25. Epoxy Coated / Galvanized deformed and/or plain bars and/or wire mesh.
26. Field bending of rebar other than by additive quote.
27. The cost of reworking, rehabilitating and/or replacing reinforcing steel damaged or lost as a result of flood conditions. If

storm damage should occur, responsibility for steel fully or partially in place, and for steel stored in locations designated by Contractor, shall be for Contractor's account.

28. Traffic control (Lane closures, barricades, flagmen, signs, lights, etc.).
29. All site work, including but not limited to paving, sidewalks, curb and gutter, storm drain items such as catch basins, clean-outs, inlets, outlets, manholes, headwalls, collars, etc. unless specifically included in Scope of Work/Price.
30. Diaphragm dowels or bolts required for precast members.
31. Protection of exposed steel for future construction.

GENERAL CONDITIONS

1. Contractor's acceptance of all of the terms and conditions of this Bid/Offer shall be conclusively evidenced by Contractor listing, permitting/directing performance, or signing and returning this offer.
2. Integrity Rebar Placers may begin performance of the work, pending receipt of an executed final agreement. However, should a final mutually acceptable agreement not be forthcoming or should the terms and conditions of Integrity Rebar Placers offer be altered or modified, Integrity Rebar Placers reserves the right to immediately stop performance and Contractor agrees to indemnify Integrity Rebar Placers for all costs and loss of profit.
3. The following items, as required, are to be provided by Contractor, fully erected for use at all locations necessary without charge to Integrity Rebar Placers:
 - A. Grades and Lines.
 - B. Templates.
 - C. Racks, Ramps, Ladders, Cal-Osha approved Heavy Duty scaffolding (per sections 1926 subpart L App. A & E).
 - D. Full access to all working areas for material, equipment and manpower.
 - E. Level space for delivery, assembly and storage of steel, accessible to tractor-semi-trailer deliveries and adjacent to jobsite location where steel is to be used and/or hoisted/towered.
 - F. Adequate lighting as required, sanitary facilities, trash bins, etc.
 - G. As required, adequate electrical power and compressed air (90 PSI Min.).
4. Subcontractor shall be paid monthly progress payments equal to one hundred percent (100%) of monthly billings within ten days (10) days of Contractor receiving payment from project owner for value of work completed, plus Owner approved amount of materials on hand and/or equipment (if any) suitably stored on or off site. Contractor shall, at all times, be financially responsible to Integrity Rebar Placers for labor and material supplied pursuant to this offer. If a dispute arises between Contractor and Owner that delays receipt of payment by Contractor from Owner, unrelated to the performance of or materials supplied by Subcontractor, Contractor shall make progress and/or retention payment to Subcontractor within a reasonable time. A reasonable time for payment from Contractor to Subcontractor shall be defined as being due 45 days from Subcontractor's progress billing date.
5. Contractor shall not withhold retention greater than that being withheld by the Owner from the Contractor and shall immediately reduce retention withheld from Subcontractor, by a like percentage, when reduced to Contractor by Owner. In no event shall retention withheld by Contractor from Integrity Rebar Placers exceed the percentage withheld from Contractor by Owner. Final retention payment shall be made not later than 35 days from date Integrity Rebar Placers has completed its scope of work.
6. No retention shall be withheld on FOB and/or tied and stockpiled material, if approved by Owner.
7. Integrity Rebar Placers shall not be required to continue performance if, after Contractor has received payment for the properly performed work of Integrity Rebar Placers, timely payments are not made to Integrity Rebar Placers.
8. All sums not paid when due shall bear an interest rate of 2% per month or the maximum legal rate permitted by law, whichever is greater; and all costs of collection, including a reasonable attorney's fee, shall be paid by Contractor as prescribed by Section 7108.5 of the California Business and Professions Code.
9. No provision of this Subcontract shall serve to void Integrity Rebar Placers entitlement to payment for properly performed contract/extra work or suitably stored materials, or to void Subcontractor's right to file a lien, stop notice, and/or claim on its behalf.
10. Neither party will have the right of set-off against the other party for any reason.
11. If Integrity Rebar Placers is required by the Contractor to perform change order/extra work, said extra work must be authorized in writing by Contractor's Field Management personnel having apparent authority to authorize such extra work or an officer of the Contractor. Such written/executed directives from the Contractor shall constitute acceptance of financial responsibility by Contractor and a billable event upon completion of the work.

12. No back charges or claims of the Contractor for services provided shall be valid except by an agreement in writing, agreed to between the parties prior to services being provided.
13. Field labor called for herein is to be performed during Integrity Rebar Placers regular working hours, eight hours per day, five days a week (all Union Holidays are observed), unless required and agreed to during bid negotiations. All work performed outside of such hours shall be charged at Integrity Rebar Placers standard rates for overtime, weekend, or holiday work. Integrity Rebar Placers standard rates are per Caltrans force account rates. (Labor Surcharge % per Concrete Construction - Bridge) However, should Integrity Rebar Placers be behind the preapproved construction schedule, all overtime/premium time required to regain the construction schedule shall be for subcontractor's account.
14. Integrity Rebar Placers will indemnify, defend and save harmless Contractor and Contractor's customer from Integrity Rebar Placers proportionate share of liability for claims attributable to bodily injury (including death) and/or property damage (to other than the Work itself) to the extent caused by the negligence or intentional misconduct of Integrity Rebar Placers or anyone directly or indirectly employed by Integrity Rebar Placers. Subcontractor will name Contractor and Contractor's customer as additional insured on Subcontractor's insurance policies only if required to do so by the Contract Documents and only by means of Subcontractor's standard additional insured endorsement. Indemnification and insurance provided by Integrity Rebar Placers shall not extend coverage to Architects, Engineers or other design professionals. Indemnification and insurance coverage shall be limited to Contractor and Contractor's customer only.

Integrity Rebar Placers carries the following insurance coverage's.

General Liability: Carrier-A.M. Best Rated A X Non-Admitted. Form: CG2001 10/01-2001 ISO Occurrence Commercial General Liability including products. Limits: Each Occurrence \$1,000,000. General Aggregate \$2,000,000 Products/Comp Ops Aggregate \$2,000,000 Personal Injury & Advertising \$1,000,000 Medical Payments-Per Person \$5,000 Fire Legal Damage \$50,000.

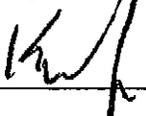

Workers Compensation: Carrier: State Compensation Insurance Fund, Statutory includes Employers Liability.

15. Contractor shall provide Integrity Rebar Placers with copies of all contract documents applicable to Integrity Rebar Placers performance, duties, or obligations at its Headquarters Office.
16. Subcontractor shall be provided a mutually approved construction schedule providing a reasonable time in which to make delivery of submittals, materials and/or labor so as to commence and complete the performance of the Subcontract.
17. Subcontractor shall not be responsible for delays, accelerations, or defaults where occasioned by any causes beyond its control, including but not limited to: delays caused by the Owner, General Contractor, Architect and/or Engineers.
18. Subcontractor shall be entitled to equitable adjustment in the subcontract amount for additional costs due to unanticipated project delays or accelerations caused by the Contractor or others under the direct control of Contractor, and whose acts is not Subcontractor's responsibility.
19. The Contractor shall make no demand for liquidated damages for delays in excess of the amount specified in the Contract Documents and no liquidated damages may be assessed against Subcontractor for more than its proportionate share of the amount paid by the Contractor for unexcused delays to the extent actually caused by Subcontractor.
21. Splices in reinforcing bars and/or construction joint dowels for Contractor's convenience shall be for Contractor's account. Also splices required due to low overhead, power lines and/or deficiencies in hoisting equipment unless specifically shown on contract drawings at that particular location shall be for Contractor's account.
22. Integrity Rebar Placers shall not be liable for repair of any damage caused by others outside the control of Integrity Rebar Placers. Approval for pouring or embedment in concrete shall constitute acceptance by Contractor of that portion of work and shall terminate Integrity Rebar Placers responsibility. Required remedial work, due to damage caused by others shall be for Contractor's account.
24. Cost of Ironworker show-up and/or stand-by time, scheduled by Contractor, when work is not ready shall be for Contractor's account.
25. Contractor shall furnish, without charge, templates/starter walls constructed with sufficient accuracy to support vertical reinforcing steel within placing tolerances specified by Owner. Templates/Starter walls shall not be double formed before reinforcing steel is installed unless prior approval has been granted.
26. Contractor shall furnish adequate parking for all Integrity Rebar Placers employees at no cost to Integrity Rebar Placers within three (3) standard blocks of the jobsite. If Contractor does not provide this parking, Contractor will pay Integrity Rebar Placers for all parking related costs including cost of vehicle parking, cost of shuttle services and travel time costs while employees are in transit unless specifically included in Scope of Work / Price or by additive quote.
27. Contractor will provide full access to all areas of the project for at least one (1) Integrity Rebar Placers' Foreman truck to provide supplies and accessories as needed for the project.

- 28. Contractor shall furnish approved work drawings of the temporary support system for columns, wall cages and/or any assemblies regardless of height, which the bid documents, may require. Contractor shall furnish and maintain adequate bracing, rigging, cables and guys, set all deadmen required to guy vertical reinforcing, and comply with the temporary system design (Rigging includes but is not limited to: chokers, shackles, spreader bars, etc...). Prior to hoisting support being removed, Contractor to inspect, approve compliance with temporary support system plan, and accept work.
- 29. Ramps adequate to allow semi tractor-trailer deliveries of reinforcing to point of final placement shall be furnished by Contractor for all work below grade and shall be maintained in place until all work below grade is complete. If above ramps are not provided, all cost for equivalent service shall be for Contractors account.
- 30. Masonry steel to be F.O.B. trucks jobsite, with Contractor agreeing to accept all responsibility for any shortages and/or replacement costs discovered twenty-four (24) hours subsequent to delivery. Unless shown otherwise on plan drawings, masonry vertical reinforcing is to be furnished in one piece, full height between stories of structure. If four-foot (4' 0") vertical lifts are required, Contractor and/or Contractor's subcontractor to assume all costs for additional splices required. All horizontal reinforcing #5 and smaller will be furnished in stock lengths plus corner bars.
- 31. Contractor shall furnish, at no cost to Integrity Rebar Placers hoisting/lowering of employees and materials to points of installation, wherever required.
- 32. Contractor shall furnish layout of dowels, which extend into masonry.

