Subject: **APPROVAL OF PROJECT FOR FUTURE CONSIDERATION OF FUNDING
12-ORA-91, PM 0.9/5.4
RESOLUTION E-10-75**

RECOMMENDATION:

The California Department of Transportation (Department) recommends that the California Transportation Commission (Commission), as a responsible agency, approve the attached Resolution E-10-75.

ISSUE:

The attached resolution proposes to approve for future consideration of funding the following project for which a Mitigated Negative Declaration (MND) has been completed:

- Route 91 in Orange County. Construct an additional westbound lane on Route 91 from Route 57 to Route 5 near the cities of Anaheim and Fullerton. (PPNO 4516A)

This project in Orange County will construct an additional westbound lane from Route 57 to Route 5 in the cities of Anaheim and Fullerton. The project is programmed in the Trade Corridors Improvement Fund and includes local funds. Construction is estimated to begin in Fiscal Year 2012-13. Total estimated project cost is \$73,400,000 for capital and support. The scope as described for the preferred alternative is consistent with the project scope set forth in the proposed project baseline agreement.

A copy of the MND has been provided to Commission staff. The project will involve construction activities that will result in an increase in storm water runoff with potential impacts to water quality. The project will also involve several commercial relocations. As a result, an MND was completed for this project.
