

Memorandum

TAB 57

To: CHAIR AND COMMISSIONERS

Meeting Date: February 24-25, 2010

From: **BIMLA G. RHINEHART**
Executive Director

File: Reference No. 4.7
INFORMATION

Ref.: **DRAFT PROGRAM OF PROJECTS FOR THE FEDERAL FISCAL YEAR 2008-09
FTA SECTION 5310 ELDERLY AND DISABLED TRANSIT PROGRAM**

Under Government Code Section 14055-14055.4, the Commission is charged with the responsibility of allocating funds, establishing an appeals process and holding at least one public hearing prior to approving the Program of Projects for the Federal Transit Administration Section 5310 Elderly and Disabled Transit Program (Program).

Federal Fiscal Year (FFY) 2008-09 Program Grant Cycle

Eligible agencies submitted 86 applications for 325 projects requesting a total of \$16.1 million in Section 5310 Program funds. The current estimate of available federal funding for the FFY 2008-09 Program is \$13.1 million.

The applications were scored by the Regional Transportation Planning Agencies (RTPAs). The State Review Committee reviewed the scores, and using the program criteria adopted by the Commission, has developed a draft statewide prioritized project list.

Attached are the letter and the draft FFY 2008-09 Statewide Prioritized Project List as submitted to the RTPAs and project applicants. The draft list of projects represents 120 % (\$15.6 million) of the estimated available federal funding to allow flexibility for replacement if projects within 100% of available funding are not deliverable.

On March 10, 2010, Commission staff and the State Review Committee will hold a staff-level conference to hear any appeals by RTPAs and/or project applicants. Following the conference, the list will be revised as necessary, and Commission staff will submit the final statewide prioritized list for adoption. The Commission will hold its mandated public hearing during its April 2010 meeting to discuss the prioritized list and overall program policy. Following the hearing, the Commission may then adopt the Program of Projects (POP) for the FFY 2008-09 Elderly and Disabled Transit Program at the same meeting.

Background

The Program was established in 1975 and has been administered by the Department since its inception. It provides annual grants of federal funds to purchase transit capital equipment to meet the specialized needs of elderly and/or disabled persons for whom mass transportation services are unavailable, insufficient, or inappropriate.

The Program serves a variety of client groups and programs ranging from small agencies with specific clientele (e.g., dialysis and AIDS patients) to paratransit providers serving entire communities. Most of the agencies are non-profit organizations while some are public agencies where non-profit organizations are not readily available to provide the specialized service. An 11.47% local match is required from all Program participants.

In 1996, AB 772 passed directing the Commission to have oversight responsibilities for the Program. AB 772 placed three mandates on the Commission regarding the Program: (1) the Commission shall direct the Department on how to allocate funds for the Program, (2) the Commission shall establish an appeals process for the Program, and (3) the Commission shall hold at least one public hearing prior to approving its Program of Projects.

In January of 1997, the Commission approved the procedures for the Program, criteria used to score the projects, and a State Review Committee consisting of representatives from the State Departments of Rehabilitation, Aging, Developmental Services and Transportation, with Commission staff acting in the role of facilitator/coordinator for the State Review Committee.

In accordance with the Commission's adopted procedures, the RTPA or its designated Regional Evaluation Committee scores projects within its jurisdiction utilizing the Commission's adopted project scoring criteria and forwards a scored list of their projects to the Department. The RTPA must notify its applicants of their project scores and provide information about the local appeals process. The State Review Committee rescores the projects to verify the scores given at the regional level. In those instances where there is a sizable difference between regional and State Review Committee project scores, the Department contacts the regions and the differences are thoroughly discussed.

A statewide prioritized list of projects is then created representing at least 110% of the estimated available funds. Typically, the Commission adopts the Program of Projects down to at least the 110% funding level to allow flexibility for replacement if projects within 100% of available funding are not deliverable.

February 3, 2010

TO: REGIONAL TRANSPORTATION PLANNING AGENCIES APPLICANTS FOR THE ELDERLY AND DISABLED TRANSIT PROGRAM

The State Review Committee has verified the scored applications for the Federal Fiscal Year (FFY) 2008-09 Elderly and Disabled Transit Program (Title 49 U.S.C. Section 5310) received from the Regional Transportation Planning Agencies. Program criteria adopted by the California Transportation Commission (Commission) was used to develop the enclosed draft statewide prioritized project list. In those instances where there was a sizable difference between regional and State Review Committee project scores, the regions were contacted by the Department of Transportation (Department) and the differences thoroughly discussed. The projects have been prioritized based on the Commission's adopted procedures for prioritizing projects.

Approximately \$13.1 million in federal funding (excluding the 11.47% local share) is expected to be available. Given this estimate, projects with a State Review Committee score of 81 and above would appear to be candidates for funding; however, that will be dependent on the outcome of the staff level conference scheduled on March 10, 2010. Commission staff will recommend a level of project funding down to 120% on the Commission's final adopted list, to allow flexibility for replacement if projects within 100% of the available funding are not deliverable. The 120% funding line is a score of 70 and above.

The staff level conference scheduled on March 10, 2010 at 9:30 a.m. will be held in the Division of Mass Transportation's conference room located in the Department's Headquarters building in Sacramento, at 1120 N Street in Room 3300. The purpose of this conference is to discuss the draft statewide-prioritized project list and hear any appeals on technical issues. Only appeals based on actions that occurred at the statewide level will be considered. The appealing agency must demonstrate by using documentation from its original application that the Commission's adopted program criteria were incorrectly applied by the State Review Committee.

Agencies planning to make a technical appeal, must call the Department at their toll free number (888) 472-6816 to schedule a speaking time. Each agency will be allowed a maximum of 10 minutes for their appeal. The appeal must also be submitted in writing, and can be brought to the staff-level conference; faxed; or mailed to the following address:

State Review Committee - Section 5310
C/O Department of Transportation
1120 N Street, Room 3300 - MS 39
Sacramento, CA 95814
Attention: Ms. Cindy Chiaverini

FAX: 916-654-9366

After the conference, the State Review Committee will revise the list as necessary, and Commission staff will submit the final statewide-prioritized list for adoption. The Commission will hold its mandated public hearing during its April 2010 meeting to discuss the prioritized list and overall program policy. Following the hearing, the Commission may adopt the Program of Projects (POP) for the FFY 2008-09 Elderly and Disabled Transit Program at the same meeting.

Sincerely,

JUAN GUZMAN
California Transportation Commission

Enclosure
