STIP AMENDMENT 98S-126 ACTION

ACTION UPDATE FROM NOTICE

This item was noticed at the May 2000 Commission meeting; the Commission requested the Action Item be placed on the consent calendar as originally proposed.

SUMMARY

This amendment deletes a \$5,932,000 Interregional Improvement Program (IIP)-funded passing lane project on Route 46 in San Luis Obispo County and reprograms \$5,000,000 in IIP funds to a Route 46 widening project in the same location, with the remaining \$932,000 reverting to the Statewide IIP balance.

RECOMMENDATION

The Department is requesting this amendment.

RESOLUTION

Resolved, that the California Transportation Commission (CTC) revise the 1998 State Transportation Improvement Program (STIP) at the end of the 30 day notice period as follows:

BACKGROUND

This amendment deletes a \$5,932,000 Interregional Improvement Program (IIP)-funded passing lane project on Route 46 in San Luis Obispo County and reprograms \$5,000,000 in IIP funds to a Route 46 widening project in the same location, with the remaining \$932,000 reverting to the Statewide IIP balance.

The passing lane project near Cholame is no longer needed because the project limits are within the Route 46 widening project, and the passing lanes would not be constructed until about the same time the widening project would be ready to go forward. In addition, due to the wider median for the widening project and different alignments, the existing passing lane project, if constructed, could not be utilized as part of the future-widening project.

The Route 46 widening project, which will widen the 2-lane highway to 4 lanes, is currently programmed for the environmental phase (PA&ED) only. The \$5,000,000 IIP funds being programmed in FY 2000-01 will fund the design (PS&E) component, with funding for the right of way (R/W) and construction phases to be programmed in future STIPs. The estimated cost for the R/W and Construction phases, including support, is \$70,000,000.
