## **ALLOCATIONS FOR SEISMIC RETROFIT PROJECT**

### **SEISMIC RETROFIT BOND ACT OF 1996 (PROPOSITION 192)**

#### **INFORMATION**

##### **BACKGROUND**

On March 30, 1994, the California Transportation Commission delegated to the Department authority to allocate funds by Resolution G-11, as revised by Resolution G-94, for seismic retrofit projects. This authority allows the Department to begin work without waiting for the next CTC meeting to receive an allocation.

This project is part of the legislatively mandated Bridge Seismic Retrofit Program (SB131), approved by the Governors Office on March 15, 1994.

##### **SUMMARY AND CONCLUSIONS**

Pursuant to the authority granted by Resolution G-11, Proposition 192 Bond Funds of \$4,458,000 were allocated for three (3) Seismic Retrofit Phase II projects on the attached list. Additional funds were needed for the following project:

- Project #1, in San Francisco County on Route 80 – Supplemental G-11 Allocation was needed to retrofit the San Francisco Bayshore Viaduct (Bridge #34-0088).
