Ref: **STIP AMENDMENT 02S-083**

The Council of San Benito County Governments (San Benito COG) has requested that this proposed State Transportation Improvement Program (STIP) amendment be noticed at the May 2003 California Transportation Commission (Commission) meeting, and be considered for approval in June. This notice is an informational item allowing the Commission to review the proposal, comment and/or ask questions prior to taking formal action in June 2003 or later.

San Benito COG proposes to delete three currently programmed STIP projects (PPNOs 1184, 1185, 1186) to unprogram a total of \$1,052,000 of Regional Improvement Program (RIP) funds in FYs 2005-06 and 2006-07. In addition, San Benito COG also proposes to reprogram \$850,000 of the RIP funds in FY 2006-07 for a new Southside Road Overlay project (PPNO 1221), and to program an additional \$115,000 of RIP funds in FY 2006-07 towards construction cost increase for an existing City of Hollister Street and Road Rehabilitation project (PPNO 1187). This is a revenue neutral STIP programming action.

RECOMMENDATION:

The Department of Transportation (Department) recommends that the item be placed on the consent calendar for approval at the June 2003 Commission meeting.

BACKGROUND:

Project #1 – San Felipe Road Overlay (PPNO 1184)

The San Felipe Road Overlay project will be deleted from the STIP. The County of San Benito will be using local funds to move the project ahead of schedule.

Project #2 – Fallon Road Overlay (PPNO 1185)

The Fallon Road Overlay project will be deleted from the STIP. The County of San Benito will be using local funds to move the project ahead of schedule.

Project #3 – McCloskey Road (PPNO1186)

The McCloskey Road Overlay project will be deleted from the STIP. The County of San Benito will be using local funds to move the project ahead of schedule.

Project #4 – Southside Road Overlay (PPNO 1221)

Southside Road is the main route to Southside School in the County of San Benito. The existing roadway surface is multiple thin sections of chip seals. Due to increasing average daily traffic (ADT) on this road, subgrade failures are beginning to appear. This proposed new project will rehabilitate Southside Road, which will include repairs to subgrade failures, crack seal, and crown correction with asphalt concrete. It is proposed that \$850,000 of RIP funds be programmed for the construction component in FY 2006-07. Services for environmental work, design, and right of way for the project will be furnished by the in-house staff within the San Benito County Public Works Department.

Project #5 – City of Hollister – CityWide Street and Road Rehabilitation (PPNO 1187)

This project was originally programmed in the 2002 STIP for a total \$4,208,000 of RIP funds for construction in FY 2003-04, FY 2004-05, FY 2005-06, and FY 2006-07. This amendment proposes to program an additional \$115,000 of RIP funds for construction in FY 2006-07. It is expected that the project will extend the life of the rehabilitated roadways by ten years.

This project (PPNO 1187) will rehabilitate over 100 local street and road segments within the City of Hollister, as described in the Project Nomination Fact Sheet as shown below:
