

Memorandum

To: CHAIR AND COMMISSIONERS
CALIFORNIA TRANSPORTATION COMMISSION

CTC Meeting: June 22-23, 2011

Reference No.: 2.1a.(6)
Action Item

From: NORMA ORTEGA
Chief Financial Officer

Prepared by: Rachel Falsetti
Division Chief
Transportation Programming

Subject: **STIP AMENDMENT 10S-032**

RECOMMENDATION:

The California Department of Transportation (Department) recommends the California Transportation Commission (Commission) approve the requested State Transportation Improvement Program (STIP) amendment. The amendment was noticed at the May 2011 Commission meeting.

ISSUE:

Siskiyou County (County) proposes to amend the 2010 STIP as follows:

- Ash Creek Bridge Project (PPNO 2302) - Delete \$2,000 of Regional Improvement Program (RIP) Right of Way (R/W) for Fiscal Year (FY) 2011-12 and \$220,000 construction (CON) FY 11-2012.
- Bridge Preventative Maintenance Program (PPNO 2479) - Revise the title to "Bridge Preventative Maintenance Program Phase 1" Project.
- Bridge Preventative Maintenance Program Phase 2 Project (PPNO 2504) - Program \$222,000 to RIP CON FY 2011-12.

BACKGROUND:

The Ash Creek Bridge project (PPNO 2302), as part of the Federal Highway Bridge Program (HBP), is currently programmed in the 2010 STIP as matching funds to the HBP for \$2,000 on R/W and \$220,000 on CON in FY 2011-12. This project is now being delivered using Toll Credits as the match, creating \$222,000 in RIP programming capacity, available for reprogramming.

Siskiyou County's Bridge Preventative Maintenance Program (BPMP) Project, is also part of the HBP and is programmed in the 2010 STIP as matching funds to the HBP, although it is not eligible for Toll Credits. It is currently programmed for \$103,000 RIP CON in FY 2010-11, which includes the rehabilitation of 30 bridges. The initial estimate for the BPMP project was completed several years ago however, in March 2011, Siskiyou County hired a consultant to inspect and quantify work to be done on those bridges. Current estimates show a significant increase in cost and will require the project to be done in phases. Siskiyou County proposes to amend the BPMP to BPMP Phase 1 Project (PPNO 2479) which will fund approximately 10 of the bridges. Siskiyou County also proposes to program a second phase, BPMP Phase 2 Project (PPNO 2504), for \$222,000 RIP on construction in FY 2011-12, also as matching funds to the HBP. This will not only preserve the remaining bridge structures that are structurally deficient or functionally obsolete, it will further maximize the use of available federal funding.

RESOLUTION:

Be it Resolved, that the California Transportation Commission does hereby amend the 2010 State Transportation Improvement Program for the Ash Creek Bridge Project (PPNO 2302), the Bridge Preventative Maintenance Program Project (PPNO 2479) and the Bridge Preventative Maintenance Program Phase 2 Project (PPNO 2504), as described above and reflected in the funding tables below.

REVISES

Ash Creek Bridge Project (PPNO 2302)

County	District	PPNO	EA	Element	Const. Year	PM Back	PM Ahead	Route/Corridor					
Siskiyou	2	2302	455654	LA	2011-12
