Subject: **TRAFFIC CONGESTION RELIEF PROGRAM (TCRP) PROJECT APPLICATION
AMENDMENT APPROVAL
RESOLUTION TAA-06-59, AMENDING RESOLUTION TA-01-07**

RECOMMENDATION:

The California Department of Transportation (Department) recommends the California Transportation Commission (Commission) approve Resolution TAA-06-59, amending the application for Traffic Congestion Relief Program (TCRP) Project #113 described below.

ISSUE:

The Department requests approval of the following TCRP project application amendment for \$4,920,000 in new TCRP funding.

Project #113 – Kern 46; widen to four lanes for 33 miles from Route 5 to San Luis Obispo County line in Kern County. Amend application to:

- Program \$4,920,000 in TCRP funds for Right of Way (R/W).
- Update the project schedule and funding plan.

BACKGROUND:

The overall project is to convert the existing Route 46 from a two-lane conventional highway to a four-lane expressway from Route 5 to the San Luis Obispo County line. The project also includes pavement rehabilitation and improves traffic operations and traffic safety. For delivery and implementation purposes, the project has been separated into four segments.

The environmental document for the entire corridor was completed in June 2005. The environmental document was delayed due to receiving the Biological Opinion from United States Fish and Wildlife Services in April 2005. Two of the segments are ready to begin right-of-way acquisition.

A concurrent approval of future consideration of funding is requested under Reference No. 2.2c.(2).

A concurrent allocation of \$4,920,000 for R/W is requested under Reference No. 2.6e.(2).

RESOLUTION:

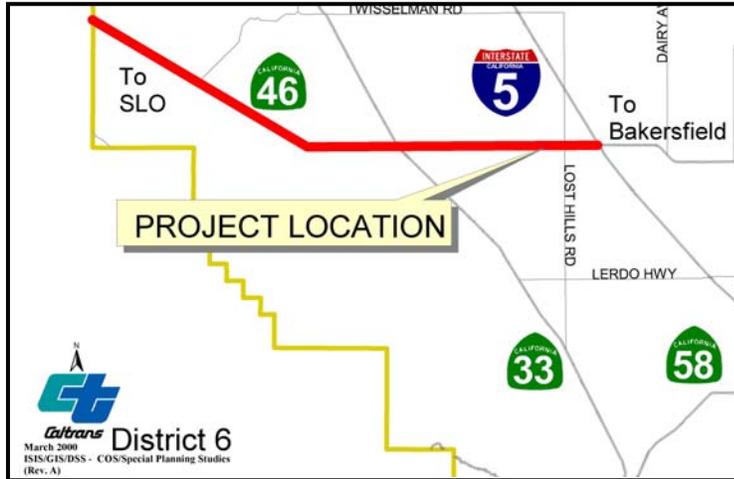

Resolved, with all conditions stipulated still in effect, the California Transportation Commission hereby revises TCRP Project #113 as follows:
