STIP AMENDMENT 00S-043 – ACTION

ACTION UPDATE FROM NOTICE

This item was noticed at the June 2001 Commission meeting; the Commission requested the Action Item be placed on the consent calendar as originally proposed.

SUMMARY

This amendment revises the scope of the environmental document for a widening project on Route 138 in San Bernardino County to include a portion of Route 138 in Los Angeles County with no change in Interregional Improvement Program (IIP) funding.

RECOMMENDATION

The Department is requesting this amendment.

RESOLUTION

Resolved, that the California Transportation Commission (CTC) revise the 2000 State Transportation Improvement Program (STIP) at the end of the 30-day notice period as follows:

Revises:

Project Information								
County:	CT District:	PPNO:	EA:	Element:	Const Year:	PM Back	PM Ahead	Route/Corridor

BACKGROUND

This amendment revises the scope of the environmental document for a widening project on Route 138 in San Bernardino County to include a portion of Route 138 in Los Angeles County with no change in Interregional Improvement Program (IIP) funding.

The current environmental document for this widening project covers only the limits within San Bernardino County. In Los Angeles County there are STIP projects covering portions of State Route (SR) 138, but they do not include the segment between SR 18 and the San Bernardino County line. The Federal Highway Administration (FHWA) has indicated that they will not approve the environmental document for this project unless the limits are extended to include the gap in Los Angeles County between SR 18 and the San Bernardino County line. The currently programmed funds should be adequate, even with the revised study limits, so no change in the programmed amount for PA&ED is being requested. The scope and cost of construction for the San Bernardino County portion remains unchanged.
