June 1, 2000

**REVIEW OF ENVIRONMENTAL DOCUMENTS**  
**RELATED TO COMMISSION ACTIONS ON THE CURRENT AGENDA**  
**ROUTE 99 IN SUTTER COUNTY**

**RECOMMENDATION**

The Department recommends the California Transportation Commission, as a responsible agency, consider the Negative Declaration for a project before approving the new public road connection under Book Item 2.3b.(3).

**SUMMARY AND CONCLUSIONS**

The project proposed for the new public road connection:

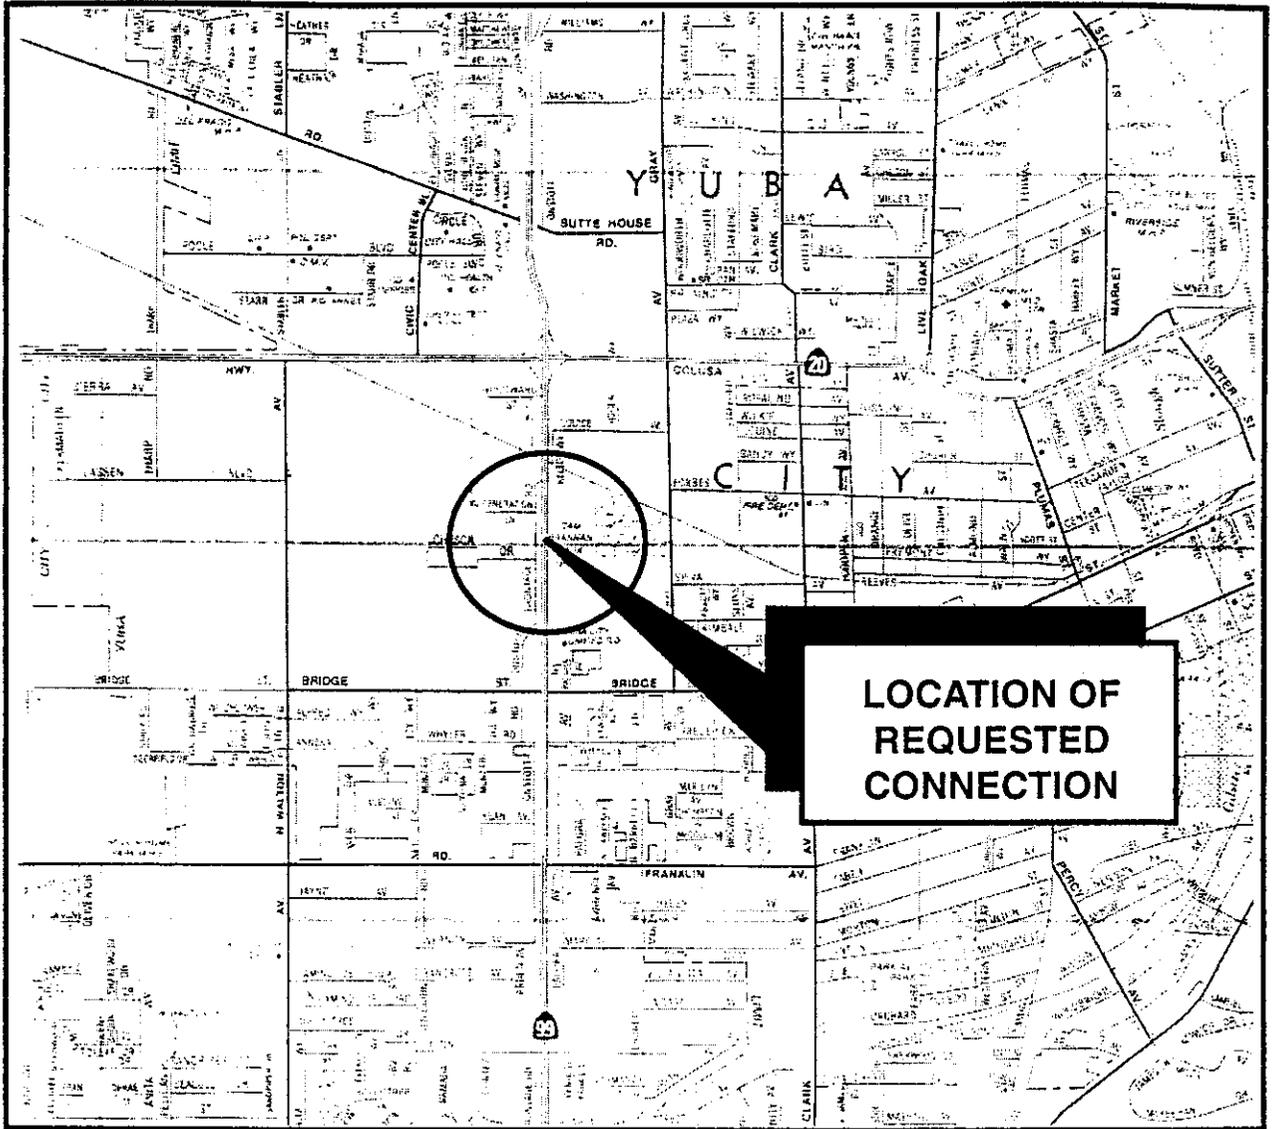

- Route 99 in Sutter County- Construct a new connection to the State highway for access to a commercial development in Yuba City.

The project will be totally funded by local dollars so it is not programmed in the 1998 State Transportation Improvement Program (STIP) or the State Highway Operation and Protection Program (SHOPP).

The Negative Declaration and supporting Initial Study has been transmitted to Commission staff.

The Department has approved the project for construction. Consideration of the Negative Declaration and filing of the Notice of Determination with the Office of Planning and Research will satisfy the environmental requirements for this new public road connection approval.