Accepted this 31 day of October, 2013

Project	FOB	Expiration D...	Terms		Freight
12-0F96E4	ONTARIO, CA	12/30/2013	Net 30		PPD & BILL
Description	Qty	U/M	Cost	Total	
<p>Pricing is good for 60 days a purchase order must be received within such timeframe or pricing will be negotiated. Pricing is based on a package deal any changes in quantities or items listed may affect pricing. Pricing is for a standard basket advise if skewed or tapered baskets are required and a bid will be prepared accordingly. Billable Feet = calculated Lane Width, not actual length of basket. Basket Lane width calculation is: number of dowels multiplied by on center spacing divided by 12 to express as lineal feet.</p> <p>All orders are subject to the availability of raw materials.</p> <p>Pricing is based on materials being released for immediate production and or prior to expiration date noted above. If materials are released for production after expiration date, raw material escalators that occur from bid date to production release date may be passed along at cost if applicable. A steel raw material prepay option is available to protect pricing and control cost.</p> <p>Materials released for production will be invoiced upon completion and are to be paid for within standard terms or late fees will apply. In the event the job is unable to take possession at time of completion a storage option is available as space permits. If materials are stored beyond 30 days UV Protection is mandatory. Disposable UV Protection Coverings will be required at a cost of \$25.00 each which will provide coverage for</p>

CALIFORNIA UNIFIED CERTIFICATION PROGRAM (CUCP)

July 14, 2010

Ms. Judy Johnston
Fine Grade Equipment, Inc.
P.O. Box 2798
Lancaster, CA 93539

**RE: DISADVANTAGED/MINORITY/WOMEN BUSINESS ENTERPRISE (DBE/MBE/WBE)
RECERTIFICATION APPROVAL** File No. - 8306

Dear Ms. Johnston:

We are pleased to advise you that after careful review of your application and supporting documentation, the City of Los Angeles has determined that your firm meets the eligibility standards to be recertified as a **Disadvantaged/Minority/Women Business Enterprise (DBE/MBE/WBE)** as required under the U.S. Department of Transportation (U.S. DOT) Regulation 49 CFR Part 26, as amended.

Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs and the City of Los Angeles DBE/MBE/WBE directory under the following specific area(s) of expertise that you have identified on the business service form for contracting opportunities:

<u>NAICS Code</u>	<u>Description</u>
237310	Highway, Street, and Bridge Construction

Your DBE certification is good for five years from the date of this letter and applies only for the above codes. You may review your firm's information in the CUCP DBE database which can be accessed at the California Department of Transportation's website at www.dot.ca.gov/hq/bep/ and the City of Los Angeles DBE/MBE/WBE database at <http://bca.lacity.org>. Any additions and revisions must be submitted to the City of Los Angeles for review and approval.

After the five-year certification period, your entire file will be reviewed in order to ascertain continued DBE certification status. You will be notified of the pending DBE status review and any documentation update necessary prior to the expiration date.

The Regulations also require annual updates during this five-year period. In order to assure continuing DBE status, you must submit annually a DBE Declaration with supporting documentation, in the format, which will be sent to you. Based on your annual submission that no change in ownership and control has occurred, or if changes have occurred, they do not affect your firm's DBE standing, the DBE certification of your firm will continue until the five-year certification has expired.

Fine Grade Equipment, Inc.
July 14, 2010
Page 2

Also, should any changes occur that could affect your certification status prior to receipt of the DBE Declaration, such as changes in your firm's name, business/ mailing address, ownership, management, or control, or failure to meet the applicable business size standards or personal net worth standard, please notify us immediately. DBE certification is subject to review at any time. Failure to submit forms and/or change of information will be deemed as failure to cooperate under Section 26.109 of the Regulations.

Your DBE certification status will be honored by all of the U.S. DOT recipients in California.

Congratulations, and thank you for your interest in the California Unified Certification Program (CUCP). We wish you every business success and look forward to hearing from you if we may be of any assistance to you in this regard.

Should you have any questions, please contact Kim Fitzpatrick at (213) 847-2644 or e-mail at kim.fitzpatrick@lacity.org.

Sincerely,

HELMUT PEINDL, Certification Manager
Office of Contract Compliance
Bureau of Contract Administration

Title:

Caltrans
12-0F96E4 I-5
Construct HOV
Lane near Dana
Point-GFE

Location:

North of Camino De Estrella South of San Juan Creek Rd - Dana
Point, CA

Bid Due Date: October 31, 2013 02:00 PM (PT)

Contact:

Trina Clay

Phone:

(949) 333-1500 x517

Fax:

(949) 333-1510

Architect:

Owner:

Bid Project Status:

Past Bid Due Date

Project Description:

Shimmick Construction Company, Inc. is Prime Contractor seeking quotes from certified Disadvantaged Business Enterprises (DBEs) Subcontractors/Suppliers for the following project:

Construction on State Highway 5 in Orange County near
Dana Point
North of Camino De Estrella/South of San Juan Creek Rd.,
12-Ora-5-6.2/8.7
**California Department of Transportation Contract
12-0F96E4**

Bid date and time: October 31, 2013 @ 2:00pm

Subcontractors/Suppliers Requested for, but not limited to, the following:

Aggregate, Concrete Supplier, Street Sweeping, Construction Area Signs, Traffic Control System, Plane Asphalt Concrete, Remove Bridge Item, Highway Planting, Hydroseeding, Erosion Control, Irrigation System, Temporary Erosion Control, Lime Treatment, Seal Coat, Asphalt Concrete, Paving Asphalt (AC), Place AC Dike, Clean & Seal Pavement Joints, Groove & Grind Pavement, Furnish & Drive Piling, CIDH Concrete Piling, Sound Wall (Masonry Block-Concrete), Reinforcing Steel, Sign Structure, Roadside Signs, Concrete Curb & Sidewalk, Fencing, MBGR, Metal Railing, Concrete Barrier, Thermoplastic & Painted Traffic Striping and Marking, Signal & Lighting, Detector, Ramp Metering System, Masonry, Coring, Demolition and Trucking.

Items of work may be broken down into economically feasible packages to encourage participation. Shimmick Construction intends to conduct itself in good faith with all firms for participation on this project.

For additional project information or to discuss obtaining necessary equipment, supplies, and/or materials please contact Ian Huber, ihuber@shimmick.com - (949) 333-1500 x560 or Austin Moore, amoore@shimmick.com - (310) 261-0379, for additional contract assistance please contact Trina Clay, tclay@shimmick.com or (949) 333-1500 x517

Contract documents are available at: *Electronic copies of the plans and specifications can be downloaded from the Caltrans Website http://www.dot.ca.gov/hq/esc/oe/weekly_ads/index.php. If you require additional assistance with plans, specification or requirements of the contract please contact Trina Clay at (949) 333-1500 x517

100% Performance and Payment bonds with a surety company acceptable to of Shimmick Construction are required of subcontractors. Shimmick Construction will pay bond premium up to 1.0%. Subcontractors will be required to abide by terms and conditions of the AGC Master Labor Agreements and to execute an agreement utilizing the latest Shimmick Construction Standard Long Form Subcontract incorporating prime contract terms and conditions, including payment provisions-subcontract draft copy available upon request. Subcontractor must provide insurance coverage for their work as required by the Prime contract or Shimmick minimum - whichever is greatest. Shimmick's minimum insurance requirement is: General Liability \$1M-Per Occurance/\$2M-Agg/\$2M-Completed Operations; Excess Liability \$5M; Auto Liability \$1M; Workers Comp & Employer Liability \$1M. Shimmick Construction's listing of a Subcontractor is not to be construed as an acceptance of all of the Subcontractor's conditions or exceptions included with the Subcontractor's price quote. Shimmick requires that Subcontractor and Supplier price quotes be provided at a reasonable time prior to the bid deadline to enable a complete evaluation. For assistance with bonding, insurance or lines of credit contact Scott Fairgrieve at (510)

777-5000.

Traffic Control System - Day or Night - Job # 12-0F96E4

- 1 impact attenuator vehicle (IAV) with driver \$915.00 per 8 hour shift
- 1 man lane closures \$890.00 per 8 hour shift
- 2 man lane/ramp closures \$1,390.00 per 8 hour shift
- 3 man lane/ramp closures \$2,295.00 per 8 hour shift - *IAV included*

All KRC SAFETY traffic control trucks come with the following:

- Up to 300 cones, (2) arrow boards, applicable equipment to close 2 lanes in same direction and or 1 lane in opposite directions, applicable on/off ramp closure equipment for up to 2 ramps within the closure, (6) beacons with batteries, & (24) flag stands. All traffic control trucks are also equipped with (1) T13 setup.

