BACKGROUND

This amendment programs \$1,647,000 from Los Angeles County's Unprogrammed Share Balance in FY 2000-01 for an existing soundwall project on Route 91 in Los Angeles County replacing a like amount of Measure Funds erroneously identified as a source of funding. The total cost remains \$3,071,000.

When this project was originally programmed in the 1998 STIP, it was shown jointly funded with both Regional Improvement Program (RIP) funding and Measure funding. It has now been determined that the Measure funding was shown in error. LACMTA wishes to maintain a fully funded project and is willing to commit funds from their unprogrammed share balance.
