Subject: **APPROVAL OF PROJECT FOR FUTURE CONSIDERATION OF FUNDING  
06-KIN-41, PM R37.5/R38.1  
RESOLUTION E-10-91**

## **RECOMMENDATION:**

The California Department of Transportation (Department) recommends that the California Transportation Commission (Commission), as a responsible agency, approve the attached Resolution E-10-91.

## **ISSUE:**

The attached resolution proposes to approve for future consideration of funding the following project for which a Mitigated Negative Declaration (MND) has been completed:

- Route 41 in Kings County. Construct roadway improvements including left turn lanes in both directions on Route 41 near the city of Lemoore. (PPNO 6456)

This project in Kings County will construct left turn lanes in both the northbound and southbound directions on Route 41 near the city of Lemoore. The project is programmed in the 2010 State Highway Operation and Protection Program. Construction is estimated to begin in Fiscal Year 2011-12. Total estimated project cost is \$2,753,000 for capital and support. The scope as described for the preferred alternative is consistent with the project scope programmed by the Commission in the 2010 State Highway Operation and Protection Program.

A copy of the MND has been provided to Commission staff. The project will require construction activities in the habitat of the Tipton kangaroo rat and the San Joaquin kit fox, both of which are state and federally listed threatened and endangered species. The project contains mitigation measures to reduce impacts to these species to a less than significant level. As a result, an MND was completed for this project.