Please add the following amount to any shift price above:

- \$50.00 per additional arrow board per shift plus applicable delivery and pick up fees
- \$200.00 for full freeway closure, 1 direction only.
- \$585.00 per additional labor per 8 hour shift, vehicle/equipment not included
- \$700.00 per additional labor per 8 hour shift, pick up included, no equipment

Traffic Control Notes:

- Cancellations made less than 6 hours notice of requested show up time will be charged at 40% of quoted rates, all cancellations MUST be received in written form, via fax or e-mail.
- Impact attenuator vehicle (IAV) & TC crews **subject to availability**
- KRC's 2 or 3 man crew must be used for ramp and or full freeway closures
- If contractor elects to use (1) man lane closure option contractor must supply KRC with a qualified, knowledgeable traffic control tech to help set out and pick up equipment.
- Time starts when first piece of equip. is placed and ends when last piece of equip. is picked up.
- Please allow 30-90 minutes on each side of shift for placing and removing equipment.
- All overtime (8-12 hours) will be charged at \$95.00 per hour per man
- All double time (over 12 hours) will be charged at \$105.00 per hour per man
- All Saturday traffic control rates multiply by 1.45
- All Sunday traffic control rates multiply by 1.85
- **KRC does not charge additional fees for additional closures within the shift. We will set up and take down as needed within the work shift for the price you see quoted with the equipment mentioned above.**

Impact Attenuator Vehicle (IAV) - Rental Only - Subject to Availability

- \$350.00/day : \$1,200.00/week : \$3,100.00/month (month rate based on 30 calendar days)
- \$100.00 delivery fee per pcms : \$100.00 pick up fee per pcms
- proper insurance certificate must be on file with KRC prior to delivery

ATTACHMENT A

Job # 12-0F96E4

Bid Date: 10-31-2013

- 1 KRC SAFETY CO., INC. is signatory to the Laborers of Northern California, Construction Laborers of Southern California and the Operating Engineers.
- 2 Unless otherwise noted on quote, all subsistence and travel pay is included in all prices.
- 3 KRC SAFETY CO., INC. is recognized by the Department of Transportation as a Certified Disadvantaged Business Enterprise (DBE) ~ (Certificate # 000447) Expires 11/23/2014, SBE (Certificate # 0006897), MBE (Certificate # 91S00114)
- 4 Concrete or asphalt coring / patching is **NOT** included in any quoted items.
- 5 Unless noted on bid, traffic control is **NOT** included in the installation, removal, or repair of any items.
- 6 KRC SAFETY CO., INC. requires a, **12 WORKING DAY WRITTEN NOTICE IN ADVANCE**, prior to commencement of work, including installation and removal of signs. Additionally, an Executed subcontract or purchase order must be on file with this office prior to the start of work.
- 7 This quote shall remain valid for a period of 45 days from actual bid opening unless otherwise agreed upon in writing.
- 8 Contractor agrees to provide personnel for up to 5 to 10 minutes per KRC employee for relief break periods as needed due to weather and heat conditions to meet CAL OSHA heat illness prevention requirements.
- 9 Lump Sum price for Construction Area Signs includes: USA Notification, installation, removal and INITIAL dating of any ramp signs. Contractor will be responsible for maintenance and changing dates on signs as required. All construction area signs are considered rental and shall remain property of KRC SAFETY CO., INC. at the conclusion of project. Per KRC standard rental agreement prime contractor will be charged replacement cost for any signs, lumber or barricades missing and or damaged at conclusion of project. This amount must be paid in full within 30 days by the contractor, retention shall not be held on this amount.
- 10 Prior to KRC SAFETY CO., INC. installing any signs contractor must have proper agency (i.e. Caltrans, County, City, etc.) mark out all sign locations. Proper agency must also mark out their underground utilities and or pipes that are not located by USA. Agency will be responsible for lines hit that are not marked out by their forces. Therefore KRC SAFETY CO., INC. will not be responsible for any damage done to agencies utilities and this will become the responsibilities of the contractor and or the representing agency.
- 11 Bid item 4 includes (2) mobilizations. Additional mobilizations will be charged at \$1,200.00 each.
- 12 KRC SAFETY CO., INC. will not provide performance or payment bonds to the contractor.
- 13 Retention will not be held on traffic control work.
- 14 Compliance with Section 7108.5 of the Business & Professions code and any other statutes pertaining to prompt payment must be complied with and are and MANDATORY.
- 15 KRC SAFETY CO., INC. requests an invitation to all pre-job conferences.
- 16 Notification must be given to KRC SAFETY CO., INC. prior to any work performed as EXTRA-WORK or Force Account. If notification is not received, KRC will bill at usual rates and full payment will be the responsibility of the contractor.
- 17 Contractors State License #507950 Expires 03/31/2015 (Class A & C31)
- 18 Portable Changeable Message Signs are strictly RENTAL, retention will not be held on rental equipment.
- 19 KRC SAFETY CO., INC. maintains Commercial General Liability Insurance with limits of \$1,000,000 each occurrence \$2,000,000 aggregate. Additional Insured and Hold Harmless are given only in respects to KRC SAFETY CO., INC. work. KRC SAFETY CO., INC. carries \$5,000,000 excess liability. Any additional liability limits or additional endorsement, including Waiver of Subrogation (add \$50.00 per policy period) requested by Prime Contractor and not provided by KRC SAFETY CO., INC. will be charged to and will be the responsibility of the Prime Contractor. Railroad insurance requirements excluded from this quote.
- 20 Sign panels for permanent items supplied by KRC SAFETY must be given 45 days advanced notice prior to being needed.
- 21 Force account rates will be charged to the contractor for any onsite training or meetings required.
- 22 Should this quote be accepted by the contractor, Attachment A in its entirety shall become part of any and all subcontract agreements and/or Purchase Orders relating to this project. This quote shall be deemed accepted if a contractor lists KRC in its bid or if this quote is used by a subcontractor in its bid to a prime contractor.

Total Bid Price: \$1,291,020.40

Notes:

- Revision 1 adds bid item 26 only.
- The above prices do not include Performance and Payment Bond. Add 2% if bond is required. Due in 30 days.
- Night work is excluded
- Import or export of soil is excluded.
- Water meters, point of connection, cost of water and hot taps are excluded.
- Electrical is excluded except for final hookup to controller.
- All clear & grub is excluded.
- Cut, cap, patch and removal of concrete or asphalt is excluded.
- Traffic control is excluded.
- Sub grade is excluded.
- Grading is excluded.
- Compaction is excluded.
- Maintenance bid for 250 working days.
- Maintenance of temporary erosion control is excluded.
- Removal of temporary erosion control is excluded.
- No retention to be withheld.
- Pipe and wire to be installed prior to paving or hardscape.
- Installation of sleeves to be scheduled prior to compaction of subgrade or installation of any facilities above sleeve.
- 110 working day(s) required and includes 3 move-in(s) for construction. Additional move-ins=\$500 each.
- Semi-truck access is required within 200 feet for mulch work.
- Staging area and water supply is required at jobsite for mulch work.
- Water to be provided through a 2.5" metered hydrant or equal at jobsite for hydroseed work.
- Installation of concrete will not exceed 2" under rock.
- Excludes Class 2 Aggregate base for Rock Blanket.
- Approval of proposed subgrade for rock blanket excavation will be required by Diversified.
- Extend conduit bid by location (1), not LF.
- Roadside clearing will be performed immediately before preparing planting, mulch and rock blanket areas.
- All of the notes above to be made part of contract.
- Proposal good for 60 days.
- Any changes, additions, deletions to this proposal must be approved by Diversified prior to bid time.
- **We are a Disadvantaged Business Enterprise (DBE 8022).**

Payment Terms:

Payment to be within 30 days of billing.

240	Concrete Barrier Type 60R	LF	1,050	\$ 351.00	\$ 368,550.00
TOTAL					\$ 3,837,800.00

Exclusions:

- Storm Water Pollution Control, Water Pollution Control Plans and implementation or cost thereof.
- Survey, layout and/or staking.
- Dust control and haul road maintenance
- Sweeping and/or vacuum broom
- Bonds, permits, fees and cost thereof.
- Pavement markings (Temporary or Permanent)
- Furnish construction message signs, and/or changeable message signs and any related work or the movement thereof.
- Furnishing or moving any of the following will be others and will be scheduled by prime not to interfere with our work; traffic control, k-rail, crash cushions, QCMB, k-rail end protection devices, terminal sections, crash arrays.
- Dewatering and control of surface water.
- Removal or disposal of hazardous or contaminated materials and any related costs.
- Utility Relocations.
- Architectural finishes, stains, or color.
- Notification of property owners and/or tenants.
- Maintaining existing traffic management system elements during construction and all related work.
- Clearing and Grubbing
- "Standard" Subcontract Agreements, our subcontract terms to be negotiated, any and all terms listed in any advertisement by prime contractor are specifically excluded, and the terms of our quote shall prevail in all cases.
- Retention.
- Traffic control.
- Post mile markers.
- Remedies for concrete stains on asphalt.
- Protection of railroad facilities, railroad insurance, and flaggers.
- Fencing or electrical imbeds, block outs, accessories or installation thereof, and any related reinforcing details.
- Excavation, grading, compaction, backfill and/or shoring.
- Installation or protection of weep pipes, electrical pull boxes, drainage inlets, deck dowels, fencing, barrier mounted signs, imbeds, and/or any related items or reinforcing details.
- Protecting and closing the gap between removed barriers and barriers being constructed.

3430 Pacheco Blvd. • Martinez, CA 94553 • (925) 957-8184 FAX: (925) 957-8121
License No. 725244

27. Coring barrier for fence posts, any fence hardware.
28. Labor and hardware for tie-ins to existing or new metal beam guard rail or bridge barrier.
29. Furnishing or placing any materials under concrete barrier or any related work.
30. Material over-run due to grading by others.
31. Paving high for the convenience of others.
32. OH Sign pedestal rebar and anchoring devices.
33. Saw cutting existing edge of pavement.
34. Concrete Washouts.
35. Night work concrete charges. All additional costs from concrete supplier for working at night to be billed to prime contractor.

