Ref: **MONTHLY REPORT ON PROJECTS AMENDED INTO THE SHOPP BY DEPARTMENT ACTION**

In each even numbered year, the Department of Transportation (Department) prepares a four year State Highway Operation and Protection Program (SHOPP) defining major capital improvements necessary to preserve and protect the state highway system. Periodically the Department amends the SHOPP to address newly identified needs prior to the next programming cycle. This report identifies those projects and also identifies new non-programmed SHOPP projects on which the Department plans to begin project development work.
