### **ABX4 10, Committee on Budget, Transportation**

This budget trailer bill became law on July 28, 2009. Section 3 of the bill adds language to the Aeronautics Act in the Public Utilities Code directing a transfer of \$4.0 million from the Aeronautics Account to the General Fund and suspension of the Division's authority to issue new Annual Credit Grants, Acquisition & Development funds, and AIP Local Match for fiscal year 2009/2010. Here is the whole section of the bill related to the Aeronautics Act:

"SEC. 3. Section 21683.3 is added to the Public Utilities Code, to read:

21683.3. (a) Notwithstanding any other provision of this article, the grant or funding programs described in Sections 21682, 21683, and 21683.1 are suspended for the 2009-10 fiscal year.

(b) Upon the order of the Director of Finance, the Controller shall transfer four million dollars (\$4,000,000) from the Aeronautics Account to the General Fund.

(c) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date."

**SB 481**, *Senator Cox-Fair Oaks, District 01 (Airports: wildlife)*

This bill would protect airport officials from state sanctions for actions taken in accordance with certain U.S. Fish and Wildlife Service permits.

**The Latest** – 8/17/09 Bill passed the Assembly floor vote and will now go back to the Senate for a concurrence vote. The bill will go to the Governor for final approval or veto if it passes the Senate vote.

**SB 649**, *Senator Ashburn-Bakersfield, District 18 (Transportation)*

"On or before June 30, 2010, the Department of Transportation shall transfer, for fair market value, ownership of 577 acres known as Site A of the Mojave Bypass property in Kern County , except for that portion of the property constituting the right-of-way for State Highway Route 14, to the East Kern Airport District for open-pace purposes."

**The Latest** – This bill is now Chaptered in law as written above.

**AB 1272**, *Assembly Member Hill-San Mateo, District 19 (Emergency medical services: trauma center)*

This bill relates to the Emergency Medical Services System and designated trauma centers. As local services plan their systems they will be required to include air transportation of trauma patients to, and between trauma centers. This bill no longer specifically refers to helicopter landing pads and the permitting process, the Aeronautics Act or CEQA as was called for in previous versions.

**The Latest** – This bill has been re-referred to the Committee on Health. It will need to be heard and passed out of Committee by August 28, 2009, if it is to be voted on during an upcoming floor session.

**SB 737**, *Senator Negrete McLeod-Chino, District 32 (Airports: airport land use commissions)*

This bill would delete some sections of airport land use law leaving fewer options for counties to establish an airport land use commission (ALUC). Some counties would be required to establish a new, so-called single-entity airport land use commission or designate an established planning body for airport planning responsibilities. No county would be exempt from the airport land use requirements.

**The Latest:** - 6/2/09 This bill failed to pass out of the Senate and is therefore dead for at least this first year of the two-year session. It is possible for the bill to make progress if changes are made to it early next year.

Philip Crimmins, Associate Transportation Planner 916-654-6223
