Subject: **STIP AMENDMENT 10S-037**

SUMMARY:

The California Department of Transportation will request that the California Transportation Commission (Commission) approve the requested State Transportation Improvement Program (STIP) amendment at the next scheduled Commission meeting following the notice period.

ISSUE:

The Transportation Authority of Marin (TAM) proposes to amend the 2010 STIP to reprogram \$1,823,000 in Regional Improvement Program (RIP) funds for construction from Fiscal Year (FY) 2011-12 to FY 2012-13 for the Marin Bus Stop Improvements project (PPNO 2128A) in Marin County.

BACKGROUND:

This project will construct various bus stop improvements, including enhanced shelters, accessible pathways, bicycle and other passenger amenities in the city of Novato in Marin County.

STIP guidelines do not permit delays and deletions in the delivery year. Currently \$100,000 in RIP funds are programmed to right of way (R/W) in FY 10-11. Since no acquisitions are no longer needed now, TAM is proposing to allow these R/W funds to lapse.

Due to various delays encountered during the design phase and delays in getting allocations for pre-construction phases, project delivery will be delayed by one year. Therefore, TAM is proposing to reprogram \$1,823,000 in RIP construction funds from FY 2011-12 to 2012-13.

The Metropolitan Transportation Commission (MTC) concurs with these changes as described above and listed in the following table.
