Subject: **APPROVAL OF PROJECT FOR FUTURE CONSIDERATION OF FUNDING
08-SBD-10, PM 12.3/14.1
RESOLUTION E-09-17**

RECOMMENDATION:

The Department of Transportation (Department) recommends that the California Transportation Commission (Commission), as a responsible agency, approve the attached Resolution E-09-17.

ISSUE:

The attached resolution proposes to approve for future consideration of funding the following project for which a Mitigated Negative Declaration (MND) has been completed:

- Route 10 in San Bernardino County – Reconstruct the Cherry Avenue Interchange, widen the overcrossing, and construct roadway improvements. (PPNO 0137T)

This project in San Bernardino County is to reconstruct the Cherry Avenue Interchange, widen the overcrossing, and construct roadway improvements in the city of Fontana. The project is programmed in the Trade Corridors Improvement Fund (TCIF) and the 2008 State Transportation Improvement Program, and includes local funds. Total estimated cost is \$76,900,000. Construction is estimated to begin in Fiscal Year 2011-12.

A copy of the MND has been provided to Commission staff. The project will involve construction activities resulting in community, landscape, and visual impacts that will be mitigated to less than significant levels through a pedestrian/bicycle traffic management plan, public awareness campaign, landscape and aesthetic treatments. As a result, an MND was completed for this project.

The Department has approved this project for construction. This approval and the filing of the Notice of Determination with the Office of Planning and Research will satisfy the environmental requirements for this stage of the project planning process.
