

CLEAN CALIFORNIA

Calaveras Co. Gateway & Wayfinding Project

IMPROVEMENTS

PROJECT LOCATION

PROJECT OVERVIEW

The purpose and need of the proposed elements of the project is to create a better sense of cohesiveness and connectivity throughout Calaveras County. Gateway signs are proposed for the communities of Angels Camp, Copperopolis, San Andreas, Murphys, Arnold, Valley Springs, and Mokelumne Hill.

The gateway signage and wayfinding project is the first step to create an attractive and welcoming community that visitors and residents will enjoy and recognize.

Decorative signage that welcomes visitors will create a sense of place, convey an image, and help visitors find their way.
