APPROVAL. File No. - 11899**

Dear Ms. Reusch:

We are pleased to advise you that after careful review of your application and supporting documentation, the City of Los Angeles has determined that your firm meets the eligibility standards to be certified as a **Disadvantaged/Women Business Enterprise (DBE/WBE)** as required under the U.S. Department of Transportation (U.S. DOT) Regulation 49 CFR Part 26, as amended.

Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs and the City of Los Angeles DBE/MBE/WBE directory under the following specific areas of expertise that you have identified on the business service form for contracting opportunities:

<u>NAICS Code(s)</u>	<u>Description</u>
238910	Site Preparation Contractors

Your DBE certification is good for five years from the date of this letter and applies only for the above codes. You may review your firm's information in the CUCP DBE database which can be accessed at the California Unified Certification Program's website at www.californiainc.com and the City of Los Angeles DBE/MBE/WBE database at <http://bea.lacity.org>. Any additions and revisions must be submitted to the City of Los Angeles for review and approval.

After the five-year certification period, your entire file will be reviewed in order to ascertain continued DBE certification status. You will be notified of the pending DBE status review and any documentation update necessary prior to the expiration date.

The Regulations also require annual updates during this five-year period. In order to assure continuing DBE status, you must submit annually a DBE Declaration with supporting documentation, in the format, which will be sent to you. Based on your annual submission that no change in ownership and control has occurred, or if changes have occurred, they do not affect your firm's DBE standing, the DBE certification of your firm will continue until the five-year certification has expired.

R.J. Lalonde, Inc.
January 31, 2011
Page 2

Also, should any changes occur that could affect your certification status prior to receipt of the DBE Declaration, such as changes in your firm's name, business/ mailing address, ownership, management, or control, or failure to meet the applicable business size standards or personal net worth standard, please notify us immediately. DBE certification is subject to review at any time. Failure to submit forms and/or change of information will be deemed as failure to cooperate under Section 26.109 of the Regulations.

Your DBE certification status will be honored by all of the U.S. DOT recipients in California.

Congratulations, and thank you for your interest in the California Unified Certification Program (CUCP). We wish you every business success and look forward to hearing from you if we may be of any assistance to you in this regard.

Should you have any questions, please contact Rolando Tuason at (213) 847-2642 or e-mail at rolando.tuason@lacity.org.

To All Bidding Prime Contractors

RE: Caltrans Contract No. 12-0M3404 – Route 133/73 at Laguna Canyon Road Undercrossing, Laguna Beach Ca.

We propose to furnish labor and equipment to install the drilled foundation piles per plans by Caltrans dated 5/21/15, Soils investigation by Caltrans dated 4/23/15 and in accordance with our attached Standard Conditions and Special Clarifications:

BID ITEM	DESCRIPTION	ESTIMATE QUANTITY	UNIT PRICE	TOTAL AMOUNT
61 partial	54" CIDH (Sign Foundations)	52 LF	\$116.00	\$6,032.00

SPECIAL CLARIFICATIONS:

1. Drilling for shafts and pedestal portions of the sign foundations. Night work is included.
2. This bid is predicated on ZEI using a track-mounted drilling rig without weight, height or width restrictions. ZEI has included one (1) mobilization in and out. Additional mobilizations can be added at the unit price of **\$1,500.00**.
3. Client to continually stockpile drilling spoils away from our operation during our work.
4. Machine power only to hoist and place Client furnished rebar cages with spacer blocks and templated anchor bolts. Hoisted items need to be provided within reach of our equipment at each pile location. Once the rebar cage and anchor bolts are hoisted into place, they need to be secured in place and properly adjusted to final location by Client with Client's materials. Client should devise a method that does not disturb the area surrounding the top of the pile, thus creating a risk of caving. ZEI will provide machine power hoisting only for these final adjustments. If rebar cages have extensions or dowels that need to be placed below existing grade, Client is responsible to perform excavations in a schedule and sequence as to not delay our work.
5. Rock and obstruction drilling is included only to the extent indicated in the Log of Test Borings. Rock and/or obstruction drilling time beyond what is indicated in the Log of Test Borings will be documented on the ZEI Daily Report and signed by an authorized representative of the Client on a daily basis. All such time will be charged at the rate of **\$525.00** per hour.
6. Unit Price is based on using conventional drilling tools and does not include temporary casing, slurry cement backfill then re-drill, and/or drilling fluids, some caving may be anticipated. Unit Price does not include the use of inspection pipes.
