Dear Mr. Johnson and Ms. Changchien:

The California Department of Transportation (Caltrans) is submitting the State of California's 2023 Federal Statewide Transportation Improvement Program (FSTIP) for your joint approval. The FSTIP was developed in accordance with Section 450.218 of Title 23 Code of Federal Regulations (CFR) and covers four years, federal fiscal years 2023 through 2026. The 2023 FSTIP incorporates by reference projects listed in the Metropolitan Planning Organizations (MPOs) 2023 Federal Transportation Improvement Programs (FTIPs) and includes projects in the rural non-MPO areas of the state. The 2023 FSTIP includes a total revenue estimate of \$78 billion that comes from federal, state, local, and other sources.

I certify that Caltrans developed the 2023 FSTIP in accordance with the applicable requirements of the federal transportation statutes. Additionally, Caltrans has reviewed and agrees with the regional air quality conformity analyses prepared by the MPOs, which correspond with the 2023 FTIPs. Under the authority delegated to me by the Governor of California, I approve the inclusion of the MPOs' 2023 FTIPs and projects from rural non-MPO counties into the 2023 FSTIP. The 2023 FSTIP and its amendments will be transmitted for FHWA's and FTA's review and approval through the California Transportation Improvement Program System (CTIPS) database.

I want to thank you and your staff for your support, guidance, and assistance during the development of the 2023 FSTIP.

Mr. Antonio Johnson and Ms. Amy Changchien
