Subject: **FINANCIAL ALLOCATION FOR LOCALLY-ADMINISTERED STIP TRANSPORTATION
ENHANCEMENT PROJECTS
RESOLUTION FP-06-77**

CTC ACTION UPDATE: The California Transportation Commission approved \$302,000 for two locally-administered STIP TE projects, as described on the attached vote list and in accordance with the Financial Resolution below.

RECOMMENDATION:

The Department of Transportation (Department) recommends the California Transportation Commission (Commission) direct Siskiyou County to use Transportation Enhancement (TE) Reserve funds programmed in an outer year to fund the current cost increase for the Plans, Specifications, and Estimate (PS&E) phase of the Lake Siskiyou Trail project. Moreover, the Department does not recommend the allocation for the Sugar Pine Railroad Trail project in Tuolumne County. In both cases, the requested action is not consistent with current STIP Guidelines.

ISSUE:

STIP Guidelines, Section III, paragraph 15, states “The Commission will program a project component only if it finds the component itself is fully funded...” The action requested by Siskiyou County (moving \$90,000 from Construction to PS&E) for the Lake Siskiyou Trail project would create an un-funded (not fully funded) phase (Construction) in the STIP. Siskiyou County has TE reserves programmed in FY 2009-2010 that could be used to cover the cost increase in PS&E, so the programmed amount for construction can remain whole.

STIP Guidelines, Section X, paragraph 65, states that the Commission will not amend the STIP to delete or change the program year of the funding for any project component programmed in the current fiscal year or earlier except to reprogram mitigation work or reprogram for corridor projects. The action requested by Tuolumne County for the Sugar Pine Railroad Trail project would eliminate all construction funds currently programmed for the project.

FINANCIAL RESOLUTION:

Resolved, that **\$302,000** be allocated from Non-Budget Act Item 2660-601-3093 and Budget Act item 2660-101-0890, for **two** locally-administered STIP TE projects, as described on the attached vote list.
