

PUBLIC NOTICE

California Department of Transportation, District 4: Marin City Second Culvert Project

NOTICE OF AVAILABILITY of the Draft Initial Study with Proposed Mitigated Negative Declaration (Draft IS/MND), Notice of Intent to Adopt a Mitigated Negative Declaration, Preliminary Section 4(f) Determination, and Hybrid (In-Person and Virtual) Public Meeting

WHAT'S BEING PLANNED

The California Department of Transportation (Caltrans) is proposing to construct a new drainage system, including a 6-foot-by-4-foot box culvert, to convey stormwater flows from west of U.S. Highway 101 (US 101) to Richardson Bay in Marin City. The Project would also replace damaged storm drain pipes in the US 101/Donahue Street interchange area and repair uneven pavement on US 101 within the Project area. The Project area is along US 101 from Post Mile (PM) 3.3 to 3.7 and on Donahue Street adjacent to the US 101 southbound on- and off-ramps.
