**Ref:** PROPOSITION 1B STATE-LOCAL PARTNERSHIP PROGRAM  
Revision of 2008-09 and 2009-10 Formula Program Projects  
RESOLUTION SLP1B-P-0910-03

## **ISSUE:**

Under the Commission's Proposition 1B State-Local Partnership Program (SLPP) Guidelines for 2009-10, adopted in July 2009, project applications were due August 15, 2009, with initial adoption of the 2009-10 program to occur no later than October 2009. The initial 2009-10 Formula program was adopted at the September 2009 Commission meeting. The Town of Truckee and the City of El Cerrito are adding funds to their 2009-10 annual projects by deleting their 2008-09 projects and programming the 2008-09 formula funds in 2009-10, as is allowed by statute. Both of these agencies have annual pavement rehabilitation projects that are not significantly different from 2008-09 to 2009-10. They were not able to receive allocations of the 2008-09 funds and went ahead with their projects using local funds. Moving the funds to 2009-10 will allow them to utilize the funds on the current year projects.

## **RECOMMENDATION:**

Staff recommends the California Transportation Commission (Commission) adopt the changes to the 2009-10 and 2008-09 formula program of projects for these two agencies in accordance with the attached resolution and lists of projects.

## **BACKGROUND:**

The Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006, approved by the voters as Proposition 1B on November 7, 2006, authorized \$1 billion to be deposited in the State-Local Partnership Program Account to be available, upon appropriation by the Legislature, for allocation by the California Transportation Commission over a five-year period to eligible transportation projects nominated by an applicant transportation agency.

In 2008, the Legislature enacted implementing legislation (AB 268) to add Article 11 (commencing with Section 8879.66) to Chapter 12.491 of Division 1 of Title 2 of the Government Code. This defines the program, eligibility of applicants, projects and matching funds.

**RESOLUTION SLP1B-P-0910-03**

- 1.1 WHEREAS the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006, approved by the voters as Proposition 1B on November 7, 2006, includes \$1 billion for the State-Local Partnership Program (SLPP) to fund transportation capital improvement projects; and
- 1.2 WHEREAS the Bond Act provides that SLPP funds are available, upon appropriation by the Legislature, to Transportation Agencies, as allocated by the California Transportation Commission (Commission); and
- 1.3 WHEREAS the SLPP is subject to the provisions of Article 11 of the Government Code, Sections 8879.66 through 8879.76, as enacted in implementing legislation in 2008 (AB268) designating the Commission the administrative agency responsible for programming SLPP and the agency authorized to adopt guidelines for the program; and
- 1.4 WHEREAS the funds available in the SLPP account shall be made available for allocation by the Commission over a period of five years, with \$200 million appropriated by the Legislature for the first and second cycles in Fiscal Years (FY) 2008-09 and 2009-10; and
- 1.5 WHEREAS ninety-five percent of the funds shall be available to be distributed by formula and five percent shall be available to be distributed through a competitive grant application process (as specified in Sections 8879.72 and 8879.73 of the Government Code); and
- 1.6 WHEREAS the Commission adopted SLPP Guidelines for 2008-09 on December 11, 2008 and for 2009-10 on July 8, 2009, that identified the Commission's policy and expectations for the SLPP, including program development timelines and requirements for project nomination; and
- 1.7 WHEREAS the Commission received amendment requests for the 2008-09 and 2009-10 formula programs; and
- 1.8 WHEREAS any funds that are not programmed remain available for later programming in future Cycles.

- 2.1 NOW THEREFORE, BE IT RESOLVED that the Commission adopts the attached revised lists of projects for the 2008-09 and 2009-10 formula portions of the State-Local Partnership Program (attached), and
- 2.2 BE IT FURTHER RESOLVED that a project's approved SLPP funding is to be considered a "not to exceed amount" and that any increase in project cost is the responsibility of the nominating agency, and
- 2.3 BE IT FURTHER RESOLVED that the implementing agency will submit semiannual reports on the activities and progress made toward implementation of the project, and, within six months of the project becoming operable, a final delivery report on the scope of the completed project, its final costs as compared to the approved project budget, its duration as compared to the original project schedule and performance outcomes derived from the project, and
- 2.4 BE IT FURTHER RESOLVED that the Department of Transportation will ensure that project expenditures and outcomes are audited. For each SLPP project, the Commission expects the Department to provide a semi-final audit report within 6 months after the final delivery report and a final audit report within 12 months after the final delivery report.
