

Memorandum

To: CHAIR AND COMMISSIONERS

CTC Meeting: September 15, 2011

Reference No.: 4.4
Information

From: BIMLA G. RHINEHART
Executive Director

Subject: **2011-12 State-Local Partnership Competitive Program**

ISSUE:

Proposition 1B, passed in November 2006, authorized \$1 billion for the State-Local Partnership Program (SLPP). The program is divided into two sub-programs – a formula program to match local sales tax, property tax and/or bridge tolls (95%), and a competitive program to match local uniform developer fees (5%).

The California Transportation Commission (Commission) adopted SLPP Guidelines for 2010-11 through 2012-13 in April 2010. The competitive amount available for programming in 2011-12 totals \$11.155 million (including \$1.355 million that became available as previously programmed projects dropped out). As shown on the attached list, 33 applications have been received, requesting a total of \$21.49 million in SLPP funds. These applications will be reviewed by Commission and Department staff, and programming recommendations will be brought back for action at the Commission's October 2011 meeting.

BACKGROUND

The Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006, approved by the voters as Proposition 1B on November 7, 2006, authorized \$1 billion to be deposited in the State-Local Partnership Program Account to be available, upon appropriation by the Legislature, for allocation by the Commission over a five-year period to eligible transportation projects nominated by an applicant transportation agency.

In 2008, the Legislature enacted implementing legislation (AB 268) to add Article 11 (commencing with Section 8879.66) to Chapter 12.491 of Division 1 of Title 2 of the Government Code. This defines the program, eligibility of applicants, projects and matching funds.
