Traffic Congestion Relief Program

Ref: **TRAFFIC CONGESTION RELIEF (TCR) PROGRAM PENDING ALLOCATIONS**

BACKGROUND:

At the December 2002 meeting, the California Transportation Commission (Commission) took action to defer approval of any additional Traffic Congestion Relief Program (TCRP) applications and allocations due to the continuing economic challenges faced by the State. The Governor signed Executive Order D-49-01, BL 02-21, directing all State agencies and departments to reduce expenditures in order to achieve General Fund savings wherever possible. Additionally, the Administration announced a mid-year spending reduction proposal on December 6, 2002, subject to legislative approval. These actions will have direct impacts on the TCRP.

In the meantime, implementing agencies are continuing to submit allocation requests for phases of work that are ready to begin. The following list identifies those pending allocation requests which have been deferred. Except for those allocation requests subject to application approval, the following projects are consistent with the approved application, have met any applicable conditions set by Commission, and the implementing agency is ready to proceed.

The allocation requests, totaling \$146,570,000 for 22 TCRP projects, are as follows:
