DELEGATION OF ALLOCATION AUTHORITY
LOCAL ASSISTANCE ALLOCATIONS FOR LOCAL STORM DAMAGE
AND LOCAL STREET AND ROAD PAVEMENT REHABILITATION PROJECTS
RESOLUTION G-99-09 ALLOCATIONS

BACKGROUND

On March 30, 1999, the California Transportation Commission delegated to the Department authority to allocate funds by Resolution G-99-09 for Local Storm Damage and Local Street and Road Pavement Rehabilitation projects. In addition, the Commission delegated to the Department authority to advance the allocation by one year with the approval of the responsible regional agency. This authority allows the local agencies to begin work without waiting for the next CTC meeting to receive an allocation and to begin work earlier if the project or component is ready for implementation one year earlier.

These Local Storm Damage and Local Street and Road Pavement Rehabilitation projects are included in the adopted State Transportation Improvement Program (STIP).

SUMMARY AND CONCLUSIONS

Pursuant to the authority granted by Resolution G-99-09, the Department made 42 separate allocations totaling \$11,897,000, for 41 Local Storm Damage and Local Street and Road Pavement Rehabilitation projects. A list of the 42 allocations is included in Attachment I.

Pursuant to the authority for advancing the allocation by one year, three allocations totaling \$1,537,000 were made during this report period for three projects scheduled for implementation in FY 2000-01. One partial allocation with captured costing savings of \$30,000 was made during this report period. Six project allocations made prior to this report period included captured savings. The captured savings are reported on Attachment II.

To date, a total of \$133,617,200 has been allocated for 367 projects, of which \$9,366,000 was advanced for 21 projects scheduled in a subsequent fiscal year. To date, a total of \$83,000 in savings was requested for eight projects.

Of the \$300 million authorized for Local Road Rehabilitation activities, \$290.3 million has been programmed through June 2000 CTC actions with an additional \$0.9 million in programmed projects proposed for action at the July 2000 CTC Meeting. No new rehabilitation programming commitments are proposed for the July 2000 CTC Meeting. The total amount for local rehabilitation projects programmed, or proposed for programming, is approximately \$291.2 million.
