SUBJECT AREA: CHAPTER 7 - APPRAISALS	ISSUING UNIT: OFFICE OF APPRAISALS AND LOCAL PROGRAMS	
SUMMARY OF CHANGES: Updates Exhibit 7-EX-14, "Poster Panel Removal (English Units)," including Schedules A, C, D, E, F, G, and H, and its Table of Contents.		

PURPOSE

This manual change updates the Right of Way Exhibit 7-EX-14, "Poster Panel Removal (English Units)," Schedules A, C, D, E, F, G, and H.

BACKGROUND

The use of Signboard Schedules originally began in the 1960s as a master agreement between the signboard companies, FHWA, and the State of California to fairly compensate the signboard companies for signs removed due to the transportation project construction. The agreed compensation was based on actual costs and then updated every other year based on applicable construction costs. In the 1980s, by mutual agreement the schedules were audited and adjusted. From the same base amount, we now update the schedules according to the "Constant Quality (Laspeyres) Price Index of New One Family Houses under Construction. This index is considered the best indicator for the current costs associated with the signboard industry. The costs associated with the index have dropped approximately 7% since the last revision. Though the statisticians that provide the index only look at the raw numbers from the industry, the decline can be attributed to reduced overall construction creating an increase in supplies and then lowering the material prices.

CATEGORY	DESCRIPTION
Good	A sign will fall into this category when it is expected to have a remaining life of five or more years, the structure supporting the advertising panel is basically sound and the condition of the advertising copy is new or maintained in a reasonably good condition. The structure may show weathering and wear and tear curable with normal maintenance.
Fair	A sign in this category is one which extensive repair or replacing of uprights, stringers or metal parts is required because of deferred maintenance beyond that which is normal in the advertising business in the area or on which the copy is badly faded, blank or painted out. The sign is expected to have a remaining life of five or more years.
Poor	Signs in this category are those in an unsound condition when severe deterioration is evident, or it is apparent that the remaining life of the sign will not extend beyond five years because of imminent development on the property or adjacent property, or because of obstruction of view by growth of trees or shrubbery from the sign site.