Special Conditions:

1. RES will not perform extra work at force account until a CCO for said extra work is fully executed or another method for paying for extra work is established so that extra work will be paid on the next progress estimate following the start of the extra work.
2. All work not paid at a quoted item rate will be charged to the prime at a rate no less than the Caltrans extra work rate for subcontractors with standard markups, without regard to the payment or reimbursement to prime from owner.
3. No amounts shall be withheld from our extra work payments. Only the prime's markup on RES, should the owner pay the markup, may be withheld.
4. Release of retention within thirty (30) days of the completion of our work without regard to other ongoing work on the project.
5. Release of progress and final payments within five (5) calendar days of warrant date or EFT date whichever is sooner.
6. Price based on mutually agreed upon schedule, in writing, with 60 days written notice for all move-ins.
7. Prices subject to change if not accepted in writing within thirty (30) days.
8. Attendance of any prime contractor safety meeting shall be at force account plus standard subcontractor markups.
9. RES will require prime contractor to coordinate construction activities at each location.
10. Our insurance for this project will not include coverage beyond the standard limits carried by RES, or any insurance coverage in favor of others, or an excess umbrella liability policy.
11. RES shall receive copy of all CPMs and schedules and their revisions with time to comment and dispute prior to submittal to owner failure to comply shall relieve RES of any obligations related to the contents of the schedule or impacts to the schedule and any related penalties. In the event that durations or information is forwarded to Caltrans without the consent of RES and the unapproved information becomes part of a claim or contract change order any monetary consequences will become the Contractor's responsibility. Referring RES to review the project schedule at the contractor's office is not acceptable.
12. This quotation shall be made an integral part of our subcontract agreement as a scanned copy of this exact document, in its entirety, and as such shall supersede any conflicting language in the subcontract agreement. Rewording or paraphrasing of our terms for inclusion in subcontract is unacceptable.
13. RES rejects all of the terms in every prime contractor advertisement and solicitation, and encourages primes to assist with DBE participation.
14. Prices bid as a package, please call before splitting.
15. Traffic control and k-rail movement to be provided as deemed necessary by RES at no cost to RES.
16. Jobsite water at work areas and sanitary facilities with wash stations to be provided by others at no cost to RES.
17. RES will require any temporary k-rail movement and specific location of k-rail openings to be coordinated with its operations and will be staging paving equipment and related equipment at worksite unless other arrangements satisfactory to RES are made in advance at no cost to RES.
18. Prime Contractor to provide **BARRIER** survey staking for line and grade. Survey points need to be 4 feet offset from left/right of center line of barrier with a fill to top of barrier marked on stakes. The left/right of centerline is to be determined with RES superintendent on site. Staking to be 50 feet centers in tangents and 25 feet centers in radius. Should survey not be provided exactly as stated above, RES reserves the right to have it provided by a third party and shall charge the prime contractor for these costs plus 5% markup for administrative fees.
19. Prime to provide and maintain all weather track grade, clear of obstacles.
20. Prime to provide clear and safe concrete mixer or truck or concrete pump access to the work
21. All barrier paving to be done by machine, from the high side of the barrier, machine to run on final lift of pavement
22. RES will not be responsible for ISR/JPCP/CRCP/PCCP/PRECAST pavement thickness deficiencies resulting from sub-grade / sub-base placed to incorrect elevations by others.
23. Prime Contractor to provide grinding slurry dumpsite within 15 miles of the work site at no cost.
24. Prime contractor to provide JPCP / LCB / CRCP survey staking for line and grade. Points to be 4 feet offset from edge of JPCP / LCB / CRCP with a fill to finish grade on projected plane of pavement. 50 feet spacing in tangents and 25 feet spacing in radius. Should survey not be provided exactly as stated above, RES reserves the right to have it provided by a third party and shall charge the prime contractor for these costs plus 5% markup for administrative fees.
25. Prices are based on working standard shifts without overtime, and working in an uninterrupted sequence 5 days a week.
26. Mobilizations are included as follows: 2 mobs for JPCP/LCB work, 2 mobs for barrier work. Additional mobs will be \$9500 for barrier, \$12500 for pavement work. No credit for fewer.
27. Escalator of \$10 per cubic yard for items 135, and 144 beginning 1/1/16; and an additional \$12 per cubic yard every 6 months thereafter until the completion of this project.
28. Escalator of 10% per foot for items 145, 224-226, and 233-240 beginning 1/1/16; and an additional 12% per foot every 6 months thereafter until the completion of this project.

If you have any questions please call Matt Sorrow at 925.957.8184 x213

Caltrans Contract 12-0F96E4
Rte 5, San Juan Capistrano
Modern Alloys, Inc. Bid No. 6607

Exclusions/Clarifications

1. No bond cost included. Bond not available at this time.
2. In the event of Force Account work by Modern Alloys', we will receive all markups, except the 5% permitted in Standard Specification Section 9-1.03 for the Prime Contractor.
3. All work performed by appropriate trade(s) and per required Prevailing Wage for that work., e.g. Ironworkers installing reinforcing steel.
4. We acknowledge receipt of Addendum No. 1 and 2.
5. We exclude all electrical work.
6. Contractor to provide the following approximate traffic control for our work:

Overhead Sign Package

5 Each - Full Freeway with Ramp Closure

10 Each - Freeway Lane Closure, Single Direction, Multiple Lanes

Metal Beam Guardrail

4 Each - Freeway Lane/Ramp Closure

Concrete Barrier

30 Each - Lane Closure, Multiple Lanes, Adjacent to Median

20 Each - Ramp Closure

MODERN ALLOYS' WILL NOT ACCEPT ANY DEDUCTIONS FOR LATE LANE REOPENING PENALTIES THAT ARE NOT FULLY CAUSED BY OUR OPERATIONS.

** All other work performed behind K-Rail, with access provided, per Contract Staging and Traffic Handling Plans.

7. Modern Alloys, requires 20 workday notification for scheduling our crews. Modern Alloys' to be contacted for our input to your overall project schedule. Modern Alloys' will commence our work only if given reasonable and timely notification, your preceding work is complete, and your schedule provides reasonable durations.
8. Price for Items 37 and 45 EXCLUDE removal and disposal of existing concrete foundations and end anchors.

Exclusions and Clarifications Continued

9. Concrete Barrier
 - a. Items 226, 233, 234, 235, 236, 237, 238, 239 and 240 are bid as a non-separable package.
 - b. Price includes concrete, reinforcing steel and closure plates.
 - c. **All 1" or 3" expanded polystyrene expansion material at Type 60F Mod Barrier is furnished and installed by others.**
 - d. All barrier installed after, and on, your finished paving, or compacted base, or in your prepared trench adjacent to finish paving.
 - e. Prices include 1 move-in for Stage 1, Phase 2; 1 move-in for Stage 2, Phase 1; 1 move-in for Stage 2, Phase 2 and 1 move-in for Stage 3.
 - f. All conduit and pull boxes installed and **SECURELY** anchored by others before our barrier installation.
 - g. **Dowels from bridge deck for Item 236 are BY OTHERS.**
10. Concrete Barrier Add-On Package Items 224 and 225
 - a. Items 224 and 225 can be added to the Concrete Barrier Package above, but will not be accepted alone.
 - b. Neat excavation for bottom of barrier and any backfill is by others.
 - c. Barrier Items 224 and 225 installed **BEFORE** your pavement structural section.
 - d. Price includes concrete and reinforcing steel.
11. Overhead Sign Items 45, 46, 57, 176, 177 and 178 are bid as a non-separable package.
 - a. All permanent new sign structures and sign panels are included in this package.
 - b. Overhead sign work **EXCLUDES** all work involved in temporary sign panels or overlays.
 - c. Overhead sign work includes 1 move-in for removal and 1 move-in for new installations, per staging Plans. Additional move-in's +\$500.00/each.
 - d. Anchor bolts for CIDH Sign Pile Foundations are **FURNISHED** only by Modern Alloys. **INSTALLATION** of anchor bolts by others.
 - e. Price for Item 176 **EXCLUDES** field verifications of two post sign piles. Your field measurement for Signs SS1-1 and SS5-4 are required before final fabrication.
 - f. Price for Item 176 **INCLUDES** field assembly and sign panel installation.
 - g. **DELIVERY:** Allow 6-8 weeks for shop drawing submittal ARO and 6-8 weeks fabrication after receipt of approved shop drawings.
 - h. Item 176 price quotation is subject to escalation if not ordered within 30 days of bid date. Subject to material availability.
 - i. Modern Alloys shall not be held responsible for any loss or damage related to material transported via commercial carrier.
12. Metal Beam Guardrail Items 33, 37, 222, 228, 229 and 230 are bid as a non-separable package.
 - a. Price includes 2 move-in's for removal and 2 move-in's for new installation. Additional move-in's +\$500.00/each.
 - b. Price includes disposal of Treated Wood Waste.
 - c. Price for Item 228 includes only rail and wood posts. Price **DOES NOT** include concrete anchor block.
 - d. **Item 223 can be added to the Guardrail Package, excavation and grading BY OTHERS.**
 - e. **If you self perform this Item, it's done after our metal beam guardrail is installed.**
13. Contractor to provide on-site temporary concrete washout area and disposal in the immediate area of our work for our mixer truck waste.
14. All prices based on straight time work shifts. Any overtime or acceleration costs are the responsibility of the Prime Contractor.
15. Modern Alloys' excludes costs associated with training and implementation of Prime Contractor's final approved plan for Aerially Deposited Lead, Water Pollution Control Plan or Storm Water Pollution Prevention Plan.
16. Conditions of this proposal will be made part of your subcontract.

					Total	\$528,530.00

Conditions:

- Adequate lay-down area for material equipment staging
- Water will be made available by General Contractor for use by Baryeh Construction Engineers
- Tail gate access for pouring barrier rails
- Access to drill and bond locations
- Access to joint seal locations
- Cal-OSHA approved working scaffold and protective cover over traffic and environmentally impacted areas.
- No weekend work (Saturday & Sunday), eight (8) hour work day
- Price assumes mutually agreeable terms, conditions and schedule can be reached
- General Contractor to provide line and grade
- Written move-in notification ten (10) weeks before requested move-in date (negotiable).
- Retention released in 2 pay cycles after item work is completed.
- Quote includes 3 move-ins, additional move-ins at \$5,000.00

Inclusions:

- Joint Seals (MR=2")
- Adhesive for drill & bond dowels
- Form, Pour and Finish Barrier Railsurnish and install all formwork
- Furnish and install all steel reinforcing (including dowels)
- Furnish and install all cast in place concrete

Exclusions:

- Traffic Control
- Embedded Items (Misc Items of any kind)
- Dowels
- Reinforcing steel (Install, protection) with any of it's associated work
- Concrete, concrete pumping and wash-out
- Test panel
- Sanitation facilities and dumpsters
- Utilities
- QC/QA, testing, inspection
- SWPPP,
- Bonds

OUR PROPOSAL IN ITS ENTIRETY SHALL BECOME A PART OF THE SUBCONTRACT AGREEMENT SHOULD WE BE THE SUCCESSFUL LOW BIDDER ON THIS PROJECT. ANY CONFLICT BETWEEN THESE CONDITIONS AND THE SUBCONTRACT AND THESE CONDITIONS SHALL PREVAIL.

