

PROJECT FACT SHEET

Dakota Avenue to Gates Road EA 10-1E280 (STA-132 PM 4.5/11.7)

LOCATION MAP:

PROJECT DESCRIPTION:

The California Department of Transportation (Caltrans), working in cooperation with Stanislaus County, proposes to construct an access-controlled facility within the western-central portion of Stanislaus County, from Gates Road/Paradise Road to Dakota Avenue (post miles 4.5 to 11.7), 2 miles west of the City of Modesto. This project (State Route 132 Dakota Avenue to Gates Road) would be an extension of the State Route 132 West project that is being designed on a new alignment in the City of Modesto. Four build alternatives are under consideration, on either the existing State Route 132 alignment or a new alignment.

PURPOSE AND NEED:

The project would improve mobility through western Stanislaus County, connecting State Route 99 to Interstate 5, provide adequate capacity for regional movement of traffic and goods, and enhance the local circulation network that would accommodate agriculture-generated traffic. The project would also provide consistency within the existing and planned local, regional, and interregional transportation facilities. The project is needed to accommodate increasing growth and traffic demands that have generated current and forecasted traffic operations deficiencies for the existing facility. In addition, several rural driveways along the existing facility create conflicting movements for the mainline traffic.

FUNDING SOURCE:

Various sources will provide funding for the project: Public Facility Fee Program, Stanislaus County Measure L ½ Cent Transportation Sales Tax, State Transportation Improvement Program, SB 1 Trade Corridor Enhancement Program, and federal transportation programs.

PROJECT COST/PROGRAMMED:

Programed Project Cost:

Project Phase	Capital \$	Support \$
Project Approval &	\$0	\$6,000,000
Plans, Specifications, &	\$0	\$12,000,000
Right of Way	\$5,000,000/\$10,000,000	\$4,000,000
Construction	\$89,000,000/\$120,000,000	\$20,000,000

CURRENT SCHEDULE:

	Date:
Project Study Report (M010)	Summer 2015
Project Approval & Environmental Document	Summer 2022
Right of Way Certification (M410)	Winter 2024
Ready-to-List (M460)	Winter 2024
Approved Construction Contract (M500)	Summer 2025
Project Completion (M600)	Summer 2027

PROJECT STATUS:

- Permits to Enter are being processed
- Environmental studies have started
- Traffic studies are underway
- Public Scoping Meeting was held on October 10, 2018
