FUNDING PROPOSALS FOR I-5/WESTERN AVENUE
INTERCHANGE PROJECT

The Department has been working closely with the staff at the Los Angeles County Metropolitan Transportation Authority (LACMTA) on funding for the Interstate 5/Western Avenue Interchange. The LACMTA Board will be holding a Workshop on July 20 to discuss the 2000 State Transportation Improvement Program (STIP) Regional call for projects. LACMTA preliminary staff recommendations prepared for the Workshop suggest that the Regional contribution for the I-5/Western Interchange be increased from \$7,448,000 to \$14,597,000 because the project shortfall is not eligible for Interregional Transportation Improvement Program funding. If the Board approves the staff recommendation, the funding would be included in the LACMTA Regional Transportation Improvement Program (RTIP) scheduled for submittal to the Commission at the end of September.