WE PROPOSE TO FURNISH ALL MATERIALS, LABOR, AND EQUIPMENT AND DRIVE THE FOLLOWING

ITEM #	DESCRIPTION	ESTIMATED QUANTITY	UNIT PRICE	TOTAL
150	FURNISH PILING (CLASS 90)	16,803 LF	\$17.00	\$285,651.00
151	DRIVE PILE (CLASS 90)	388 EA	\$1,552.00	\$602,176.00
152	FURNISH PILING (CLASS 200)	1,360 LF	\$18.00	\$24,480.00
153	DRIVE PILE (CLASS 200)	24 EA	\$1,552.00	\$37,248.00
276	MOBILIZATION	1 LS		\$80,000.00
			TOTAL *	\$1,029,555.00

*PRICE BASED ON INSTALLING ABUTMENT AND RETAINING WALL PILES DURING DAY SHIFTS FROM THE EXISTING SHOULDER OF HWY 5 WITH A MINIMUM OF 30' OF WORK SPACE DURING LANE CLOSURES. SHOULD PILES NEED TO BE DRIVEN DURING NIGHT TIME LANE CLOSURES PLEASE SEE UNIT PRICES LISTED BELOW.

WE INCLUDE:

1. 1 MOBILIZATION (INCLUDES ALL ONSITE MOVES)
2. FURNISH & INSTALLATION OF 388 14" SQ (CLASS 90) PCPS PILES TOTALING 16,803 L.F. AND 24 14" (CLASS 200) PCPS PILES TOTALING 1,360 L.F.
3. PREDRILLING (STOCKPILE OFFHAUL AND DISPOSAL OF DRILL SPOILS BY OTHERS)

WE EXCLUDE:

1. VIBRATION & NOISE MONITORING (IF REQUIRED TO BE BY OTHERS)
2. LOCATION AND PROTECTION OF UTILITIES
3. DAMAGE TO ADJACENT STRUCTURES DUE TO PILE DRIVING
4. LAYOUT / ASBULTS OF PILES
5. TRAFFIC CONTROL
6. PROFESSIONAL LIABILITY INSURANCE (IF REQUIRED)
7. STOCKPILE OFFHAUL AND DISPOSAL OF DRILL SPOILS (BY OTHERS IF REQUIRED)
8. PILE CUTOFF
9. PILE LOAD TESTING
10. LIGHTING SHOULD NIGHT WORK BE REQUIRED (TO BE PROVIDED BY OTHERS)

UNIT PRICES:

1. ADD \$120,700.00 TO DRIVE ITEMS ABOVE IF NIGHT WORK IS REQUIRED TO INSTALL PILES AT THE ABUTMENT AND RETAINING WALL LOCATIONS (BASED ON 7 HR WORK WINDOWS). IF NIGHT WORK IS REQUIRED THE GENERAL CONTRACTOR SHALL BE RESPONSIBLE FOR ALL LIGHTING, TRAFFIC CONTROL, LANE CLOSURES, AND FLAGGERS THAN MAY BE NECESSARY.

**FOUNDATION PILE, INC.**PW NO: 313-13
PAGE 2 OF 3**QUALIFICATIONS:**

1. ALL OVERHEAD AND UNDERGROUND OBSTRUCTIONS WILL BE REMOVED BY OTHERS.
2. FLAT, LEVEL, ALL WEATHER ACCESS FOR OUR CRANES, FORK LIFTS, AND PILING TRUCKS WILL BE BY OTHERS. SHOULD RAMP ACCESS BE REQUIRED ALL RAMPS SHALL NOT EXCEED A SLOPE OF 1:7
4. ABOVE PRICE IS BASED ON INSTALLING PILES DURING DAY SHIFTS SHOULD NIGHT WORK BE REQUIRED SEE UNIT PRICES LISTED ABOVE.
5. PRICE IS BASED ON CONTINUOUS ACCESS TO ALL RETAINING WALL PILE LOCATIONS WITHOUT HAVING TO BREAK DOWN OUR RIG AND MOVE.
6. GENERAL CONTRACTOR SHALL BE RESPONSIBLE FOR PROVIDING AT LEAST 30' WIDE WORKING AREA ALONG SIDE THE RETAINING WALL FOUNDATION FOR OUR RIG.
7. GENERAL CONTRACTOR SHALL BE RESPONSIBLE FOR PROVIDING PROTECTION OF EXISTING SURFACES FROM OUR CRANE AND PILING EQUIPMENT.
8. BASED ON OUR RIG HAVING AN AREA TO SIT ON THE SIDE OF THE FREEWAY NEAR TO RETAINING WALL FOOTING DURING NON PILE DRIVING HOURS.

FOUNDATION PILE, INC.

PW NO: 313-13
PAGE 3 OF 3

This proposal is subject to the following conditions:

1. Prime contractor/owner shall provide at no cost to ourselves:
 - a. Suitable all weather roadways with level access and minimum 30 feet wide work areas. All reaches are not to exceed feet from center-pin to all pile locations for our truck/crawler crane without the use of mats. Stock pile areas for materials will also be needed.
 - b. Protection of adjacent properties and hold us harmless, except for our negligence, from damages caused by pile driving vibration.
 - c. Location and protection of utilities during pile driving operations, including all required USA notifications for piling.
 - d. Establish and maintain pile layout and levels.
 - e. Testing and inspection services, pile driving record keeping, and all engineering and design. No outside plant inspection.
 - f. Public safety measures including flagmen and barricades, shoring or sloping shall be in accordance with O.S.H.A. and F.P.I. requirements.
 - g. Permits.

2. Prime contractor shall remove at no cost to ourselves:
 - a. Any man-made or placed obstructions overhead or underground that interfere with pile driving operations, and pay our delay and/or extra work costs caused thereby. Unless otherwise agreed, excavation will be done to pile cut-off prior to pile driving.
 - b. Pile cut-offs and pile cut-off debris.
 - c. Pre-drill spoil and water.

3. Prices are based on:
 - a. Driving all piles in 1 continuous operation(s) in the most efficient sequence and include(s) 1 single rig mobilization(s) and demobilization(s) of equipment. The price for an additional mobilization and demobilization of equipment shall be the lump sum of \$30,000.00. Extra work or delay time at \$980.00 Per Pile driver hour. All back charges/claims must be signed by both parties.
 - b. Our providing only the following insurance coverage for our operations in the following amounts:
Workman's Comp.: Statutory BI: \$1,000,000.00 PD: \$1,000,000.00.
 - c. Our performing our work under accepted prevailing local union labor conditions. Any costs to us caused by your non-compliance with union conditions shall be for your account.
 - d. Our working the standard shift Monday through Friday.
 - e. Should local noise abatement regulations require us to work premium or shortened driving shifts, equipment modifications, change of operating methods, etc., we shall be reimbursed for our added costs.
 - f. All pile locations must be a minimum of 30" from any non-removable structure to center of pile.

4. Prices do NOT include the following:
 - a. Cost of any payment and/or performance bond.
 - b. Bending of any rebar/Dowels.
 - c. Pile extensions nor splices.
 - d. Stockpiling of pile cut offs.
 - e. Excavation and dewatering.
 - f. Any liability for liquidated damages and liability for delays beyond our control to job schedule. Job schedule must be accepted by us in writing. We estimate that we can start 30 days after receipt of subcontract, approved shop drawing, notice to proceed and materials.
 - g. Removal of wood cushion blocks after piles have been driven.
 - h. Indemnification and additional insurance - Prime contractor shall defend and indemnify Foundation from all claims, losses, damage and injury occurring due to Or arising out of items, risks or work excluded by Foundation herein, including Design defects. Any Additional insurance provided by Foundation, shall exclude from defense and indemnity the prime contractor's and/or owner's own independent negligence, and all damages arising out of said excluded items, risks and work. Foundation reserves the right to maintain self-insured retentions and Deductibles in amounts economically available in the insurance market, and requires that any additional insured to pay same in advance as a condition of any tender to the insurance carrier providing additional insurance.
 - i. Any pile that is broken or destroyed by overdriving ordered by the owner/engineer shall be paid for as a completed pile.

5. Payment for 90% of the work completed the preceding month shall be received by the 10th of the following month and payment in full shall be made within 30 days after the piles have been installed. A charge of 1 1/2 % per month (18% per year) will be charged on past due accounts. Payment in full shall be made if a break in the continuity of the work exceeds thirty-five (35) days.

Thank you for the opportunity of quoting on this work. This proposal is made, in duplicate, for your acceptance within 30 days.

CONTRACTORS AND ENGINEER

TO: Estimating Department

RE: CALTRANS NO. 12-0F96E4
Rtc 5 Camino De Estrella
Orange County, CA
CPCO Est. No. 13-142E

Attn: Estimators

BID DATE: 10/31/2013 @ 2:00 PM

Subject to Terms and Conditions stipulated below and on the attachment hereof, we propose to furnish labor, materials and equipment necessary to install the following bid items:

<u>ITEM NO.</u>	<u>ITEM</u>	<u>UNIT OF MEASURE</u>	<u>ESTIMATED QUANTITY</u>	<u>UNIT PRICE</u>	<u>TOTAL PRICE</u>
148	24" CIDH Concrete Piling	LF	4,271	\$175.00	\$747,725.00
149	84" CIDH Concrete Piling	LF	202	\$1,460.00	\$294,920.00
154	16" CIDH Concrete Piling (Soundwall)	LF	5,700	\$39.00	\$222,300.00
155	24" CIDH Concrete Piling (Soundwall)	LF	91	\$50.00	\$4,550.00
TOTAL BID:					\$1,269,495.00

This proposal is based upon the plans and specifications by: Caltrans dated 4/29/13 and
Geotechnical Borings prepared by: Foundation Reports - Earth Mechanics
Addendums: #1 & #2

Scope of Work

- Machine drill the piles. Temporary tool casing and/or polymer slurry as required.
- Furnish and install oversized CMP from cut-off elevation to optional construction joint on 84" diameter piles.
- Place pile-reinforcing steel furnished by others.
- Furnish, place and backfill inspection tubes for 24" and 84" piles as required.
- Furnish and place pile concrete to pile cut-off elevations.
- Furnish and install top form rings, removed by others.
- Furnish and place concrete cure.
- Concrete pumping as required. Concrete pumping is not included for soundwall piles.
- Furnish desilting tanks.
- One (1) mobilization is included for 84" diameter piles. Add \$80,000.00 to include an additional mobilizations.
- One (1) mobilization is included for 16" and 24" diameter piles. Add \$20,000.00 to include additional mobilizations.

