

# Memorandum

To: CHAIR AND COMMISSIONERS  
CALIFORNIA TRANSPORTATION COMMISSION

CTC Meeting: May 7, 2013

Reference No.: 2.1b.(9)  
Information Item

From: NORMA ORTEGA  
Chief Financial Officer

Prepared by: Rachel Falsetti  
Division Chief  
Transportation Programming

Subject: **STIP AMENDMENT 12S-030**

## **SUMMARY:**

The California Department of Transportation (Department) will request that the California Transportation Commission (Commission) approve the requested State Transportation Improvement Program (STIP) amendment at the next scheduled Commission meeting following the notice period.

## **ISSUE:**

The Department proposes to amend the 2012 STIP to delete the Oakley to Port Chicago Double Track (Segment 3-2, Phase 2) project (PPNO 2099) and program a new project; Stockton to Escalon Double Track (Segment 3) project (PPNO 2030A) in San Joaquin County. When it was originally programmed, the Oakley to Port Chicago project was mistakenly indentified as Segment 3.

## **BACKGROUND:**

The project scope of Oakley to Port Chicago (Segment 2, Phase 2) project consists of constructing one mile of double track, including bridges, track, grade crossing and signal work. This contract is one of the four segments to be constructed in that corridor. Currently \$20,500,000 in Interregional Improvement Program (IIP) funds is programmed to construction of Segment 2, Phase 2 in Fiscal Year (FY) 2013-14.

Improvements for both the Stockton to Escalon and the Oakley to Port Chicago projects are among the five highest priority projects that are necessary to increase the intercity passenger rail service on the San Joaquin Corridor. However, the current planning for the California High Speed Rail Blended System has resulted in elevating the priority of the Stockton to Escalon project over that of the Oakley-Port Chicago project. The programmed \$20,500,000 IIP funds will fully fund the construction of Segment 3 of the Stockton to Escalon Double Track project.

Therefore, the Department is requesting to delete \$20,5000 IIP funds from the Oakley to Port Chicago (Segment 2, Phase 2) project and reprogram these funds to Segment 3 of the Stockton to Escalon Double Track project (PPNO 2030A). No replacement funding for of the Oakley to Port Chicago (Segment 2, Phase 2) project has been indentified at this time

The above described changes are tabulated on the following page.

**DELETE:**

**Oakley-Port Chicago Double Track (Segment 3-2, Phase 2) project (PPNO 2099)**

County	District	PPNO	EA	Element	Const. Year	PM Back	PM Ahead	Route/Corridor
