Subject: **APPROVAL OF PROJECT FOR FUTURE CONSIDERATION OF FUNDING
08-SBd-62, PM R142.19/R142.92
RESOLUTION E-09-96**

RECOMMENDATION:

The Department of Transportation (Department) recommends that the California Transportation Commission (Commission), as a responsible agency, approve the attached Resolution E-09-96.

ISSUE:

The attached resolution proposes to approve for funding the following project for which a Mitigated Negative Declaration (MND) has been completed:

- Route 62 in San Bernardino County. Replace the Colorado River Bridge and construct roadway improvements on Route 62 near the city of Earp. (PPNO 0227F)

This project will construct a non-capacity-increasing bridge to replace the existing Colorado River Bridge near the city of Earp to correct scour deficiencies. The project is fully funded in the 2008 State Highway Operation and Protection Program. Total estimated cost is \$29,627,000, capital and support. Construction is estimated to begin in Fiscal Year 2009-10.

A copy of the MND has been provided to Commission staff. The project will involve construction activities along an existing facility resulting in potential impacts to wetlands, and native vegetation that will be mitigated to less than significant levels. As a result, an MND was completed for this project.

The Department has approved this project for construction. This approval and the filing of the Notice of Determination with the Office of Planning and Research will satisfy the environmental requirements for this stage of the project planning process.