Add 1.44% to include a Payment and Performance Bond.

Special Clarifications

We will require sufficient access for the 84" diameter piles, including firm level benches for the drill rig, 100 ton rough terrain crane, desilting tanks, concrete boom pump and concrete trucks. The track mounted drill rig is 18' wide by 30' long and weighs 200,000 pounds. Maximum reach from the drill rig to the centerline of the piles is 7'. Maximum reach from the concrete pump is 60'. Minimum overhead clearance required is 150'.

We will require sufficient access for 24" bridge piles, including firm level benches for the drill rig, 30 ton rough terrain crane, desilting tanks, concrete boom pump and concrete trucks. The track mounted drill rig is 10' wide by 20' long and weighs 60,000 pounds. Maximum reach from the drill rig to the centerline of the piles is 10'. Minimum overhead clearance required is 80'.

We will require sufficient access for soundwall piles, including 15' wide firm level benches for the drill rig, forklift, and concrete trucks. The track mounted drill rig is 10' wide by 20' long and weighs 60,000 pounds. Maximum reach from the drill rig to the centerline of the piles is 10'. Minimum overhead clearance required is 50'.

The piles may be installed by slurry displacement. The drill spoils will have the consistency of mud. Water, slurry and silt generated by the drilling operation will be pumped to desilting tanks for removal by others.

No retention is to be withheld. Case Pacific Company will only indemnify your company to the extent of our proportionate fault.

As stated in the attached Terms and Conditions, the following items are to be provided by others:

1. All necessary layout.
2. Removal or relocation of utilities to allow for legal clearances.
3. Pile reinforcing delivered to and unloaded at each pile location.
4. Splicing pile reinforcing as required.
5. Furnish and setting column cages.
6. Continuous spoil removal including dust control, slurry, water, silt and excess concrete.
7. Clean up of pile caps.
8. Substantial source of water, minimum two-inch diameter line within 200 feet of each pile location.
9. Traffic control, including lane closures to allow for full shift operations.
10. Equipment and concrete washout areas.

TERMS AND CONDITIONS

1. Unless stipulated to the contrary, the following items of work are to be performed and paid for by others. No cost for these items is included.
 - a. All field engineering, transit and level work as required by Case Pacific Company in addition to center hubs, reference points and grade stakes for concrete and steel placement at each pier and/or soldier beam location.
 - b. All required soils and concrete testing and inspection including pier records, shop drawings and reports.
 - c. Provide acceptable ramp to working area and firm, dry level access and suitable clearance to each pier location so that drilling equipment, concrete trucks, cranes and other construction vehicles can move from location to location under their own power. Access includes furnishing, placing and maintaining ramps, mats, gravel or other surface materials throughout the project. Access to shafts to be provided prior to beam or cap excavation, or agreed to in writing.
 - d. Removal, relocation or protection of any existing utilities, either above or below ground, which may interfere with the installation of Case Pacific Company's work. Power lines closer than legally permissible are to be removed or de-energized by others. When Case Pacific Company is requested to commence work on the referenced construction project, that request will constitute representation that all above or below ground utilities have been located and that all necessary and appropriate action has been taken to ensure that the work to be performed by Case Pacific Company can be performed safely without any threat of injury or damage to persons or property from said utilities.
 - e. Furnishing, delivering and placing of any anchor bolts, dowels, column or wall steel, base plates, keys, templates or forming above or below drilling grade.
 - f. Shoring, including shoring the pile caps, bracing, underpinning, supporting or protecting existing structures including protection and/or repair of all pavement and sidewalks.
 - g. Continuous removal and disposal of all spoils (liquid or solid) and waste materials, debris and excess concrete so as not to interfere with or delay Case Pacific Company's work.
 - i. Furnish storage and parking area, sanitary facilities, flagman, barricades, street cleaning and minimum 2" water service within 200' of each work location. Handrails and fences to be furnished, installed, relocated, and maintained as required.
 - j. All required on-site licenses, permits, inspections, observations, monitoring, material design, surveys, casements, laboratory or field-testing, inspection reports, and services of a foundation or structural engineer.
 - k. Fall protection for non-Case Pacific Company employees.
2. This proposal is based on performing our work in one continuous, uninterrupted operation with only one move on and off the site.
3. This proposal is based on a mutually agreed to schedule and our working a straight-time workweek. The premium time portion of any overtime work required will be charged as extra work.
4. Standard rates will be charged for delays caused us by others over which we have no control.
5. The removal of obstructions such as concrete, timber, wire, steel, masonry, pipelines, loose fill, etc., which interfere with the pier installation is not

- included in the principal sum and the costs for removal and delays will be billed and paid for as extra work. Case Pacific Company shall also be entitled to equitable compensation for costs of any excess repair of drill rigs, drill tools, or casing that suffers damage from unexpected rock or obstructions to drilling or coring.
6. If reinforcing steel is to be furnished and paid for by others, the reinforcing steel cages shall be conveyed to each pier location at no expense to us, adequately tied and braced so they will retain their shape during handling and placing with our equipment. Cutting, splicing, and the furnishing and installation of required spacers to be done by others. Protection of protruding steel or cleaning, sandblasting, etc. to be performed by others. We do not employ ironworkers to hoist and lower the cages or to secure them prior to placing concrete. If, for any reason, ironworkers are required, they will be employed, directed and paid by others.
 7. Concrete truck cleanout area to be provided by others.
 8. The Prime Contractor shall arrange for prompt covering and protection of all open shafts, unless they are completely filled to existing grade with concrete by Case Pacific Company.
 9. Case Pacific Company shall be excused for delays in the completion of the contract caused by acts of God, action or non-action of owner, owner's agents or employees, the General Contractor, other contractors on the project, inclement weather, labor disputes, acts of public utilities, public bodies, extra work, failure of owner or General Contractor to make progress payments, or other contingencies unforeseen by Case Pacific Company and beyond our reasonable control.
 10. Case Pacific Company has relied on owner's plans, specifications and geotechnical report for bidding purposes. Case Pacific Company shall be entitled to compensation for extra cost incurred as a result of erroneous plans, specifications or unanticipated site subsurface conditions. Should conditions be encountered in the performance of Case Pacific Company's work which differ from (A) Those indicated by the contract documents or soils data furnished to Case Pacific Company or (B) Those ordinarily encountered and generally recognized as inherent in work of the character provided in the contract, an equitable adjustment will be made to cover the resulting costs. If drilled shafts are designed deeper than the soils borings, we have assumed that the material to be drilled is similar to that which was encountered to the depth explored. Should this not be the case, any added expense to us is to be paid for as extra work.
 11. Case Pacific Company shall maintain in place, throughout the performance of its work hereunder, workers' compensation coverage as required by law, and commercial general liability insurance for bodily injury and property damage coverage (without the exclusion for explosion, collapse and underground loss), with a single occurrence limit of \$1 million. Coverage for additional insured parties shall be limited to Case Pacific Company's share in the total fault causing the loss or damage on which the claim is based. Case Pacific Company shall indemnify Owner and/or Prime Contractor with respect to any claim that arises directly from the negligence or intentional fault, if any, of Case Pacific Company in performing its work hereunder, but the extent of such indemnity shall be limited to Case Pacific Company's portion of the total fault causing the loss or damage on which the claim is based. Case Pacific Company shall have no other responsibility to defend, pay for, or indemnify Owner and/or Prime Contractor or its agents with respect to claims arising from or related to Case Pacific Company's work hereunder. A waiver of subrogation is not included and can be furnished at an additional cost.
 12. No charges of any kind are to be for Case Pacific Company's account unless they are agreed to and signed for by a properly authorized representative of Case Pacific Company.
 13. It shall be the responsibility of the Owner and/or the prime contractor to coordinate the work of all other contractors, subcontractors and material suppliers, so as not to hinder, interfere or delay Case Pacific Company's work.
 14. The work may be changed by "Field Order", "Change Order", "Extra Work Order", or otherwise authorized by the contractor/owner or his agents. Such changes may include changes in scope, method, scheduling or other performance requirements. In such event, the contract price and the completion date will be equitably adjusted. Case Pacific Company will notify contractor/owner of such changes within a reasonable time after authorization.
 15. Extra work and items of work specifically excluded but performed by Case Pacific Company or delays resulting from interference or non-performance of others shall be invoiced at extra work rates or will be negotiated and included in monthly progress estimates and reimbursed according to our terms of payment.
 16. The add-deduct unit price for any individual drilled pier shall apply only when the variation from plan length does not exceed 15%. Any increase/decrease in excess of such amount shall be considered a change of contract, and at our option, shall be performed on a cost basis, plus 20% for overhead and profit.
 17. Payment shall be made on the 10th of each month for all work completed during the preceding month. Such payments are to include the cost of materials placed on the jobsite or in storage near the site and not incorporated in the work. Final payment, including retention, if any, shall be made within thirty-five (35) days after substantial completion of all work covered by this proposal. Retainage withheld by the Contractor from progress payments to the Subcontractor shall not exceed the percentage withheld by the Owner on his payments to the Contractor. Interest will be charged on all past due accounts at the highest legal rate.
 18. If payment is not made as provided herein and Case Pacific Company is compelled to incur attorney's fees and litigation costs to collect all or any part of the contract price or extras incurred during the course of the work, said fees and costs shall become collectible as an addition to the contract price.
 19. Should any payment due us, including payment for all extra work, not be made when due, we shall have the right to stop work and to refrain from continuing work on the project until all due payments are received.
 20. Case Pacific Company shall not be responsible for and is hereby released from any and all liability for liquidated, consequential or incidental damages, which may be assessed under the prime contractor or otherwise.
 21. The parties agree that all claims and disputes by and between them shall be submitted to mediation by a mediator mutually agreeable to the parties and if they cannot agree, a mediator appointed by the court on petition by either party therefor. The cost of such mediation shall be borne equally by the parties. The foregoing agreement to mediate shall be specifically enforceable.
 22. The term "piers", as used in these Terms and Conditions, is used generically to include piers, drilled piles, drilled shaft foundations, belled piers and caissons.
 23. Others are to provide continuous removal and disposal of all spoils and contaminated materials so as not to interfere with or delay the progress of Case Pacific Company's work. Should hazardous substances be encountered, the prime contractor or owner shall promptly investigate the condition and make all determinations as necessary and provide direction in writing to the subcontractors relating to handling, transportation,

