     o Michelle updated us on Stantec and Bargas’ pairing. They are still six months out. Both firms are meeting and moving along but need more time.
     o Gina mentioned that protégé firm, Neer & Veethi has been interested in pairing with a mentor firm. Gina said she will reach out to PSOMAS and NV5 on their behalf.

  ➢ Luis Robles booked Diana Gomez from California High Speed Rail and is working on reserving one more speaker from San Joaquin Valley Clean Transportation Center.
  ➢ Michelle is working on reserving a third speaker for the event.
  ➢ Gina asked if there should be a speaker from Caltrans. Committee agreed that it would be a good idea to have one, preferably someone actively engaged in the future of transportation. Gina will reach out to someone.
  ➢ Speakers will speak for 15 minutes each and then there will be a 20-minute Q&A session.
  ➢ It was mentioned that Luis would make a great moderator and after I spoke with him, he agreed to the task.
  ➢ Zahnab will work on the agenda and get it out to the Committee.

• Future Events
  ➢ Peak interest for mentor/protégé program.
