Subject: **ADOPTION OF THE FEDERAL FISCAL YEAR 2010-11 PROGRAM OF PROJECTS FOR THE FTA SECTION 5310 ELDERLY AND DISABLED TRANSIT PROGRAM RESOLUTION G-11-09**

ISSUE

Under Government Code Section 14055-14055.4, the Commission is responsible for allocating funds for the Federal Transit Administration (FTA) Section 5310 Elderly and Disabled Transit Program (Program), establishing an appeals process and holding at least one public hearing prior to approving the annual program of projects.

RECOMMENDATION

Staff recommends that the Commission adopt the program of projects for the FTA Section 5310 Program, including changes that are recommended during the preceding public hearing.

The attached final Federal Fiscal Year (FFY) 2010-11 Statewide Prioritized Project List includes the projects in the draft list presented at the August 2011 Commission meeting, and incorporates changes based on the review of the information and testimony received at the August 31, 2011 staff-level conference held to hear the seven appeals received by the State Review Committee.

Adoption of the Program also authorizes the Department to fund projects, listed in priority order, down to the \$25.9 million level of federal funding estimated to be available for the FFY 2010-11.

Federal Fiscal Year 2010-11 Program Grant Cycle

The \$25.9 million estimated to be available for FFY 2010-11 includes the 11.47% match.

[Note: historically, Program participants have been required to use their own funds to provide a local match, in this cycle however, the match will be funded with federal toll credits].

For this cycle, 133 applications were submitted for 626 projects requesting a total of \$35.1 million in Section 5310 Program funds. In accordance with the Commission's adopted procedures, the applications are first scored by the Regional Transportation Planning Agencies (RTPAs). The RTPA must notify its applicants of their project scores and provide information about the local appeals process. The RTPA forwards a scored list of their projects to the Department.

The State Review Committee (SRC) reviews the applications to verify scoring given by RTPAs. In those instances where there is a sizable difference between regional and SRC project scores, the State Review Committee contacts the regions and discusses the differences in scoring.

Seven appeals were received by the SRC. As statutorily mandated, the Commission has established an appeals process that requires holding a staff-level conference (a public meeting for staff to hear appeals by 5310 applicants). Commission staff facilitated the required staff-level conference held on August 31, 2011 to hear the seven appeals.

The attached final FFY 2010-11 Statewide Prioritized Project List is comprised of the draft prioritized project list presented at the August 2011 Commission meeting, and incorporates changes made as a result of the information and testimony received at the staff-level conference.

The final list shows that \$31,080,000 represents 120% of the estimated available federal funding. The list also serves to clarify the relative sequence of funding for projects as well as offer a ready source of additional projects if projects within 100% are not deliverable or if additional funds above the original estimated amount become available.

BACKGROUND

The Program was established in 1975 and has been administered by the Department since its inception. It provides annual grants of federal funds to purchase transit capital equipment to meet the specialized needs of elderly and/or disabled persons for whom mass transportation services are unavailable, insufficient, or inappropriate.

The Program serves a variety of client groups and programs ranging from small agencies with specific clientele (e.g., dialysis and AIDS patients) to paratransit providers serving entire communities. Most of the agencies are non-profit organizations while some are public agencies where non-profit organizations are not readily available to provide the specialized service. An 11.47% local match is required from all Program participants.

In 1996, AB 772 passed directing the Commission to have oversight responsibilities for the Program. AB 772 placed three mandates on the Commission regarding the Program: (1) the Commission shall direct the Department on how to allocate funds for the Program, (2) the Commission shall establish an appeals process for the Program, and (3) the Commission shall hold at least one public hearing prior to approving its Program of Projects.

In January of 1997, the Commission approved the procedures for the Program, criteria used to score the projects, and formed a State Review Committee consisting of representatives from the State Departments of Rehabilitation, Aging, Developmental Services and Transportation, with Commission staff acting in the role of facilitator/coordinator for the State Review Committee.

**ADOPTION OF FEDERAL FY 2010-11
ELDERLY AND DISABLED TRANSIT PROGRAM**

Resolution G-11-09

- 1.1 WHEREAS, Federal law (Title 49 U.S.C. Section 5310) provides for capital grants for the purpose of assisting private non-profit corporations and under certain circumstances, public agencies in providing transportation services to meet the needs of elderly persons and persons with disabilities for whom public mass transportation services are otherwise **unavailable, insufficient, or inappropriate**; and
- 1.2 WHEREAS, State law, AB 772 (Chapter 669, Statutes of 1996), placed three mandates on the Commission regarding the Program as follows:
1. The Commission shall direct the Department on how to allocate funds for the Program.
 2. The Commission shall establish an appeals process for the Program.
 3. The Commission shall hold at least one public hearing prior to approving its Program of Projects; and
- 1.3 WHEREAS, the Commission worked with a 15-member advisory committee made up of individuals from the Regional Transportation Agencies, state and local social service agencies, the California Association for Coordinated Transportation, the Department and Commission staff, to develop a Program process that will provide for a statewide ranked list of projects to be adopted by the Commission and funded by the Department; and
- 1.4 WHEREAS, the Commission adopted a process utilizing project scoring criteria and a State Review Committee consisting of representatives from the State Departments of Rehabilitation, Developmental Services, Aging and Transportation, with Commission staff acting in the role of facilitator/coordinator for the state committee; and
- 1.5 WHEREAS, the Commission's adopted Program process has been complied with and the public hearing has been held.
- 2.1 NOW THEREFORE BE IT RESOLVED, that the Commission adopts the attached list of projects, as recommended by Commission staff, as the Federal FY 2010-11 FTA Section 5310 Elderly and Disabled Transit Program; and
- 2.2 BE IT FURTHER RESOLVED that in adopting the list, the Commission hereby directs the Department to allocate funds for projects on that list down to the level of actual available funding, pursuant to California Government Code Section 14055.2(b).
