RESOLUTION E-11-03

## RECOMMENDATION:

The California Department of Transportation recommends that the California Transportation Commission (Commission), as a responsible agency, approve the attached Resolution E-11-03.

## ISSUE:

The attached resolution proposes to approve for future consideration of funding the following project for which a Negative Declaration (ND) has been completed:

- Route 880 in Alameda County. Extend southbound High Occupancy Lane (HOV) portion of Route 880 in the cities of San Leandro and Oakland. (PPNO 0036F)

This project in Alameda County will extend the existing southbound HOV lane from south of the Marina Boulevard Overcrossing in the city of San Leandro to Hegenberger Road in the city of Oakland. The project is programmed in the Corridor Mobility Improvement Account and includes federal and local funds. Construction is estimated to begin in Fiscal Year 2011-12. Total estimated project cost is \$108,000,000 for capital and support. The scope as described for the preferred alternative is consistent with the project scope set forth in the proposed project baseline agreement.

A copy of the ND has been provided to Commission staff. The project will result in no significant impacts to the environment. Avoidance and minimization measures would reduce any potential effects on water quality, hazardous waste and materials, air quality, noise, wetlands and other waters, and threatened and endangered species. As a result, an ND was completed for this project.
