Information

Ref: 2010-11 State-Local Partnership Competitive Program

SUMMARY:

Proposition 1B, passed in November 2006, authorized \$1 billion for the State-Local Partnership Program (SLPP). The program is divided into two sub-programs – a formula program to match local sales tax, property tax and/or bridge tolls (95%) and a competitive program to match local uniform developer fees (5%).

The California Transportation Commission (Commission) adopted SLPP Guidelines for 2010-11 in April 2010, with the expectation that these guidelines will remain in effect through the end of the program. The competitive amount available for programming in 2010-11 totals \$10.8 million (including \$1 million that became available from an earlier year). As shown on the attached list, 28 applications have been received, requesting a total of \$16,830,000 in SLPP funds. These applications will be reviewed by Commission and Department staff, and programming recommendations will be brought back for action at the Commission's November 2010 meeting.

BACKGROUND:

The Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006, approved by the voters as Proposition 1B on November 7, 2006, authorized \$1 billion to be deposited in the State-Local Partnership Program Account to be available, upon appropriation by the Legislature, for allocation by the Commission over a five-year period to eligible transportation projects nominated by an applicant transportation agency.

In 2008, the Legislature enacted implementing legislation (AB 268) to add Article 11 (commencing with Section 8879.66) to Chapter 12.491 of Division 1 of Title 2 of the Government Code. This defines the program, eligibility of applicants, projects and matching funds.