storage, disposition, obtaining of permits, implementation of safety measures, monitoring, cleanup, etc. Case Pacific Company shall be entitled to a time extension of any delay caused thereby, and compensation for all costs incurred as a result of encountering hazardous substances to include but not limited to the additional costs associated with performance of contract work, extra work, delays, suspension of work, handling, transportation, storage, disposition, obtaining of permits, implementation of safety measures, personal protective equipment and/or clothing, cleanup, etc., whether caused or directed by the prime contractor, owner or any government regulatory authority. For the purposes of this paragraph "hazardous substances" is defined as any material encountered during the course of performance of this subcontract that any governmental or regulatory authority has or may determine represents a hazard or danger to the health and welfare of persons, property or the general environment.

24. This proposal shall be made part of any contract covering this work. If contractor/owner signs this proposal, or otherwise indicates its consent, such as verbally requesting us to commence work, then this proposal will represent the entire agreement of the parties regarding performance of the work. If contractor/owner subsequently requests Case Pacific Company to sign its own form of contract, this proposal will be deemed to be part of the contract and will supersede any other conflicting terms of that contract, unless this proposal or any paragraph or part is expressly excluded by the parties.
25. A bond may be furnished if required with premium to be paid for by others prior to our mobilization.
26. This proposal offers to the contractor/owner the terms and conditions upon which Case Pacific Company will perform the work. It may be changed by Case Pacific Company at any time prior to acceptance by notice to the contractor/owner and will be deemed to be withdrawn if not accepted by the contractor/owner within thirty (30) days from the date appearing on the face hereof.

- Prices include applicable State and Local Sales Tax.
- Prices, as quoted, will remain firm for thirty (30) calendar days, after which time Integrity Rebar Placers reserves the right to revise this quotation.
- Prices / Bid items quoted are not for separate acceptance without prior approval.
- Integrity Rebar Placers' price is based on detailing, fabricating and placing on a normal five (5) day, forty (40) hour work week (all Union contract and nationally recognized holidays are observed). Performance will be based on conventional construction, timely receipt of (2) complete printed sets of plans, specifications (in addition to CADD files) and adequate written schedules to which Integrity Rebar Placers has agreed. Contractor shall furnish design information, locations of pour joints, and construction schedules in sufficient time to allow for preparation and approval of submittals, plus seven (7) working days for fabrication and delivery. Additional lead-time will be required for special mill rolling, spirals, epoxy coating and/or special mesh. Contract delays of more than forty five (45) days may result in additional cost of materials.
- Seller reserves the right to renegotiate additional price increases, for any shipments and/or placing after _____.

HOISTING/LOWERING:

Contractor shall furnish, without charge, suitable equipment fully operated for hoisting/lowering reinforcing steel, wire mesh, etc, including unloading trucks, staging of reinforcing to points of installation (into foundations and onto elevated decks, etc...) setting of columns/cages and /or assemblies, and power placing of individual bars that Integrity Rebar Placers may require. Contractor to provide a minimum of 180 hours of actual hook time. (Hook time is the amount of time that the hoisting hook is actively supporting any reinforcing steel.) If Integrity Rebar Placers is to perform its own hoisting, add \$ _____. (Hours and/or price provided do not include hoisting/lowering for F.O.B. trucks jobsite material and/or setting of tied and stockpiled cages or mats).

SPECIAL NOTES:

1. Payment and Performance Bonds may be provided at .7% if necessary.
2. Night work is excluded except by additive quote.
3. CIDH pile tied and stockpiled full length one piece, if built off site cages will be FOB truck job site only.
4. Optional add for installation 60 barriers add \$42,387.87
5. Contractor to provide all hoisting for 60 barriers at point of installation.

PLANS AND SPECIFICATIONS:

Specifications: Cal Tran's standard plans and specs. Dated 2006

Plans/Drawings: Bid Set

Addenda: # 1-2

Architect/Engineer: Caltrans

SCOPE OF WORK EXCLUSIONS

1. All testing and inspection and/or any related costs thereof other than mill test reports. (Rebar, mechanical couplers and/or welded hoop test bar samples to be provided F.O.B. trucks jobsite).
2. As-Built Drawings (Shop Drawings).
3. Plain (smooth) round bars, threaded bars, rods, sleeves, anchors, studs, bolts (anchor & misc.), and Inserts.
4. Wrapping, coating, painting and/or greasing of reinforcing steel and/or wire mesh.
5. Supplying, installing, and /or maintaining any form of rebar cap or safety device on installed reinforcing steel or reinforcing steel on the ground/stored. (Per latest OSHA Standards)
6. Cost of pour watchman.
7. All permits and licenses, other than city/county business licenses and State Contractor's license, required for the work.
8. Cutting, burning, cleaning, straightening and/or bending of existing steel and/or improperly placed drill and grout/bond dowels.
9. Drilling, grouting, and dry packing / placing bars in drilled holes.
10. Payment and/or Performance Bonds. (Material Bond may be provided if available)
11. Cost of Bonds.
12. Furnishing and/or welding of dowels/anchors to miscellaneous steel and/or structural steel.
13. Metal tags (Integrity Rebar Placers' standard tags will be used to identify steel).
14. Any or all reinforcing steel, and/or wire mesh not shown on drawings unless specifically included in Scope of Work/Price.
15. **Placing or Shop Drawings prepared, reviewed, sealed or stamped by a licensed engineer.**
16. Providing and/or laying out holes in structural steel for reinforcing bars to pass.
17. All electrical bonding, grounding material (i.e. welding for cathodic protection).
18. All welding.
19. Breakout dowels and/or installation of same.
20. Prestressing and/or prestressing materials. (Including but not limited to any additional reinforcing steel required by any prestressing/post tensioning system)
21. Masonry Steel, other than deformed rebar.
22. Reinforcing for precast concrete items.
23. Reworking of any reinforcing steel and/or post-tensioned cables extending from precast piles.
24. The setting of tied and stockpiled F.O.B. Truck Jobsite cages as well as all spacer material and/or placing accessories required to position same. Reinforcing steel cages will be unloaded by Contractor and stockpiled at the jobsite in locations designated by Contractor. Relocation of stockpiled cages shall be Contractor's responsibility.
25. Epoxy Coated / Galvanized deformed and/or plain bars and/or wire mesh.
26. Field bending of rebar other than by additive quote.
27. The cost of reworking, rehabilitating and/or replacing reinforcing steel damaged or lost as a result of flood conditions. If

storm damage should occur, responsibility for steel fully or partially in place, and for steel stored in locations designated by Contractor, shall be for Contractor's account.

28. Traffic control (Lane closures, barricades, flagmen, signs, lights, etc.).
29. All site work, including but not limited to paving, sidewalks, curb and gutter, storm drain items such as catch basins, clean-outs, inlets, outlets, manholes, headwalls, collars, etc. unless specifically included in Scope of Work/Price.
30. Diaphragm dowels or bolts required for precast members.
31. Protection of exposed steel for future construction.

GENERAL CONDITIONS

1. Contractor's acceptance of all of the terms and conditions of this Bid/Offer shall be conclusively evidenced by Contractor listing, permitting/directing performance, or signing and returning this offer.
2. Integrity Rebar Placers may begin performance of the work, pending receipt of an executed final agreement. However, should a final mutually acceptable agreement not be forthcoming or should the terms and conditions of Integrity rebar Placers offer be altered or modified, Integrity Rebar Placers reserves the right to immediately stop performance and Contractor agrees to indemnify Integrity Rebar Placers for all costs and loss of profit.
3. The following items, as required, are to be provided by Contractor, fully erected for use at all locations necessary without charge to Integrity Rebar Placers:
 - A. Grades and Lines.
 - B. Templates.
 - C. Racks, Ramps, Ladders, Cal-Osha approved Heavy Duty scaffolding (per sections 1926 subpart L App. A & E).
 - D. Full access to all working areas for material, equipment and manpower.
 - E. Level space for delivery, assembly and storage of steel, accessible to tractor-semi-trailer deliveries and adjacent to jobsite location where steel is to be used and/or hoisted/lowered.
 - F. Adequate lighting as required, sanitary facilities, trash bins, etc.
 - G. As required, adequate electrical power and compressed air (90 PSI Min.).
4. Subcontractor shall be paid monthly progress payments equal to one hundred percent (100%) of monthly billings within ten days (10) days of Contractor receiving payment from project owner for value of work completed, plus Owner approved amount of materials on hand and/or equipment (if any) suitably stored on or off site. Contractor shall, at all times, be financially responsible to Integrity Rebar Placers for labor and material supplied pursuant to this offer. If a dispute arises between Contractor and Owner that delays receipt of payment by Contractor from Owner, unrelated to the performance of or materials supplied by Subcontractor, Contractor shall make progress and/or retention payment to Subcontractor within a reasonable time. A reasonable time for payment from Contractor to Subcontractor shall be defined as being due 45 days from Subcontractor's progress billing date.
5. Contractor shall not withhold retention greater than that being withheld by the Owner from the Contractor and shall immediately reduce retention withheld from Subcontractor, by a like percentage, when reduced to Contractor by Owner. In no event shall retention withheld by Contractor from Integrity Rebar Placers exceed the percentage withheld from Contractor by Owner. Final retention payment shall be made not later than 35 days from date Integrity Rebar Placers has completed its scope of work.
6. No retention shall be withheld on FOB and/or tied and stockpiled material, if approved by Owner.
7. Integrity Rebar Placers shall not be required to continue performance if, after Contractor has received payment for the properly performed work of Integrity Rebar Placers, timely payments are not made to Integrity Rebar Placers.
8. All sums not paid when due shall bear an interest rate of 2% per month or the maximum legal rate permitted by law, whichever is greater; and all costs of collection, including a reasonable attorney's fee, shall be paid by Contractor as prescribed by Section 7108.5 of the California Business and Professions Code.
9. No provision of this Subcontract shall serve to void Integrity Rebar Placers entitlement to payment for properly performed contract/extra work or suitably stored materials, or to void Subcontractor's right to file a lien, stop notice, and/or claim on its behalf.
10. Neither party will have the right of set-off against the other party for any reason.
11. If Integrity Rebar Placers is required by the Contractor to perform change order/extra work, said extra work must be authorized in writing by Contractor's Field Management personnel having apparent authority to authorize such extra work or an officer of the Contractor. Such written/executed directives from the Contractor shall constitute acceptance of financial responsibility by Contractor and a billable event upon completion of the work.

