Reference No.: 2.1c.(1i)  
Action Item

Subject: **CMIA PROGRAM AMENDMENT**  
**RESOLUTION CMIA-PA-1011-009**

## **RECOMMENDATION:**

The California Department of Transportation (Department) recommends that the California Transportation Commission (Commission) amend the Corridor Mobility Improvement Account (CMIA) baseline agreement for Segment 2 (Construct HOV Lane, from Portola to Hacienda [PPNO 0112D]) of the Eastbound I-580 HOV Lane project in Alameda County.

## **ISSUE:**

The Department and the Alameda County Congestion Management Agency (ACCMA) propose to amend the CMIA baseline agreement for Segment 2 (Construct HOV Lane, from Portola to Hacienda [PPNO 0112D]) of the Eastbound I-580 HOV Lane project to update the project delivery schedule.

## **BACKGROUND:**

Segment 2 was advertised in January 2009. The bid opening was postponed multiple times as the Proposition 1B funding was suspended due to financial constraints of the State. Bids opened in June 2009 and the construction started in July 2009. Even with five month delay in starting construction, it is anticipated that the construction will be completed as per the baseline.

The purpose of this amendment is to update the delivery schedule of Segment 2 of the Eastbound I-580 HOV lane project as shown in the following table.

<b>Milestone</b>	<b>Baseline</b>	<b>Proposed</b>
Begin Construction	Feb. 2009	July 2009
End Construction	Dec. 2011	No Change
Begin Closeout	Jan. 2012	No Change
End Closeout	Oct. 2012	No change.

The Metropolitan Transportation Commission concurs with these changes.

**RESOLUTION CMIA-PA-1011-009**

Be it Resolved, that the California Transportation Commission does hereby amend the Corridor Mobility Improvement Account baseline agreement for Segment 2 (Construct HOV Lane, from Portola to Hacienda [PPNO 0112D]) of the Eastbound I-580 HOV Lane project with the information described above.