12. No back charges or claims of the Contractor for services provided shall be valid except by an agreement in writing, agreed to between the parties prior to services being provided.
13. Field labor called for herein is to be performed during Integrity Rebar Placers regular working hours, eight hours per day, five days a week (all Union Holidays are observed), unless required and agreed to during bid negotiations. All work performed outside of such hours shall be charged at Integrity Rebar Placers standard rates for overtime, weekend, or holiday work. Integrity Rebar Placers standard rates are per Caltrans force account rates. (Labor Surcharge % per Concrete Construction - Bridge) However, should Integrity Rebar Placers be behind the preapproved construction schedule, all overtime/premium time required to regain the construction schedule shall be for subcontractor's account.
14. Integrity Rebar Placers will indemnify, defend and save harmless Contractor and Contractor's customer from Integrity Rebar Placers proportionate share of liability for claims attributable to bodily injury (including death) and/or property damage (to other than the Work itself) to the extent caused by the negligence or intentional misconduct of Integrity Rebar Placers or anyone directly or indirectly employed by Integrity Rebar Placers. Subcontractor will name Contractor and Contractor's customer as additional insured on Subcontractor's insurance policies only if required to do so by the Contract Documents and only by means of Subcontractor's standard additional insured endorsement. Indemnification and insurance provided by Integrity Rebar Placers shall not extend coverage to Architects, Engineers or other design professionals. Indemnification and insurance coverage shall be limited to Contractor and Contractor's customer only.

Integrity Rebar Placers carries the following insurance coverage's.

General Liability: Carrier-A.M. Best Rated A X Non-Admitted. Form: CG2001 10/01-2001 ISO Occurrence Commercial General Liability including products. Limits: Each Occurrence \$1,000,000. General Aggregate \$2,000,000 Products/Comp Ops Aggregate \$2,000,000 Personal Injury & Advertising \$1,000,000 Medical Payments-Per Person \$5,000 Fire Legal Damage \$50,000.
Workers Compensation: Carrier: State Compensation Insurance Fund, Statutory includes Employers Liability.

15. Contractor shall provide Integrity Rebar Placers with copies of all contract documents applicable to Integrity Rebar Placers performance, duties, or obligations at its Headquarters Office.
16. Subcontractor shall be provided a mutually approved construction schedule providing a reasonable time in which to make delivery of submittals, materials and/or labor so as to commence and complete the performance of the Subcontract.
17. Subcontractor shall not be responsible for delays, accelerations, or defaults where occasioned by any causes beyond its control, including but not limited to: delays caused by the Owner, General Contractor, Architect and/or Engineers.
18. Subcontractor shall be entitled to equitable adjustment in the subcontract amount for additional costs due to unanticipated project delays or accelerations caused by the Contractor or others under the direct control of Contractor, and whose acts is not Subcontractor's responsibility.
19. The Contractor shall make no demand for liquidated damages for delays in excess of the amount specified in the Contract Documents and no liquidated damages may be assessed against Subcontractor for more than its proportionate share of the amount paid by the Contractor for unexcused delays to the extent actually caused by Subcontractor.
21. Splices in reinforcing bars and/or construction joint dowels for Contractor's convenience shall be for Contractor's account. Also splices required due to low overhead, power lines and/or deficiencies in hoisting equipment unless specifically shown on contract drawings at that particular location shall be for Contractor's account.
22. Integrity Rebar Placers shall not be liable for repair of any damage caused by others outside the control of Integrity Rebar Placers. Approval for pouring or embedment in concrete shall constitute acceptance by Contractor of that portion of work and shall terminate Integrity Rebar Placers responsibility. Required remedial work, due to damage caused by others shall be for Contractor's account.
24. Cost of Ironworker show-up and/or stand-by time, scheduled by Contractor, when work is not ready shall be for Contractor's account.
25. Contractor shall furnish, without charge, templates/starter walls constructed with sufficient accuracy to support vertical reinforcing steel within placing tolerances specified by Owner. Templates/Starter walls shall not be double formed before reinforcing steel is installed unless prior approval has been granted.
26. Contractor shall furnish adequate parking for all Integrity Rebar Placers employees at no cost to Integrity Rebar Placers within three (3) standard blocks of the jobsite. If Contractor does not provide this parking, Contractor will pay Integrity Rebar Placers for all parking related costs including cost of vehicle parking, cost of shuttle services and travel time costs while employees are in transit unless specifically included in Scope of Work / Price or by additive quote.
27. Contractor will provide full access to all areas of the project for at least one (1) Integrity Rebar Placers' Foreman truck to provide supplies and accessories as needed for the project.

- 28. Contractor shall furnish approved work drawings of the temporary support system for columns, wall cages and/or any assemblies regardless of height, which the bid documents, may require. Contractor shall furnish and maintain adequate bracing, rigging, cables and guys, set all deadmen required to guy vertical reinforcing, and comply with the temporary system design (Rigging includes but is not limited to: chokers, shackles, spreader bars, etc....). Prior to hoisting support being removed, Contractor to inspect, approve compliance with temporary support system plan, and accept work.
- 29. Ramps adequate to allow semi tractor-trailer deliveries of reinforcing to point of final placement shall be furnished by Contractor for all work below grade and shall be maintained in place until all work below grade is complete. If above ramps are not provided, all cost for equivalent service shall be for Contractors account.
- 30. Masonry steel to be F.O.B. trucks jobsite, with Contractor agreeing to accept all responsibility for any shortages and/or replacement costs discovered twenty-four (24) hours subsequent to delivery. Unless shown otherwise on plan drawings, masonry vertical reinforcing is to be furnished in one piece, full height between stories of structure. If four-foot (4' 0") vertical lifts are required, Contractor and/or Contractor's subcontractor to assume all costs for additional splices required. All horizontal reinforcing #5 and smaller will be furnished in stock lengths plus corner bars.
- 31. Contractor shall furnish, at no cost to Integrity Rebar Placers hoisting/lowering of employees and materials to points of installation, wherever required.
- 32. Contractor shall furnish layout of dowels, which extend into masonry.

Accepted this 31 day of October, 2013

Re: Quotation on CMU Work
Portions of Bid Item No. 191
Contract No. 12-0F96E4, 12-Ora-5-6.2/8.7

Project Estimator:

We propose to furnish all materials, labor and equipment, except as excluded below, necessary to construct the CMU portion of the sound walls, in accordance with the plans, specifications, Addendum No. 1 and 2 and our **General Conditions and Exclusions** (noted below) for the following **Unit Price**:

<u>Bid Item</u>	<u>Description</u>	<u>Est. Qty.</u>	<u>Unit Price</u>	<u>Extension</u>
191	Sound Wall (Masonry Block)	25,781 SF	\$ 13.90	\$ 358,355.90

General Conditions & Exclusions:

1. **Quality Control & Assurance, Preconstruction Testing, Field Quality Control & Special Inspection, as detailed in Sec. 58-2.01D of the 2010 Standard Specifications, will be provided and paid for by others.**
2. All CMU drop-in rebar will be furnished, delivered and unloaded by others. It will be provided in lengths that accommodate our grout lifts and not necessarily the minimum splice lengths.
3. Access from city streets and public facilities will be made available for the masonry block wall work.
4. Others will provide traffic control, including ramp and lane closures, and the furnishing of K-Rail, with gawk screen if necessary. Our bid price is based supplying and building the walls during full daylight hours. We do not include any type of premium work. If night work is required for the delivery of materials and equipment then others will provide Reycon with three light towers for our operations.
5. Others will furnish and set all items to be embedded in the masonry work including access doors, utility openings, anchorages, sign/electrolier cover plates, ladders, steel posts, etc.
6. All sandblasting and washing down of concrete surfaces and rebar will be provided by others.
7. Others will furnish all concrete footings, grade beams, barriers, piles and retaining walls.
8. Protective anti-graffiti coatings, if required, will be provided by others. Graffiti removal by either chemical means, sandblasting and/or waterblasting will also be provided by others.
9. Efflorescence removal will be provided and paid for by others.
10. Dowels and steps in concrete, set by others, will match the modular requirements of the CMU walls.
11. Backfill, compaction and finish grading will be provided by others.
12. Block debris and mortar droppings will be stockpiled on the jobsite and removed by others.
13. A reasonably accessible water source will be made available for the preparation of mortar.
14. Shop drawings, if required, will be provided by others.

Our bid price is based on the payment of prevailing wages and we can bond our portion of the work but we exclude the cost of bonds in our unit prices. Our bond rate for our work would be approximately 0.9 of 1%. Please call if you have any questions. Thanks,

Paul A. Reyes
